We Bring Beauty to Life!

It is with great anticipation and excitement that we bring to you our new 2024 Nursery Wholesale catalog. We are celebrating our 40th anniversary, so the catalog includes some memories from the past along with being the perfect guide to help bring new and innovative ideas to life in your garden and landscape projects this year. For your convenience, all items in the catalog are available on our website for landscape professionals at www.bachmanswholesale.com.

Bachman's Wholesale Nursery and Hardscapes team is **YOUR TRUSTED PARTNER!** We look forward to collaborating with you to give you the best customer experience possible. We take pride in our products and services and know you will feel confident with our knowledgeable sales staff that is here and ready to serve you. We grow and bring to you only the highest-quality products that you have come to expect from the Bachman's brand. We have greatly improved our field direct program, and we have relocated our perennials to the nursery lot for a more convenient shopping experience.

Growing is what we do. Whether in the fields, greenhouses, or our very own Bachman's team members, we are committed to growth. The MNLA Foundation supports research, promotes career development, and provides scholarships in partnership with MNLA affiliated firms. Bachman's Wholesale Nursery and Hardscapes is a collector for the MNLA Foundation by contributing $\frac{1}{4}$ of 1% of invoiced sales. If you are not currently participating, please ask any member of our sales team how to sign up. Together, we can inspire future generations to see the beauty and help continue to grow the green industry.

As always, **THANK YOU** for your business. Bachman's is here to bring beauty to life with our quality products, huge selection, and unmatched customer service. Also, watch for 40th anniversary celebrations throughout the year!

Sincerely,

Susan Bachman West
Chief Executive Officer

Cedar Acres - 2005

WAYS TO SAVE

FIELD DIRECT DISCOUNTS FOR BACHMAN'S-GROWN TREES

Field Direct savings are offered twice during the year.

- Spring Field Direct harvest occurs April through mid-June.
- Fall Field Direct harvest occurs October through mid-November.
- Both Field Direct programs require orders to be picked up or shipped in their entirety within 10 days of digging. Customers are encouraged to contact the nursery in advance by calling the sales office or by visiting our website at BachmansWholesale.com for up-to-date details on timing, current availability and other specific program parameters. Early ordering is strongly encouraged to ensure you can take full advantage of these programs.

QUANTITY DISCOUNTS FOR 2024

Container-grown Evergreens, Perennials and Shrubs

Save 10%	Save 15%
25-49	50+

Container-grown Groundcovers

(Must be purchased in full flats to receive discount)

Save 10%	Save 15%
10-19 flats	20+ flats

Container-grown Ornamental and Shade Trees

Save 10%	Save 15%
10-24	25+

B&B Evergreens, Shrubs and Ornamental and Shade Trees

Save 10%	Save 15%
10-24	25+

**Discounts are for same size and variety of plant only. Plants must be picked up or delivered at one time to receive discount. V.I.P. discounts do not apply.*

NURSERY STOCK VOLUME INCENTIVE PLAN (V.I.P.)

Earn an even larger V.I.P. discount in 2025 because ALL products purchased in 2024 including hardgoods, Field Direct nursery stock, discounted nursery stock, etc. qualify to build volume for your V.I.P. discount in 2025.

You will receive your V.I.P. discount on all purchases of regularly priced plant material including perennials, evergreens, shrubs, and trees. Discounted nursery stock, Field Direct trees, direct-shipped product, and delivery charges do not qualify for V.I.P. discounts.

Your V.I.P. discount for 2025 will be based on the following schedule and will be determined by your total purchases made in the calendar year of 2024. All terms must be met to qualify for V.I.P. discounts.

Purchases in 2024	Discount in 2025
\$10,000+	4%
\$30,000+	5%
\$50,000+	7%
\$75,000+	8%
\$100,000+	10%
\$150,000+	12%
\$250,000+	15%

DELIVERY AND PICK UP

Bachman's Wholesale Nursery takes pride in our delivery services offered to customers. We have worked hard to develop shipping lanes throughout the Upper Midwest by offering our customers a respected, 'Service First' delivery program. Let us be your trusted partner for all your delivery needs this season!

DELIVERY

- Product payments are processed prior to all scheduled deliveries. Valid payment information is required in advance of any scheduled service.
- Deliveries scheduled 36 hours in advance of desired ship date will take precedence over shorter notice requests.
- To maintain order accuracy and avoid additional fees, changes to delivery service must be communicated to Bachman's Wholesale Nursery office by 3 P.M. the day prior to the scheduled delivery. Service changes include but are not limited to time of delivery, delivery address change, product additions and/or deletions.
- Exact delivery times are estimated and not guaranteed.
- Customers will be contacted on the day of delivery with an updated ETA. To maintain routing efficiencies, it is the customers responsibility to respond to any delivery notifications.
- Proper site access is required for the scheduled delivery vehicle. Please ensure that delivery driver has safe access to unloading location.
- It is the customers responsibility to be onsite at time of product arrival, as well as having appropriate personnel and equipment needed to safely and completely unload product.
- Contact your Sales Representative in advance of any product return requests.

FLATBED & ENCLOSED TRAILER DELIVERY

- Payment for Flatbed and Enclosed Trailer delivery are processed up to 3 days ahead of scheduled arrival. Valid payment information is required in advance of any scheduled service.
- For larger orders including B&B evergreen and deciduous tree material, deliveries requiring Flatbed and Reefer/Dry Van enclosed trailers are available through Bachman's Wholesale Nursery and Hardscapes.
- Special loading and processing requirements apply depending on destination and delivery times.

CUSTOMER PICK UP

- Pick up orders scheduled 36 hours in advance of arrival time will take precedence over shorter notice requests.
- Place your orders in advance by visiting BachmansWholesale.com, by emailing NurserySales@Bachmans.com, or by contacting your sales representative.
- Please provide payment information prior to pickup.

BACHMAN'S WHOLESALE NURSERY 40TH ANNIVERSARY

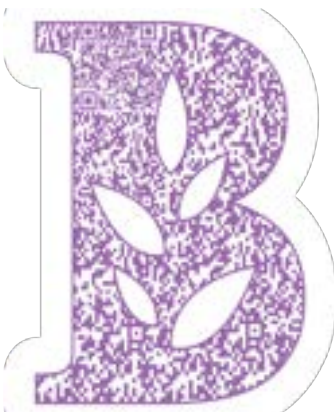

40 YEARS STRONG IN 2024

Bachman's was founded in 1885 by Henry Bachman. Today, still a family owned and operated business, Bachman's continues to offer the highest quality services and overall value to both retail and wholesale customers.

In 1984, Bachman's began a new journey when it opened the Nursery Wholesale Center to serve local landscape contractors on a wholesale basis. Located in Farmington, Minnesota, Bachman's Wholesale Nursery & Hardscapes is proud to be a premier provider of landscape plants, hardscapes product, and excellence in customer service to landscape professionals throughout the Upper Midwest. Help us celebrate our 40th year with special savings and events!

Customer Resources

Scan the QR Code to view Bachman's Wholesale Customer Resources web page.

Here you'll find links to our Wholesale Catalogs and Order Forms, Nursery Training Resources, Hardscapes Training Resources, Industry Links, and much more!

TERMS AND CONDITIONS

In an effort to maintain our highest standard of quality and customer service, we have made some updates to our ordering terms and conditions for the 2024 season.

TERMS

Terms for established accounts are net 30 days. A 1.5% per month charge on the balance owed will be charged on past due accounts. Invoice statements are mailed. Bachman's credit department can be reached at (612) 861-7670.

A 1.5% convenience fee will be charged if you pay your open charge account balance with a credit card after your net standard payment terms. Convenience fee will not be added if credit card payment is received at point of sale.

American Express, Discover, Mastercard, and Visa are accepted.

C.O.D.'s

We do not accept C.O.D. payments for deliveries. All shipments must be billed to a major credit card or your Bachman's charge account.

CONDITIONS OF SALE

This wholesale listing is offered to **licensed nurseries, dealers, and landscape contractors only**. We do not quote prices or sell to retail customers. Prices quoted herein are F.O.B. at our wholesale yard at Farmington, Minnesota.

SPECIAL ORDERS

Special Order requests across all programs are subject to availability. Bachman's Wholesale Nursery and Hardscapes will make every effort to reserve product as ordered and will notify when alternatives to variety and sizing may be needed. Special order products are subject to a non-refundable deposit dependent on product ordered.

CUSTOMER TAGGED NURSERY STOCK

Pre-tagging by customers for valid orders is allowed at Bachman's Wholesale Nursery. Please provide advanced notice of your needs and planned arrival time to help ensure a quality experience. All tagged material will be honored for two weeks after date of tagging. Please note that deposits will be required for product holds beyond the two-week timeframe. All Field Direct orders must be picked up or delivered within 10 days of notification.

RESTOCKING FEE

20% restocking fee will be charged for cancellations...

- after orders are staged for delivery or in sold bay for pick up.
- occurring after order is out for delivery.
- occurring after special ordered product has been received.
- for over-ordered returns.

SELF-SERVICE SHOPPING

Customers who choose to take advantage of our self-serve shopping option are required to check in at the front office prior to pulling and/or loading any plant material into vehicle.

PRICES

Pricing listed in this catalog is subject to change. For up to date pricing please contact our nursery or visit BachmansWholesale.com.

CLAIMS

Claims, for any cause, must be made within 5 days of the invoice. All shipments travel at purchaser's risk. Bachman's, Inc. warrants to the extent of the purchase price that nursery stock is true to name and as described within recognizable tolerance. Seller gives no other warranty, expressed or implied, and will, under no circumstances, be liable for more than the invoice value at the time of purchase. We cannot assume any warranty as to productiveness after transplanting.

Minnesota Nursery & Landscape Association

Improving the Environment by Investing in Research and Education

Research Information

You need knowledge to improve your business and operations – and in turn increase your profitability as part of our industry's aim to improve the outdoor living environment. The MNLA Foundation promises to deliver to you the research-based information and insights you need for your environmental horticulture and landscape business.

Career Development

Our industry, your business and even the environment are facing a crisis because so few young people are choosing green industry careers. The MNLA Foundation promises to deliver tools and promotion to enhance the image of nursery greenhouse, landscape, irrigation, and tree care professions.

Scholarships

The MNLA Foundation Academic Awards Scholarship Program will reward outstanding college students who have made horticulture or landscaping their career choice and, furthermore, enhance industry relationships with these students.

Research and Education Fund

Bachman's Wholesale Nursery and Hardscapes has chosen to invest in the future of our industry by serving as a collector for the MNLA Foundation Research & Education Fund.

You are encouraged to participate in this voluntary donation of $\frac{1}{4}$ of 1% (0.25%) on your purchases of plants and other nursery and landscape supplies. On an invoice totaling \$1,000 at Bachman's, your contribution will be only \$2.50. By working together through the MNLA Foundation, green industry companies can leverage resources to achieve real results by growing a larger pool of funds for career development, research information, applied research, and scholarships.

Say Yes to the Future of Your Industry

Your contributions are NOT taxed. The MNLA Foundation is a 501(c)3 non-profit, charitable organization. Donations to MNLA Foundation may be tax-deductible as a charitable contribution if made from a personal account; or may be deductible as a business expense if made from a corporate account. Contact your tax advisor for more information.

By voluntarily paying the $\frac{1}{4}$ of 1%, you have provided the MNLA Foundation with consent to recognize your company's name in the organization's year-end report. Contact cassie@mnla.biz if you do not wish your name to be listed.

40 Years and Growing at the Nursery

Seasonal Color
Annuals, Tropicals

*Bachman's Wholesale Nursery front
entrance sign being delivered for
install - 2002*

Seasonal Color

With over 8 acres of greenhouse production, Bachman's grows a wide variety of spring annuals, blooming plants, accent foliage, and holiday staples. We also partner with growers around the country to acquire unique tropical plants each spring to add that extra bit of impact in your designs.

Beautiful assortments of mums, kale, and other fall accents are available from our greenhouse in September, followed by our Winter Accents program that offers spruce top bundles and a variety of other pot fillers to support your winter design needs.

Enclosed in this catalog is our wholesale selection of seasonal color options, but availability does not stop there! Don't hesitate to reach out to your sales representative if you cannot find what you are looking for. We are here to help bring your ideas and beauty to life!

Due to the short seasonality of the seasonal color selections, advanced ordering is highly recommended.

Custom Growing:

We can accommodate many of your requests for a wide variety of greenhouse-grown product including bedding plants, hanging baskets, planters and more! We will custom grow varieties or colors you may need for specific projects. If you are interested in something special for Spring 2025, please contact us before September 1, 2024.

Grower Direct Fundraising:

We also offer a program for fundraisers and non-profits, which currently offers:

- Watch 'Em Grow Bulb Gardens
- Easter Lilies & Blooming Plants
- Spring Annuals & Perennials
- Fall Annuals
- Holiday Poinsettias & Winter Accents

GARDEN MUMS

We offer an improved line of “Bachman’s-Grown” garden mums beginning in mid-late summer. Large, custom orders should be placed by March 2024.

BULBS - Fall

For vibrant early spring color in the landscape, we will again offer a complete mix of top-grade allium, crocus, daffodil, hyacinth, and tulip bulbs for sale in Fall 2024. Bachman’s will be offering Fall Bulbs via direct ship in 2024. This change will allow for greater availability in product and more flexibility and accuracy with shipments. Minimum orders of 200 bulbs are required to take advantage of Direct Ship opportunity. Order forms will be available to our customers in June 2024.

Bachman's Fundraising

Grower-Direct Program

Trying to raise money for your school, church, or nonprofit organization? Bachman's is happy to support local organizations like yours through our grower-direct fundraising programs.

We offer Bachman's product at a discounted, grower-direct rate so that you can sell it at a higher price point in fundraising drives. You keep all the profit!

WATCH 'EM GROW® BULB GARDENS

Created by Bachman's, our Watch 'em Grow® bulb gardens are filled with a colorful combination of spring bulbs like tulips, hyacinths, daffodils, and more that burst into bloom with water and sunshine.

SPRING AND EASTER

Our Spring and Easter program offers a beautiful array of blooming plants and Bachman's-grown Easter lilies.

GARDEN ANNUALS AND PERENNIALS

Our Garden Annuals and Perennials program offers a delightful mix of annual and perennial blooming plants.

FALL

Our Fall program offers our most popular selection of garden mums, ornamental kale, and combination baskets.

HOLIDAY

Our Holiday program offers the best-selling assortment of Bachman's-grown poinsettias. As one of the top producers of poinsettias in the country, the Bachman family has been growing and selling these beautiful plants since the 1940's.

For more information, contact:
Trish Pflaum - Grower-Direct Coordinator
(612) 861-7640 / BachmansFarm@Bachmans.com
Bachmans.com/Fundraising

40 Years and Growing at the Nursery

*Old farm truck used for root
pruning - 1980's*

Perennials

Bachman's Wholesale offers nearly 500 varieties of perennials, grasses, and natives – many of which are grown throughout 12 acres dedicated to this assortment. Beyond those varieties we also have ability to source options from our vendor network. Please reach out if you are having difficulty finding a certain variety or size for your project.

Groundcovers are included in this section – if you are looking for a helpful design tool please see our Groundcover Reference Guide on the upcoming pages.

Please note that our first crop of perennials in spring is greenhouse-grown and carries some frost risk if planted too early.

Asarum, Wild Ginger

Asarum canadense

Convallaria, Lily of the Valley

Convallaria majalis

Fern, Cinnamon

Osmunda cinnamomea

Fern, Northern Maidenhair

Adiantum pedatum

Fern, Ostrich

Matteuccia struthiopteris

Galium, Sweet Woodruff

Galium odoratum

ACHILLEA (Yarrow)

Prefer moist, well-drained soil. Tolerant of dry conditions once established. Deadhead to increase bloom time. Use in meadows, perennial borders, or cottage gardens.

Moonshine

Achillea 'Moonshine'

Deeply divided gray-green foliage in mat-like clumps bears flat, lemon-yellow flowers.

H: 24" W: 24"

Shape: Mat-forming

Foliage: Gray-green

Flower: Yellow

Bloom Time: June-September

	Each	25+	50+
#698052 #1 Container	6.75	6.08	5.74

Zone 3

New Vintage™ Red

Achillea millefolium 'Balvinred' (PP25,618)

Compact and long-blooming achillea with hot pink-red flowers that do not fade.

H: 14" W: 14"

Shape: Upright

Foliage: Green

Flower: Pink-red

Bloom Time: June-September

	Each	25+	50+
#251408 #1 Container	6.25	5.63	5.31

Zone 4

Saucy Seduction

Achillea millefolium 'Saucy Seduction' (PP20,782)

Long-blooming, rosy-pink flowers have a white eye. More upright habit compared to other achillea.

H: 24" W: 30-32"

Shape: Upright

Foliage: Green

Flower: Pink

Bloom Time: June-August

	Each	25+	50+
#3651092 #1 Container	6.25	5.63	5.31

Zone 3

ACTAEA (Bugbane, Cimicifuga, Snakeroot)

Prefer moist, fertile, well-drained soil. Good plant for the woodland garden. Very fragrant flowers.

Chocoholic

Actaea racemosa 'Chocoholic' (PP24,821)

Late-season blooming perennial with light pink flowers that fade to white.

Foliage is a deep bronze-purple.

H: 48" W: 36"

Shape: Upright

Foliage: Bronze-purple

Flower: Pink-white

Bloom Time: July-September

	Each	25+	50+
#99618 #1 Container	12.55	11.30	10.67

Zone 4

AGASTACHE (Hyssop)

Prefer lean, well-drained soil. Over fertilization can create weak stems with floppy growth. Uses include herb gardens, perennial borders, or group for mass plantings. Performs and flowers best in full sun.

Blue Fortune

Zone 4

Agastache x 'Blue Fortune'

Violet-blue flowers emerge above fragrant, licorice-scented foliage. Long-blooming and pollinator friendly.

H: 36" W: 18"

Flower: Blue

Shape: Upright

Bloom Time: July-September

Foliage: Green

		Each	25+	50+
#2867623	#1 Container	7.25	6.53	6.16

AJUGA (Bugleweed)

Prefer moist, fertile, well-drained soil. Small flowers grow on spikes. Dense, mat-like growth habit. Prune runners twice a year to keep plant from spreading beyond planting area.

Black Scallop

Zone 4

Ajuga reptans 'Black Scallop' (PP15,815)

Scalloped, glossy, dark burgundy leaves have a black appearance. Deep blue flowers.

H: 4-6" W: 12-18"

Flower: Blue

Shape: Mat-forming

Bloom Time: May-June

Foliage: Burgundy

		Each	40+	80+
#2898245	6-Pak	8.55	7.70	7.27

Photo courtesy of Proven Winners

Bronze Beauty

Zone 3

Ajuga reptans 'Bronze Beauty'

Deep blue flowers with attractive bronze foliage. Forms a dense, mat-like carpet.

H: 3-6" W: 12-18"

Flower: Blue

Shape: Mat-forming

Bloom Time: May-June

Foliage: Bronze

		Each	40+	80+
#3934669	6-Pak	8.55	7.70	7.27

Burgundy Glow

Ajuga reptans 'Burgundy Glow'

Zone 3

Ovate leaves are in shades of white, pink, rose, and green. Colors intensify with shade.

H: 3-6" W: 12-18"

Flower: Blue-purple

Shape: Mat-forming

Bloom Time: May-June

Foliage: Multi-colored

	Each	40+	80+
#895529 6-Pak	8.55	7.70	7.27

ALCHEMILLA (Lady's Mantle)

Prefer moist, well-drained soil that is slightly-acidic. Good edging or groundcover plant. Requires partial shade in hot areas.

Gold Strike

Alchemilla sericata 'Gold Strike'

Zone 3

Free-flowering compact plants with bright chartreuse flowers on velvety gray-green foliage. Deer and rabbit-resistant.

H: 12" W: 20"

Flower: Chartreuse

Shape: Mounded

Bloom Time: May-June

Foliage: Gray-green

	Each	25+	50+
#3645244 #1 Container	5.45	4.91	4.63

ALLIUM (Ornamental Onion)

Prefer well-drained soil that is slightly-acidic. Use in borders or rock gardens.

Millenium

Allium 'Millenium'

Zone 4

Purple-pink flowers appear on strong stems. Compact clump of thick, glossy, green foliage. Deer and rabbit-resistant.

H: 18" W: 14"

Flower: Purple-pink

Shape: Mounded

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#4367008 #1 Container	7.55	6.80	6.42

Summer Beauty

Allium tanguticum 'Summer Beauty'

Zone 4

Green leaves have a grass-like appearance. Nodding, round, dark lavender flowers. Foliage is semi-evergreen. Deer and rabbit-resistant.

H: 15" W: 8"

Flower: Lavender

Shape: Mounded

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#2271574 #1 Container	7.55	6.80	6.42

AMSONIA (Blue Star)

Prefer rich, moist, well-drained soil, but is drought-tolerant once established. Use as an accent plant or plant in groups for mass plantings.

Blue Ice

Amsonia 'Blue Ice'

Dark lavender-blue flowers above dark green leaves that turn golden in fall.

H: 12-18" W: 12-18"

Flower: Lavender-blue

Shape: Spreading

Bloom Time: May-June

Foliage: Green

Zone 3

	Each	25+	50+
#3095711 #1 Container	7.55	6.80	6.42

ANEMONE (Windflower)

Prefer moist, rich, well-drained soil that is slightly-acidic. Plants are more vigorous with protection from afternoon sun. Use in woodland gardens where they can naturalize freely.

Robustissima

Anemone tomentosa 'Robustissima'

Lobed leaves are dark green above and gray-green below. Branched flower stems hold soft pink flowers well above the foliage. Deer and rabbit-resistant.

H: 36" W: 18"

Flower: Pink

Shape: Clump

Bloom Time: July-October

Foliage: Green

Zone 4

	Each	25+	50+
#592763 #1 Container	8.55	7.70	7.27

Snowdrop

Anemone sylvestris

Fragrant, nodding, single white flowers have yellow centers. May rebloom in early fall. Deer and rabbit-resistant.

H: 12-20" W: 12"

Flower: White

Shape: Mounded

Bloom Time: May-June

Foliage: Green

Zone 3

	Each	25+	50+
#2641322 #1 Container	10.45	9.41	8.88

AQUILEGIA (Columbine)

Prefer moist, rich, well-drained soil. Many varieties reseed freely. Distinguished by leaflets arranged in groups of two or three and unique spurred flowers. Use as an accent or mass planting in shade and wildlife gardens.

Photo courtesy of Growing Colors

Earlybird™ Blue White

Zone 3

Aquilegia x hybrida 'Earlybird Blue White'

Vibrant, two-toned blue flowers with white centers emerge above green, lacy foliage that is low and mounding. Deer and rabbit-resistant. Long-blooming.

H: 10" W: 10"

Flower: Blue/white

Shape: Mounded

Bloom Time: May-June

Foliage: Green

		Each	25+	50+
#352168	#1 Container	5.55	5.00	4.72

Photo courtesy of Growing Colors

Earlybird™ Purple Yellow

Zone 3

Aquilegia x hybrida 'Earlybird Purple Yellow'

Beautiful, two-toned purple flowers with yellow centers emerge above green, lacy foliage that is low and mounding. Deer and rabbit-resistant. Long-blooming.

H: 10" W: 10"

Flower: Purple/yellow

Shape: Mounded

Bloom Time: May-June

Foliage: Green

		Each	25+	50+
#352164	#1 Container	5.55	5.00	4.72

Photo courtesy of Growing Colors

Earlybird™ Red Yellow

Zone 3

Aquilegia x hybrida 'Earlybird Red Yellow'

Vivid red flowers with yellow centers emerge above green foliage that is low and mounding. Blooms from late spring to early summer. Deer and rabbit-resistant.

H: 10" W: 10"

Flower: Red/yellow

Shape: Mounded

Bloom Time: May-June

Foliage: Green

		Each	25+	50+
#325542	#1 Container	5.55	5.00	4.72

Photo courtesy of Growing Colors

Earlybird™ Yellow

Zone 3

Aquilegia x hybrida 'Earlybird Yellow'

Showy, long-blooming yellow flowers emerge above low mounding, green, lacy foliage. Deer and rabbit-resistant.

H: 10" W: 10"

Flower: Yellow

Shape: Mounded

Bloom Time: May-June

Foliage: Green

		Each	25+	50+
#352166	#1 Container	5.55	5.00	4.72

Swan Pink & Yellow

Aquilegia x hybrida 'Swan Pink & Yellow'

Unique two toned pastel flowers with pink outer and yellow center petals. One of the earliest flowering columbines.

H: 20" W: 14"

Shape: Mounded

Foliage: Green

Flower: Pink/yellow

Bloom Time: May-June

	Each	25+	50+
#3056736 #1 Container	6.55	5.90	5.57

Zone 4

Winky Red & White

Aquilegia vulgaris 'Winky Red & White'

Features bold, red and white flowers that emerge above compact, green foliage.

H: 18" W: 12-24"

Shape: Upright

Foliage: Green

Flower: Red/white

Bloom Time: May

	Each	25+	50+
#3016891 #1 Container	8.75	7.88	7.44

Zone 3

Photo courtesy of Growing Colors

ARALIA (Spikenard)

Prefer moist, fertile, well-drained soil with protection from afternoon sun and harsh winds. Perfect in woodland gardens and containers.

Sun King

Aralia cordata 'Sun King'

Features big, bold leaves that are bright, golden-yellow with small clusters of white flowers followed by purple berries. The foliage will become greener with more shade. Deer and pest-resistant.

H: 36" W: 36"

Shape: Mounded

Foliage: Golden-yellow

Flower: White

Bloom Time: August-September

	Each	25+	50+
#4174798 #1 Container	10.95	9.86	9.31

DW Zone 3

ARTEMISIA (Wormwood)

Prefer dry, well-drained soil. Use in low water gardens, as an edging plant, or in containers.

Silver Mound

Artemisia schmidtiana 'Silver Mound'

Finely-divided, silvery-gray foliage in a dense, mounded shape. Cut back in midsummer to maintain form. Tolerant of drought and poor soils. Deer and rabbit-resistant.

H: 8-10" W: 12"

Shape: Mounded

Foliage: Silver

Flower: Insignificant

Bloom Time: Insignificant

	Each	25+	50+
#343815 #1 Container	6.25	5.63	5.31

Zone 3

ARUNCUS (Goat's Beard)

Prefer moist, rich soil. Similar in appearance to astilbe, but flowers are more feathery. Has bronze fall color. Deadhead to prevent spreading.

Dwarf Goat's Beard

Aruncus aethusifolius

Finely-divided, deep green foliage grows in a tight compact mound. Creamy-white flower panicles emerge midsummer. Deer-resistant.

H: 12" W: 12"

Flower: White

Shape: Mounded

Bloom Time: June-August

Foliage: Green

	Each	25+	50+
#858357 #1 Container	9.55	8.60	8.12

Zone 3

Goat's Beard

Aruncus dioicus

Small, creamy-white flowers in dense spikes up to 12" tall tower over long, green, pinnate leaves composed of 2-4" leaflets.

H: 48-60" W: 48"

Flower: White

Shape: Upright

Bloom Time: June-September

Foliage: Green

	Each	25+	50+
#603926 #1 Container	6.25	5.63	5.31

Zone 4

ASARUM (Ginger)

Prefer moist, rich, well-drained soil that is slightly-acidic to neutral. Good groundcover for the woodland garden.

European Ginger

Asarum europaeum

Glossy, dark green, kidney-shaped evergreen leaves conceal small green-brown flowers. Deer-resistant.

H: 8" W: 12"

Flower: Insignificant

Shape: Mounded, spreading

Bloom Time: April-June

Foliage: Green

	Each	25+	50+
#119694 4" Container	7.95	7.16	6.76

Zone 4

Wild Ginger

Asarum canadense

This native plant has soft green, kidney-shaped leaves that conceal small, green-brown flowers. Plants form colonies in cool, moist areas within a few years.

H: 6" W: 12"

Flower: Insignificant

Shape: Mounded, spreading

Bloom Time: April-June

Foliage: Green

	Each	25+	50+
#240701 4" Container	7.95	7.16	6.76

Zone 3

ASCLEPIAS (Butterfly Weed)

Prefer well-drained soil. Plants are slow to emerge in spring because of a deep tap root, caution should be taken when transplanting. Uses include planting in cottage gardens, low water gardens, perennial borders, and restoration sites.

Butterfly Flower

Asclepias tuberosa

Zone 3

This native plant has deep orange flowers with yellow stamens. Green lanceolate leaves closely alternate or spiral up stems topped with dense flower clusters, followed by 3-6" ornamental seed pods. Deer-resistant.

H: 24-36" W: 18"

Flower: Orange

Shape: Mounded

Bloom Time: August-October

Foliage: Green

	Each	25+	50+
#525655 #1 Container	11.25	10.13	9.56

ASTER

Prefer rich, well-drained soil. Pinch back in early summer to keep compact. Divide frequently to keep plants healthy.

Purple Dome

Aster novae-angliae 'Purple Dome'

Zone 3

Deep purple flowers emerge above a compact mound of green, lanceolate leaves.

H: 18" W: 18"

Flower: Purple

Shape: Mounded

Bloom Time: August-October

Foliage: Green

	Each	25+	50+
#526881 #1 Container	6.25	5.63	5.31

Wood's Blue

Aster dumosus 'Woods Blue'

Zone 3

Light, blue-purple flowers with gold centers emerge above a compact mound of green, lanceolate leaves.

H: 12" W: 12"

Flower: Blue-purple

Shape: Mounded

Bloom Time: August-September

Foliage: Green

	Each	25+	50+
#1182437 #1 Container	6.95	6.26	5.91

Mid = early to mid July
Late = mid July to late August

Astilbe Groups

Arendsii Group – Characterized by a tidy, easy growth habit, a great variety of sizes, vibrant colors, large plumes, and a full range of bloom times.

Chinensis Group – Characterized by nearly horizontal spreading branches, hairy or woolly foliage and/or stems, slender plumes, and a late bloom time.

Japonica Group – Characterized by a full and vigorous growth habit, large, pyramidal plumes with vibrant colors, and an early bloom time.

ASTILBE (False Spirea)

Prefer moist, rich soil. Flowers are feathery panicles of various sizes. Most are held well above dark green compound leaves. Astilbes prefer partial shade, but can be grown in full sun if kept moist. Deer and rabbit-resistant.

Photo courtesy of Growing Colors

Color Flash™

Astilbe x arendsii 'Beauty of Ernst' (PP17,343)

Zone 4

The leaves of 'Color Flash' emerge as an electric green, maturing to rich burgundy and purple. In fall, the foliage color changes to vibrant gold, orange, and russet tones.

H: 18" **W:** 24"

Shape: Mounded

Foliage: Tri-color

Flower: Pink

Zone 4

Astilbe x arendsii 'Verswhite' (PP19,845)

Fragrant, upright, ivory-white flower plumes emerge above compact, green foliage.

H: 16-20" W: 16-20"

Flower: Ivory-white

Shape: Mounded

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#3887644 #1 Container	9.95	8.96	8.46

ASTRANTIA (Masterwort)

Prefer moist, rich, well-drained soil in part shade.

Roma

Astrantia major 'Roma' (PP11,470)

Soft pink flowers surrounded by silver papery bracts. Good for fresh or dried cut flowers.

H: 24" W: 18"

Shape: Clump

Foliage: Green

Flower: Rose-pink

Bloom Time: June-August

		Each	25+	50+
#251890	#1 Container	14.95	13.46	12.71

Zone 4

BAPTISIA (False Indigo)

Very adaptable to a wide range of soils and conditions, but prefer well-drained. Black-brown seed pods appear from early summer until fall. Low maintenance. Deer-resistant.

American Goldfinch

Baptisia 'American Goldfinch' (PP30,478)

Tall spikes of golden yellow flowers emerge above wide, bushy, green foliage. Flowers more than most baptisia.

H: 40" W: 54"

Shape: Upright

Foliage: Green

Flower: Yellow

Bloom Time: June

		Each	25+	50+
#154548	#1 Container	9.35	8.42	7.95

Zone 4

Burgundy Blast

Baptisia 'Burgundy Blast' (PP34,689)

Vivid, dark purple-red wine colored flowers accented with yellow keels emerge above dark blue-green foliage.

H: 38" W: 38"

Shape: Upright

Foliage: Blue-green

Flower: Purple

Bloom Time: June

		Each	25+	50+
#345636	#1 Container	9.35	8.42	7.95

Zone 4

Indigo Spires

Baptisia 'Indigo Spires' (PP26,750)

Tall spikes of deep violet-purple flowers with bright yellow keels emerge above lush, blue-green foliage.

H: 45" W: 42"

Shape: Upright

Foliage: Green

Flower: Purple

Bloom Time: June

		Each	25+	50+
#61558	#1 Container	9.35	8.42	7.95

Zone 4

Photo courtesy of Walters Gardens, Inc.

BERGENIA (Pigsqueak)

Prefer moist, rich soil in partial shade. Evergreen leaves are cordate-orbicular with a fleshy, shiny appearance.

Winter Glow

Bergenia cordifolia 'Winterglut'

Zone 3

Clusters of deep red flowers emerge above rounded, shiny green foliage that turns red in fall. Deer and rabbit-resistant.

H: 12-15" W: 18"

Flower: Red

Shape: Clump

Bloom Time: April-June

Foliage: Green

#1833568 #1 Container

Each	25+	50+
10.95	9.86	9.31

BRUNNERA (False Forget-me-not)

Prefer moist, well-drained soil. Basal leaves become larger (up to 6") after flowering.

Sea Heart

Brunnera macrophylla 'Sea Heart' (PP24,684)

Zone 3

Small blue flowers emerge above large, frosted silver, heart-shaped leaves with elegant green veining. An improved version of 'Jack Frost' with larger leaves and better variegation.

H: 15" W: 24"

Flower: Blue

Shape: Mounded

Bloom Time: April-June

Foliage: Green/silver

#4411183 #1 Container

Each	25+	50+
9.95	8.96	8.46

BUDDLEIA (Butterfly Bush)

Prefer rich, well-drained soil. Fast-growing with masses of long, spiked trusses that bloom from summer to autumn.

Windy Hill

Buddleia davidii 'Windy Hill'

Zone 5

Fragrant, showy, panicles of lilac-pink flowers with orange eyes emerge above greyish-green foliage. A hardier and longer blooming selection of buddleia. Cut back to ground in early spring to promote new growth. Winter protection recommended.

H: 60" W: 48"

Flower: Purple

Shape: Upright, spreading

Bloom Time: June-September

Foliage: Gray-green

#1393277 #3 Container

Each	25+	50+
30.00	27.00	25.50

CALAMINTHA (Calamint)

Very adaptable to a wide range of soils and conditions.

Photo courtesy of Growing Colors

Lesser Calamint

Calamintha nepeta ssp. nepeta

Zone 4

Mint-scented clumps of glossy green foliage covered with tiny, pale blue flowers. Excellent groundcover for sunny, dry areas. Pollinator friendly.

H: 21" W: 21"

Flower: Pale blue

Shape: Mounded

Bloom Time: July-September

Foliage: Green

	Each	25+	50+
#169090 #1 Container	7.45	6.71	6.33

CAMPANULA (Bellflower)

Prefer moist, well-drained soil. Useful in rock gardens and border plantings.

Rapido Blue

Campanula carpatica 'Rapido Blue'

Zone 3

Violet-blue cup-shaped flowers emerge above compact, green foliage. Blooms three to four weeks earlier than other carpatica types. Deer-resistant.

H: 6" W: 6"

Flower: Violet-blue

Shape: Mounded

Bloom Time: May-August

Foliage: Green

	Each	25+	50+
#99862 #1 Container	6.95	6.26	5.91

Rapido White

Campanula carpatica 'Rapido White'

Zone 3

White cup-shaped flowers emerge above compact, green foliage. Blooms three to four weeks earlier than other carpatica types. Deer-resistant.

H: 6" W: 6"

Flower: White

Shape: Mounded

Bloom Time: May-August

Foliage: Green

	Each	25+	50+
#209226 #1 Container	6.95	6.26	5.91

CHELONE (Turtlehead)

Prefer consistently moist, rich soil. To control height and promote bushiness, prune or pinch in early spring. Leave seedheads for winter interest or cut entire plant down to the ground in fall.

Hot Lips

Chelone lyonii 'Hot Lips'

Hooded, rose-pink flowers in terminal spikes are held above dark green, lanceolate foliage. New growth is bronze-tinted.

H: 36" W: 18"

Shape: Upright

Foliage: Green

Flower: Rose-pink

Bloom Time: August-September

	Each	25+	50+
#1021156 #1 Container	7.05	6.35	5.99

Zone 3

Tiny Tortuga™

Chelone lyonii 'Armitpp02' (PP25,350)

Hooded, deep pink flowers in terminal spikes are held above compact, dark purple, lanceolate foliage. New growth is bronze-tinted. Compact descendent of 'Hot Lips'. Deer-resistant.

H: 14" W: 10"

Shape: Upright

Foliage: Purple

Flower: Pink

Bloom Time: August-September

	Each	25+	50+
#288306 #1 Container	7.05	6.35	5.99

Zone 4

Mammoth™ Red Daisy

Zone 3

Chrysanthemum morifolium 'MN92-333-2' (PP14,197)

Mounds of cutleaf green foliage topped by single daisy-like red flowers. Developed by the University of Minnesota.

H: 14" W: 35"

Flower: Red

Shape: Mounded

Bloom Time: September-October

Foliage: Green

	Each	25+	50+
#3350186 #2 Container	11.75	10.58	9.99

Mammoth™ Yellow Quill

Zone 3

Chrysanthemum morifolium 'MN98-M91-1' (PP15,027)

Mounds of cutleaf green foliage topped by single daisy-like yellow flowers. Developed by the University of Minnesota.

H: 14" W: 35"

Flower: Yellow

Shape: Mounded

Bloom Time: September-October

Foliage: Green

	Each	25+	50+
#3317233 #2 Container	11.75	10.58	9.99

CONVALLARIA (Lily of the Valley)

Prefer rich, well-drained soil. A good groundcover for shade.

Lily of the Valley

Zone 3

Convallaria majalis

Fragrant, bell-shaped white flowers are carried on arching, one-sided racemes. Green, lanceolate-ovate basal leaves are 4-8" long and 1-3" wide.

H: 8" W: 12"

Flower: White

Shape: Upright, spreading

Bloom Time: May

Foliage: Green

	Each	25+	50+
#42121 4" Container	5.95	5.36	5.06

Photo courtesy of Gardenia

COREOPSIS (Tickseed)

Prefer moist, well-drained soil. Long-blooming if deadheaded regularly.

Moonbeam

Zone 3

Coreopsis verticillata 'Moonbeam'

Light green, thread-like foliage in a loose mounded shape with daisy-like, lemon-yellow flowers. Deer-resistant.

H: 18" W: 18"

Flower: Yellow

Shape: Mounded

Bloom Time: June-September

Foliage: Green

	Each	25+	50+
#397788 #1 Container	8.95	8.06	7.61

Red Elf

Zone 4

Coreopsis 'Red Elf' (PP27,918) ☀️

Li'l Bang™ series. Rich velvety-red flowers with yellow centers. A natural dwarf variety for smaller borders or containers.

H: 10" W: 15"

Flower: Red

Shape: Mounded

Bloom Time: July-September

Foliage: Green

	Each	25+	50+
#103668 #1 Container	7.75	6.98	6.59

Solanna™ Golden Sphere

Zone 4

Coreopsis grandiflora 'DCORE016' (PP25,241) ☀️

Double yellow flowers form bright, rounded spheres. Plants have a compact, mounding habit and bloom all summer.

H: 10-12" W: 10-12"

Flower: Golden-yellow

Shape: Mounded

Bloom Time: June-September

Foliage: Green

	Each	25+	50+
#4464738 #1 Container	7.75	6.98	6.59

Solanna™ Sunset Burst

Zone 4

Coreopsis grandiflora 'DCORSOSB' (PP33,131) ☀️

Fringed petals with soft-yellow tips and bright red centers emerge above green foliage that is compact and mounded. The prolific flowering lasts from spring to fall without deadheading. Deer-resistant.

H: 18" W: 18"

Flower: Yellow-red

Shape: Mounded

Bloom Time: June-September

Foliage: Green

	Each	25+	50+
#325552 #1 Container	7.75	6.98	6.59

Zagreb

Zone 3

Coreopsis verticillata 'Zagreb' ☀️

Light green, thread-like foliage in a tight mounded shape with daisy-like, golden-yellow flowers. Continuously blooms from early summer to fall. Deer-resistant.

H: 15" W: 12"

Flower: Yellow

Shape: Mounded

Bloom Time: June-September

Foliage: Green

	Each	25+	50+
#521442 #1 Container	7.25	6.53	6.16

DELPHINIUM (Larkspur)

Prefer fertile, well-drained alkaline soil. Need protection from strong winds.

Blue Butterfly

Delphinium grandiflorum 'Blue Butterfly'

Zone 3

Finely-divided, deep green foliage with short, showy flower spikes of deep blue flowers.

H: 14" W: 12"

Flower: Blue

Shape: Upright

Bloom Time: June-August

Foliage: Green

#565095 #1 Container

Each	25+	50+
5.75	5.18	4.89

Dasante Blue

Delphinium elatum 'Dasante Blue'

Zone 3

Large spikes of vibrant blue flowers with highlights of purple and white centers emerge above compact, dark green foliage. Deer and rabbit-resistant.

H: 32" W: 21"

Flower: Blue

Shape: Upright

Bloom Time: June-August

Foliage: Green

#325558 #1 Container

Each	25+	50+

DIANTHUS (Carnation, Pink, Sweet William)

Prefer well-drained, alkaline soil. Good rock garden or border plant.

Firewitch

Dianthus gratianopolitanus 'Firewitch'

Zone 4

Single, bright magenta flowers over low-growing, deep blue foliage. Flowers are highly fragrant.

H: 8" W: 12"

Flower: Magenta

Shape: Mounded

Bloom Time: May-June

Foliage: Blue

#1588215 #1 Container

Each	25+	50+
6.75	6.08	5.74

Kahori®

Dianthus 'Kahori'

Zone 4

A compact growing dianthus with bright fuchsia-pink flowers. Great heat tolerance and long bloom time.

H: 6-8" W: 8-10"

Flower: Pink

Shape: Mounded

Bloom Time: May-August

Foliage: Gray-green

#4423339 #1 Container

Each	25+	50+
6.75	6.08	5.74

Kahori® Scarlet

Zone 4

Dianthus plumarius 'Holkahoriscarlet' (PP28,558) ☀

Long-blooming dianthus has compact mounds of dark green foliage and fragrant scarlet flowers with white centers.

H: 10" W: 10"

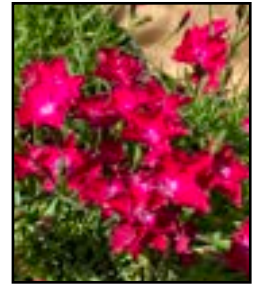

Flower: Scarlet/white

Shape: Mounded

Bloom Time: May-August

Foliage: Gray-green

	Each	25+	50+
#154794 #1 Container	6.75	6.08	5.74

Mountain Frost™ Red Garnet

Zone 4

Dianthus 'KonD1335K1' (PP32,362) ☀

Fragrant, deep red flowers on tidy mounds of silver-blue foliage. Reblooms consistently from early spring until fall. Drought and frost-tolerant.

H: 6-8" W: 10-12"

Flower: Red

Shape: Mounded

Bloom Time: May-August

Foliage: Silver

	Each	25+	50+

Zone 3

EPIMEDIUM (Barrenwort)

Prefer moist, rich, well-drained soil. A good drought-tolerant groundcover once established.

Rubrum

Epimedium x rubrum

Spurred, red flower clusters above heart-shaped light green leaflets which are tinged red in spring and fall.

H: 12" W: 18"

Shape: Mounded

Foliage: Green

Flower: Red

Bloom Time: April-May

	Each	25+	50+
#565293 #1 Container	11.95	10.76	10.16

Zone 4

EUONYMUS (Wintercreeper)

Prefer moist, well-drained soil. Will tolerate full sun or dense shade.

Wintercreeper

Euonymus fortunei 'Colorata'

Dark green oval leaves on trailing stems turn deep purple in fall.

H: 18" W: 24"

Shape: Trailing

Foliage: Green

Flower: Insignificant

Bloom Time: Insignificant

#895598	6-Pak	Each	40+	80+
		6.50	5.85	5.53

Zone 4

EUPATORIUM (Joe Pye Weed)

Prefer moist, well-drained soil. Long-blooming.

Baby Joe

Eupatorium dubium 'Baby Joe' (PP20,320)

One of the shortest eupatoriums. Dark green foliage with sturdy purple stems provides a great contrast for the long-blooming mauve flowers.

H: 24-30" W: 24-36"

Shape: Upright

Foliage: Green

Flower: Mauve

Bloom Time: August-October

#3264520	#1 Container	Each	25+	50+
		9.95	8.96	8.46

Zone 3

Phantom

Eupatorium maculatum 'Phantom' (PP18,354)

A dwarf selection of eupatorium that grows to 30". Big clusters of pink-purple flowers bloom into late summer.

H: 30" W: 24-30"

Shape: Upright

Foliage: Green

Flower: Pink-purple

Bloom Time: July-September

#3248575	#1 Container	Each	25+	50+
		8.45	7.61	7.18

Zone 4

FERN

Prefer moist, rich, well-drained soil. Add texture to woodland and landscape plantings.

Cinnamon

Osmunda cinnamomea

This native fern has large, showy 3-5' dark green fronds. Vigorous. Best planted in wet areas.

H: 36-60" W: 36-60"

Shape: Mounded

Foliage: Green

#436104	#1 Container	Each	25+	50+
		12.95	11.66	11.01

Zone 3

Japanese Painted

Zone 4

Athyrium niponicum 'Pictum'

Short, metallic gray-green fronds with a pink blush grow in a spreading clump. Plants tolerate deep shade, but best color occurs in light shade.

H: 12-18" W: 15"

Shape: Clump

Foliage: Gray-green

		Each	25+	50+
#453149	#1 Container	7.95	7.16	6.76

Lady in Red

Zone 4

Athyrium felix-forma 'Lady in Red'

An exciting selection of Lady Fern with lacy green foliage accented by vibrant burgundy-red stems.

H: 30-36" W: 24"

Shape: Upright

Foliage: Green

		Each	25+	50+
#2271949	#1 Container	7.95	7.16	6.76

Northern Maidenhair

Zone 3

Adiantum pedatum

This native fern has delicate, light green leaf segments in a horseshoe-like arrangement on shiny black stems. Prefers bright filtered light, well-drained alkaline soil, and good air circulation. Does not perform well in deep shade. Extremely cold-tolerant.

H: 18" W: 12"

Shape: Upright

Foliage: Green

		Each	25+	50+
#541693	#1 Container	14.95	13.46	12.71

Ostrich

Zone 3

Matteuccia struthiopteris

This native fern has dark green fronds are of two types; outer, arching sterile fronds are lacy and can grow up to 48"; inner, fertile fronds are stiff with smaller leaflets and grow up to 24" tall. Can be highly aggressive.

H: 48" W: 30"

Shape: Upright

Foliage: Green

		Each	25+	50+
#359472	#1 Container	7.95	7.16	6.76

GAILLARDIA (Blanket Flower, Fiesta Daisy)

Prefer well-drained soil that is slightly-acidic. Drought and heat-tolerant.

Arizona Apricot

Gaillardia aristata 'Arizona Apricot'

Provides season-long blooms of subtle yellow-oranges. Full, multi-tiered petals plus a tidy appearance make this a great selection.

H: 12" W: 12"

Flower: Apricot

Shape: Mounded

Bloom Time: June-September

Foliage: Green

Arizona Sun

Gaillardia aristata 'Arizona Sun'

This compact and uniform beauty will produce masses of fiery orange-red blooms surrounded by a ring of rich flame yellow.

H: 8-10" W: 10"

Flower: Orange-red/yellow

Shape: Mounded

Bloom Time: June-September

Foliage: Green

#2710394 #1 Container

Each	25+	50+
6.55	5.90	5.57

Zone 3

GALIUM (Bedstraw, Sweet Woodruff)

Prefer moist, well-drained soil. Use as a ground cover or to naturalize a shady area. Regular mowing will be required to stop spreading if planted in a garden.

Sweet Woodruff

Galium odoratum

Light green lanceolate leaves occur in whorls at each node of square stems. Small, fragrant white flowers are held in loose clusters.

H: 6" W: 12"

Flower: White

Shape: Upright

Bloom Time: May-June

Foliage: Green

#2600763 4" Container

Each	25+	50+
4.15	3.74	3.53

Zone 4

Photo courtesy of Growing Colors

GERANIUM (Cranesbill)

Prefer moist, well-drained soil. Some varieties have red-tinged fall foliage. Good border and edging plant.

Bevan's Variety

Zone 4

Geranium macrorrhizum 'Bevan's Variety'

Great choice for a groundcover geranium; extremely reliable, great fall color, fragrant foliage, and beautiful flowers.

H: 18" W: 24"

Flower: Violet-pink

Shape: Mounded

Bloom Time: June

Foliage: Light green

	Each	25+	50+
#4367237 #1 Container	7.95	7.16	6.76

Biokovo

Zone 4

Geranium x cantabrigiense 'Biokovo'

Small, white flowers with a pink blush accented with red sepals emerge above heavily lobed green leaves that form a loose mound.

H: 12" W: 18"

Flower: White

Shape: Mounded

Bloom Time: June-August

Foliage: Green

	Each	25+	50+
#698328 #1 Container	6.95	6.26	5.91

Max Frei

Zone 3

Geranium sanguineum 'Max Frei'

Small, purple-pink flowers emerge above heavily lobed green leaves that form a loose mound.

H: 15" W: 12"

Flower: Purple-pink

Shape: Mounded

Bloom Time: June-August

Foliage: Green

	Each	25+	50+
#116563 #1 Container	9.45	8.51	8.03

Orion

Zone 4

Geranium 'Orion'

A seedling from 'Brookside' producing large blue flowers with attractive veins and deeply divided green foliage.

H: 18" W: 18"

Flower: Blue

Shape: Mounded

Bloom Time: June-August

Foliage: Green

	Each	25+	50+
#2754268 #1 Container	8.95	8.06	7.61

Rozanne®

Geranium 'Rozanne' (PP12,175)

Violet-blue flowers emerge above attractive, deep green foliage.

H: 24" W: 15"

Flower: Blue

Shape: Mounded

Bloom Time: May-August

Foliage: Green

	Each	25+	50+
#2867548 #1 Container	8.95	8.06	7.61

Zone 4

GEUM (Avens)

Prefer dry, well-drained soil with some afternoon shade during hot summers. Use as an accent, mass, or groundcover for prairie and rock gardens. Wispy silvery seed heads form without dead-heading.

Prairie Smoke

Geum triflorum

This native plant features single pink flowers that emerge above dark green leaves with exaggerated terminal lobes. Best in mass plantings.

H: 8" W: 10"

Flower: Pink-purple

Shape: Mounded

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#335407 #1 Container	9.25	8.33	7.86

Zone 4

Red Dragon

Geum chiloense 'Red Dragon'

Fully double, ruffled, scarlet-red flowers emerge above mounded, coarse green leaves and bloom early in the season.

H: 16-20" W: 12-24"

Flower: Scarlet-red

Shape: Mounded

Bloom Time: June-July

Foliage: Green

	Each	25+	50+

Mid = early to mid July

Late = mid July to mid August

* Bicolor variety

Hemerocallis Types

Diploid – Normal number of chromosomes, results in softer colors.

Tetraploid – Twice the normal number of chromosomes, results in bold, vibrant colors, and vigorous growth habit.

HEMEROCALLIS (Daylily)

Prefer moist, well-drained soil. Trumpet-shaped flowers on strong stalks are borne above narrow, green foliage growing in dense clumps. Deadhead frequently to keep plant neat. Divide in late summer or fall.

Always Afternoon

Hemerocallis 'Always Afternoon'

Tetraploid. Early season bloomer with large raspberry-pink flowers with a plum-purple eyezone and green throat.

H: 22" W: 20"

Shape: Clump

Foliage: Green

Flower: Pink/purple, 5½"

Bloom Time: July-August

Each 25+ 50+

#278010 #1 Container

8.45 7.61 7.18

Zone 3

Apricot Sparkles

Hemerocallis 'Apricot Sparkles' (PP13,223)

Zone 4

Diploid. Ruffled, apricot-colored blossoms have diamond-encrusted petals that glisten in the sun. Blooms profusely in early summer then reblooms all summer long. Compact habit makes it an excellent edging plant.

H: 15" W: 12-18"

Flower: Apricot, 3"

Shape: Clump

Bloom Time: June-September

Foliage: Green

	Each	25+	50+
#2848905 #1 Container	8.45	7.61	7.18

Baja

Hemerocallis 'Baja'

Zone 3

Tetraploid. Baja has reblooming 6 inch deep red flowers with yellow throats. Trumpet-shaped flowers on strong stalks are borne above narrow, green foliage growing in dense clumps.

H: 26" W: 24"

Flower: Red, 6"

Shape: Clump

Bloom Time: June-August

Foliage: Green

	Each	25+	50+
#565118 #1 Container	8.25	7.43	7.01

Blackthorne

Hemerocallis 'Blackthorne'

Zone 3

Tetraploid. Beautiful creamy-yellow petals have a deep purple eye with matching ruffled edges and a chartreuse throat.

H: 26" W: 18-24"

Flower: Yellow/purple, 4½"

Shape: Clump

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#4247393 #1 Container	8.95	8.06	7.61

Bright Sunset

Hemerocallis 'Bright Sunset'

Zone 3

Tetraploid. Fragrant, dusty burnt orange flower with a deeper orange halo and green-yellow throat. Long blooming.

H: 36" W: 18-24"

Flower: Orange, 6"

Shape: Clump

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#1515228 #1 Container	9.25	8.33	7.86

Chicago Apache

Hemerocallis 'Chicago Apache'

Tetraploid. Deep scarlet red with lightly ruffled edges and a green throat.

H: 27" W: 18-24"

Flower: Red, 5"

Shape: Clump

Bloom Time: July-August

Foliage: Green

	Each	25+	50+
#342504 #1 Container	8.25	7.43	7.01

Zone 3

Erin Lea

Hemerocallis 'Erin Lea'

Tetraploid. Vibrantly colored golden-yellow flowers with a ruffled edge.

Considered a premium daylily with exceptional bloom performance, vigorous growth habit, and winter hardiness.

H: 24" W: 18-24"

Flower: Yellow, 5½"

Shape: Clump

Bloom Time: July-August

Foliage: Green

* Heucherella variety, see page 98.

** Tiarella variety, see page 148.

HEUCHERA (Coral Bells)

Prefer moist, rich, well-drained soil. Small, delicate flowers grow on wiry stems above basal foliage. Heucheras are grown mainly for foliage, not the flower. Purple varieties show their best color in partial shade.

Berry Smoothie

Heuchera x 'Berry Smoothie' (PP21,871)

Zone 4

Bold, berry colored foliage with bright white flowers. These colors will hold true all season long.

H: 18" W: 20"

Flower: White

Shape: Mounded

Bloom Time: May-June

Foliage: Purple/pink

#4073428 #1 Container

Each	25+	50+
9.95	8.96	8.46

Black Forest Cake

Zone 4

Heuchera 'Black Forest Cake' (PP33,532)

Bright red flowers rise on red-purple spikes high above smooth, deep purple-black foliage. Has a mounded habit and rapid growth rate. Is a medium sized plant that is great for containers and garden beds.

H: 6" W: 12"

Flower: Red

Shape: Mounded

Bloom Time: May-June

Foliage: Purple/black

Champagne

Zone 4

Heuchera 'TNHEUCHA' (PP27,567)

Medium-sized leaves change from peach to gold. Compact and tidy habit.

H: 12" W: 14"

Flower: Peach

Shape: Mounded

Bloom Time: May-September

Foliage: Gold

	Each	25+	50+
#136504 #1 Container	9.95	8.96	8.46

Citronelle

Zone 4

Heuchera 'Citronelle' (PP17,934)

This sport of 'Caramel' has citron-yellow leaves with silver undersides. Robust grower.

H: 12" W: 12"

Flower: White

Shape: Mounded

Bloom Time: July-August

Foliage: Yellow

	Each	25+	50+
#3086764 #1 Container	9.95	8.96	8.46

Crimson Curls

Zone 3

Heuchera 'Crimson Curls' (PP13,729)

Highly ruffled purple and crimson foliage in a dense, mounded, and clumping habit. Cream flowers on burgundy stalks in summer.

H: 12" W: 18"

Flower: Cream

Shape: Mounded

Bloom Time: June-July

Foliage: Purple

	Each	25+	50+
#1755815 #1 Container	10.25	9.23	8.71

Fire Alarm

Zone 4

Heuchera 'Fire Alarm' (PP24,525)

Thick, blazing red foliage emerges in spring and darkens to an orange-red during the summer. Tiny, bell-shaped, pink flowers rise on red stems above foliage in summer. Foliage becomes bright red again in the fall.

H: 10" W: 14"

Flower: Pink

Shape: Mounded

Bloom Time: June-August

Foliage: Red

		Each	25+	50+
#66776	#1 Container	9.95	8.96	8.46

Forever® Purple

Zone 4

Heuchera 'TNHEUFP' (PP26,358)

Excellent purple variety with fringed edges and short purple-pink flowers.

H: 12" W: 22"

Flower: Pink

Shape: Mounded

Bloom Time: May-September

Foliage: Purple

		Each	25+	50+
#99848	#1 Container	9.95	8.96	8.46

Frosted Violet

Zone 3

Heuchera 'Frosted Violet' (PP15,085)

Rich burgundy-violet foliage accented with darker colored veining. The color intensifies in the fall. Small light pink flowers have a long flowering period.

H: 12" W: 12"

Flower: Light pink

Shape: Mounded

Bloom Time: June-July

Foliage: Burgundy-violet

Northern Exposure™ Silver

Heuchera x 'TNHEUNES' (PP29,632)

Zone 4

Forms a dense clump of burgundy and silver foliage. It is bred for cold hardiness and clean foliage.

H: 14" W: 16"

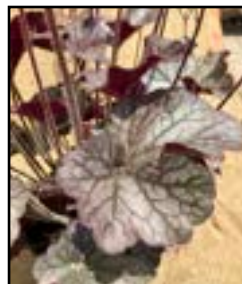

Flower: Pink

Shape: Mounded

Bloom Time: May-July

Foliage: Burgundy-silver

		Each	25+	50+
#251460	#1 Container	9.95	8.96	8.46

Palace Purple

Heuchera micrantha 'Palace Purple'

Zone 4

The original purple coral bell with slightly ruffled purple foliage and green-tinted white flowers.

H: 16" W: 16"

Flower: White

Shape: Mounded

Bloom Time: July

Foliage: Purple

		Each	25+	50+
#521824	#1 Container	6.95	6.26	5.91

Paris

Heuchera 'Paris' (PP18,881)

Zone 4

Large, panicles of deep rose-pink flowers emerge above rounded, lobed two-toned foliage. The leaves are a striking silver with dark green veins. Reblooms continuously for months.

H: 10" W: 14"

Flower: Deep rose

Shape: Mounded

Bloom Time: June-September

Foliage: Green

		Each	25+	50+

HEUCHERELLA (Foamy Bells)

Heucherella are hybrids between heuchera and tiarella. All are sterile, which results in profuse and repeat bloomers. Plants prefer light shade, but will tolerate more sun in moist soils.

Pink Revolution™

Zone 4

Heucherella 'Heupire030' (PP30,656) 

Huge, bubblegum-pink flower panicles emerge above bright green foliage with deep-red veins.

H: 18" W: 14"

Flower: Pink

Shape: Mounded

Bloom Time: May-June

Foliage: Green

		Each	25+	50+
#206238	#1 Container	9.95	8.96	8.46

Solar Eclipse

Zone 4

Heucherella 'Solar Eclipse' (PP23,647) 

Broadly scalloped leaves of red-brown bordered in lime green. Vigorous growth habit.

H: 10" W: 16"

Flower: White

Shape: Mounded

Bloom Time: May-June

Foliage: Red-brown/green

		Each	25+	50+
#4130084	#1 Container	10.95	9.86	9.31

Sweet Tea

Zone 4

Heucherella 'Sweet Tea' (PP21,296)

Huge cinnamon-orange leaves have darker bronze veins. This is the most intensely colored heucherella ever.

H: 20" W: 28"

Flower: White

Shape: Mounded

Bloom Time: June-July

Foliage: Cinnamon-orange

		Each	25+	50+
#4300937	#1 Container	10.95	9.86	9.31

HIBISCUS (Rose Mallow)

Prefer moist, well-drained soil. Hibiscus prefer full sun and good air circulation. May be slow to emerge in spring, gaining vigor with hot weather. Mulch in winter for best results.

Dark Mystery

Zone 4

Hibiscus 'Dark Mystery' (PP32,036)

Taller growing variety with dark purple foliage. Flowers are pinkish-white with a cherry-red eye.

H: 60" W: 60"

Flower: Pink-white/red

Shape: Upright

Bloom Time: July-September

Foliage: Purple

HOSTA (Plaintain Lily)

Prefer moist, rich, well-drained soil. Some cultivars, particularly yellow and heavily variegated varieties, are more sun tolerant. Bell-shaped flowers on strong stalks are held above the foliage. Individual characteristics of many hostas are often not evident until they reach maturity. Long-lived, low maintenance plant grown primarily for its foliage.

Sunfisher	June-July	28"	Siberian
That's All Folks	June-July	38"	Tall Bearded

* Bicolor variety

IRIS, FLAG

Prefer constantly moist soil. Roots can be completely submerged. Foliage quality is maintained after flowering.

Flag Blue

Iris versicolor

Blue flowers with yellow on the falls above wide, light green foliage.

H: 24" W: 24-30"

Flower: Blue

Shape: Upright

Bloom Time: May-June

Foliage: Green

	Each	25+	50+
#1165409 #1 Container	10.95	9.86	9.31

Zone 3

IRIS, SIBERIAN

Prefer consistently moist or boggy soil. Lanceolate foliage maintains its quality after flowering. Do not divide clumps unless flower production declines.

Caesar's Brother

Iris sibirica 'Caesar's Brother'

Deep purple flowers with yellow accents on the falls bloom profusely in early summer.

H: 36" W: 18-24"

Flower: Violet

Shape: Upright

Bloom Time: June-July

Foliage: Blue-green

	Each	25+	50+
#528359 #1 Container	10.95	9.86	9.31

Zone 3

Sunfisher

Iris sibirica 'Sunfisher'

An early blooming variety with light yellow standards accented with deep yellow falls add a bright pop of color to your garden. After flowers have faded, blue-green foliage remains through the rest of the season.

H: 28" W: 22"

Flower: Yellow

Shape: Upright

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#386246 #1 Container	10.25	9.23	8.71

Zone 3

IRIS, SWEET

Prefer moist, rich, well-drained soil.

Albo Variegata

Iris pallida 'Albo Variegata'

Fragrant, lavender-blue flowers above creamy-white, blue-green variegated foliage.

H: 24-36" W: 12-18"

Flower: Lavender-blue

Shape: Upright

Bloom Time: May-June

Foliage: Blue-green/white

	Each	25+	50+
#119076 #1 Container	7.95	7.16	6.76

Zone 4

IRIS, TALL BEARDED

Prefer well-drained soil. Tall, wide, gray-green foliage is accented with large flowers. Blooms heavily in early summer, reblooms late summer.

Breakers

Iris germanica 'Breakers'

Medium blue flower with blue beards. Rebloomer.

H: 36" W: 12-18"

Flower: Blue

Shape: Upright

Bloom Time: June-July

Foliage: Gray-green

	Each	25+	50+
#1588376 #1 Container	10.95	9.86	9.31

Zone 3

Immortality

Iris germanica 'Immortality'

Pure white flowers with light lemon-yellow beards. Rebloomer.

H: 30" W: 12-18"

Flower: White

Shape: Upright

Bloom Time: June-July

Foliage: Gray-green

	Each	25+	50+
#1588406 #1 Container	10.95	9.86	9.31

Zone 3

Mariposa Autumn

Iris germanica 'Mariposa Autumn'

Flowers have a white base color with rich violet ruffled edges. Rebloomer.

H: 30" W: 12-18"

Shape: Upright

Foliage: Green

Flower: White/purple

Bloom Time: June-July

	Each	25+	50+
#279386 #1 Container	10.95	9.86	9.31

Zone 3

Wintry Sky

Iris germanica 'Wintry Sky'

Ruffled, violet blue petals with a pale blue border are accented with white falls. Up to 7 or 8 flowers can bloom on each individual stem.

H: 36" W: 15"

Flower: Blue/white

Shape: Upright

Bloom Time: June-July

Foliage: Green

#368296 #1 Container

Each	25+	50+
9.25	8.33	7.86

Zone 3

LAMIASTRUM (Yellow Archangel)

Prefer moist, well-drained soil. Good plant for dry shade.

Herman's Pride

Lamiastrum galeobdolon 'Herman's Pride'

Strong silver markings on green ovate leaves. Yellow flowers in dense clusters are borne in the leaf axils. Less invasive than 'Variegatum'.

H: 12" W: 24"

Flower: Yellow

Shape: Upright

Bloom Time: May-June

Foliage: Silver/green

#2140818 6-Pak

Each	40+	80+
8.55	7.70	7.27

Zone 4

Variegatum

Lamiastrum galeobdolon 'Variegatum'

Green cordate leaves are heavily spotted with silver. Yellow flowers in dense clusters are borne in the leaf axils. Fast growing, stoloniferous plant. Trim after flowering to keep plant more compact.

H: 15" W: 24"

Flower: Yellow

Shape: Upright

Bloom Time: May-June

Foliage: Green/silver

#895635 6-Pak

Each	40+	80+
8.55	7.70	7.27

Zone 4

LAMIUM (Dead Nettle)

Prefer moist, well-drained soil. Good groundcover for shade.

Orchid Frost

Zone 3

Lamium maculatum 'Orchid Frost' (PP11,122)

Cordate leaves are predominantly silver with blue-green margins. Pink flower clusters are borne in leaf axils. Long and heavy bloomer.

H: 6" W: 12"

Flower: Pink

Shape: Upright, spreading

Bloom Time: April-June, September

Foliage: Silver/green

	Each	40+	80+
#2084440 6-Pak	8.55	7.70	7.27

Pink Pewter

Zone 3

Lamium maculatum 'Pink Pewter'

Cordate leaves have strong green and white variegation. Pink flower clusters are borne in leaf axils.

H: 6" W: 12"

Flower: Pink

Shape: Upright, spreading

Bloom Time: April-June

Foliage: Green/white

	Each	40+	80+
#2034728 6-Pak	8.55	7.70	7.27

Purple Dragon

Zone 3

Lamium maculatum 'Purple Dragon' (PP15,890)

Cordate leaves are bright silver with a green margin. Large, deep purple, snapdragon-like flowers.

H: 6" W: 12"

Flower: Purple

Shape: Upright, spreading

Bloom Time: April-June

Foliage: Silver/green

	Each	40+	80+
#2302247 6-Pak	8.55	7.70	7.27

Red Nancy

Zone 4

Lamium maculatum 'Red Nancy'

Cordate leaves are silver with a green margin. Rose-red flowers.

H: 6-12" W: 12-18"

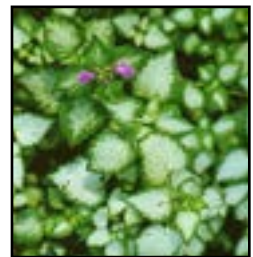

Flower: Rose

Shape: Mat-forming

Bloom Time: April-June

Foliage: Silver/green

	Each	40+	80+
#2707660 6-Pak	8.55	7.70	7.27

White Nancy

Lamium maculatum 'White Nancy'

Zone 3

Cordate leaves are silver with green margins. Pure white flower clusters are borne in leaf axils.

H: 6" W: 12"

Flower: White

Shape: Upright, spreading

Bloom Time: April-June

Foliage: Silver/green

	Each	40+	80+
#2034735 6-Pak	8.55	7.70	7.27

LAVANDULA (Lavender)

Prefer slightly dry, well-drained soil that is alkaline. Avoid overwatering and using too much mulch, as it will create root rot conditions. Deadhead to encourage reblooming.

Photo courtesy of Walters Gardens, Inc.

Phenomenal®

Lavandula x intermedia 'Niko' (PP24,193)

Zone 5

Dense mound of silvery-green foliage topped with rich lavender-purple flowers. Winter protection recommended.

H: 30" W: 48"

Flower: Purple

Shape: Mounded

Bloom Time: July-September

Foliage: Green

	Each	25+	50+
#154228 #1 Container	8.25	7.43	7.01

LEUCANTHEMUM (Daisy)

Prefer rich, well-drained soil. Long blooming. Deadhead to encourage reblooming.

Becky

Leucanthemum superbum 'Becky'

Zone 4

White flowers with yellow centers borne singly above dark green toothed foliage.

H: 36" W: 18"

Flower: White

Shape: Mounded

Bloom Time: July-September

Foliage: Green

	Each	25+	50+
#1357804 #1 Container	6.95	6.26	5.91

Snowcap

Leucanthemum superbum 'Snowcap'

Zone 4

A dwarf daisy with long-lasting, 2-3 inch, pure white flowers that emerge on sturdy stems above compact, green foliage.

H: 10-12" W: 12"

Flower: White

Shape: Mounded

Bloom Time: June-July

Foliage: Green

	Each	25+	50+
#2045731 #1 Container	6.95	6.26	5.91

LIATRIS (Blazing Star, Gayfeather)

Very adaptable to a wide range of soils and conditions as long as they are well-drained. Add vertical interest to the garden with this low maintenance and hardy plant.

Floristan Violet

Liatris spicata 'Floristan Violet'

Upright spikes of deep rosy-purple make an excellent cut flower. Narrow, strap-like green leaves.

H: 30-36" W: 18"

Shape: Upright

Foliage: Green

Flower: Purple

Bloom Time: June-September

	Each	25+	50+
#228006 #1 Container	9.55	8.60	8.12

Zone 3

Floristan White

Liatris spicata 'Floristan White'

Long white flower spikes are borne above narrow, green lanceolate foliage.

H: 36" W: 24"

Shape: Upright

Foliage: Green

Flower: White

Bloom Time: June-September

	Each	25+	50+
#2264866 #1 Container	9.55	8.60	8.12

Zone 3

Kobold Original

Liatris spicata 'Kobold Original'

This vegetative selection offers uniformity in height. Lilac-purple flower spikes are borne above narrow, green lanceolate foliage.

H: 18" W: 18"

Shape: Upright

Foliage: Green

Flower: Purple

Bloom Time: June-September

	Each	25+	50+
#533476 #1 Container	9.25	8.33	7.86

Zone 3

LIGULARIA (Leopard Plant)

Prefer consistently moist or boggy, rich soil. Provide afternoon shade to prevent wilting.

Britt-Marie Crawford

Ligularia dentata 'Britt-Marie Crawford' (PP16,113)

Striking combination of large orange-yellow flowers and glossy maroon-chocolate toothed foliage. A good replacement for 'Midnight Lady'.

H: 40" W: 24-36"

Shape: Mounded

Foliage: Maroon

Flower: Orange

Bloom Time: August-September

	Each	25+	50+
#2682967 #1 Container	10.25	9.23	8.71

Zone 4

Desdemona

Zone 4

Ligularia dentata 'Desdemona' 

Bright orange daisy-like flowers are held above kidney-shaped leaves which emerge red and mature to green with purple undersides. Leaves grow up to 20" wide.

H: 48" W: 36"

Flower: Orange

Shape: Mounded

Bloom Time: July-September

Foliage: Green/purple

	Each	25+	50+
#2791577 #1 Container	9.25	8.33	7.86

Little Rocket

Zone 4

Ligularia stenocephala 'Little Rocket' (PP14,621) 

A dwarf cultivar with large, bright yellow conical flower heads atop long-stemmed, heart-shaped green leaves.

H: 20" W: 24-30"

Flower: Yellow

Shape: Mounded

Bloom Time: July-September

Foliage: Green

#4369385 #1 Container	9.95	8.96	8.46

Zone 4

Conca d'Or

Lilium 'Conca d'Or'

Oriental and trumpet hybrid. Outward-facing fragrant bright lemon-yellow flowers with pale recurved tips.

H: 42" W: 12-15"

Shape: Upright

Foliage: Green

Flower: Yellow/white

Bloom Time: July-August

	Each	25+	50+
#2742494 #1 Container	9.95	8.96	8.46

Zone 4

Royal Sunset

Lilium 'Royal Sunset'

Longiflorum asiatic hybrid. Red buds open orange with red tips and maroon central spots.

H: 42" W: 12-15"

Shape: Upright

Foliage: Green

Flower: Orange/red

Bloom Time: June-July

#2742432 #1 Container

Each	25+	50+
9.95	8.96	8.46

Zone 4

Sunny Azores

Lilium 'Sunny Azores' (PP26,254)

Oriental hybrid. Large, bright white flowers with yellow centers emerge on strong stems above rich, dark green foliage.

H: 16" W: 16"

Shape: Upright

Foliage: Green

Flower: White

Bloom Time: July

#363666 #1 Container

Each	25+	50+
9.95	8.96	8.46

Zone 4

Sunny Keys®

Lilium 'Sunny Keys' (PP26,441)

Oriental hybrid. Vivid, dark pink-red blooms with a white edge. Excellent cut flowers. Fragrant.

H: 18" W: 12-15"

Shape: Upright

Foliage: Green

Flower: Pink-red

Bloom Time: May-August

#141076 #1 Container

Each	25+	50+
9.95	8.96	8.46

Zone 4

Sunny Martinique®

Lilium 'Sunny Martinique'

Dwarf oriental lily that has dark pink flowers with a white edge that sit on top of attractive dark green foliage. Extra large flowers number 4 to 7 per stem.

H: 18" W: 12-15"

Shape: Upright

Foliage: Green

Flower: Pink/white

Bloom Time: July-August

#79946 #1 Container

Each	25+	50+
9.95	8.96	8.46

Zone 4

Tabledance®

Lilium 'Tabledance'

Oriental and trumpet hybrid. Huge, upright showy pink buds open to reveal large pink flowers with white centers. Fragrant.

H: 44" W: 12-15"

Shape: Upright

Foliage: Green

Flower: Pink/white

Bloom Time: July-August

#4534578 #1 Container

Each	25+	50+

#585765 #1 Container	9.75	8.78	8.29

Zone 4

Sugar Buzz® Rockin' Raspberry

Monarda didyma 'Rockin' Raspberry' (PP28,752)

Solid dome of raspberry-pink flowers supported by strong stems. Resistant to powdery mildew.

H: 20" W: 20"

Flower: Raspberry-pink

Shape: Upright

Bloom Time: July-September

Foliage: Green

	Each	25+	50+
#386252 #1 Container	7.95	7.16	6.76

Zone 4

Photo courtesy of Growing Colors

MUKGENIA

Prefer consistently moist, fertile, well-drained soil.

Nova™ Flame

Mukgenia 'Nova Flame'

Intergeneric cross between bergenia and mukdenia. Beautiful dark pink flowers in spring and thick leathery leaves with great fall color.

H: 8" W: 14"

Flower: Pink

Shape: Mounded

Bloom Time: May-June

Foliage: Green/burgundy

	Each	25+	50+
#99854 #1 Container	12.45	11.21	10.58

Zone 3

NEPETA (Catmint)

Very adaptable to a wide range of soils and conditions as long as they are well-drained. Cut back after flowering to encourage a second bloom and to keep plant compact. Good edging plant.

Photo courtesy of Growing Colors

Junior Walker

Zone 4

Nepeta faassenii 'Novanepjun' (PP23,074)

A sterile dwarf selection of 'Walker's Low'. Its extended bloom time and compact form makes it ideal for bed borders and containers.

H: 15" W: 18"

Flower: Blue-purple

Shape: Mounded

Bloom Time: June-September

Foliage: Gray-green

#66778	#1 Container	Each	25+	50+
		6.95	6.26	5.91

Little Titch

Zone 3

Nepeta racemosa 'Little Titch'

Upright yet low growing with a compact habit. Tight leaf-stem structure with small, rich blue flower clusters.

H: 6-10" W: 15"

Flower: Blue

Shape: Mounded, low

Bloom Time: June-September

Foliage: Blue-green

#2472131	#1 Container	Each	25+	50+
		8.25	7.43	7.01

Purrsian Blue

Zone 3

Nepeta faassenii 'Purrsian Blue' (PP24,788)

Forms a small, compact mound with a trailing habit. Low maintenance, drought-tolerant, and long-blooming.

H: 14-18" W: 18-30"

Flower: Purple-blue

Shape: Mounded

Bloom Time: June-September

Foliage: Green

#4480509	#1 Container	Each	25+	50+
		9.95	8.96	8.46

Walker's Low

Zone 3

Nepeta faassenii 'Walker's Low'

Blue-purple trumpet-shaped flowers in upright spikes are held just above aromatic, gray-green lanceolate foliage.

H: 24-30" W: 30"

Flower: Blue-purple

Shape: Upright, mounded

Bloom Time: July-September

Foliage: Gray-green

#1167199	#1 Container	Each	25+	50+
		6.45	5.81	5.48

Photo courtesy of Growing Colors

OENOTHERA (Evening Primrose)

Prefer well-drained, gravelly or sandy soil. Use in a meadow or wildflower garden.

Missouri

Zone 3

Oenothera macrocarpa

Large, showy, 3" bright yellow flowers emerge abundantly above glossy, dark green foliage. Prefers well-drained soils and will tolerate poor soil quality.

H: 8" W: 18"

Flower: Yellow

Shape: Mounded, spreading

Bloom Time: May-August

Foliage: Green

#490779 #1 Container

Each	25+	50+
9.25	8.33	7.86

Photo courtesy of Growing Colors

PACHYSANDRA (Spurge)

Prefer moist, well-drained soil. Will tolerate dense shade.

Green Carpet

Zone 4

Pachysandra terminalis 'Green Carpet'

Small, creamy-white terminal flowers are surrounded by whorls of glossy, dark green obovate leaves.

H: 8" W: 15"

Flower: Insignificant

Shape: Upright, spreading

Bloom Time: May-June

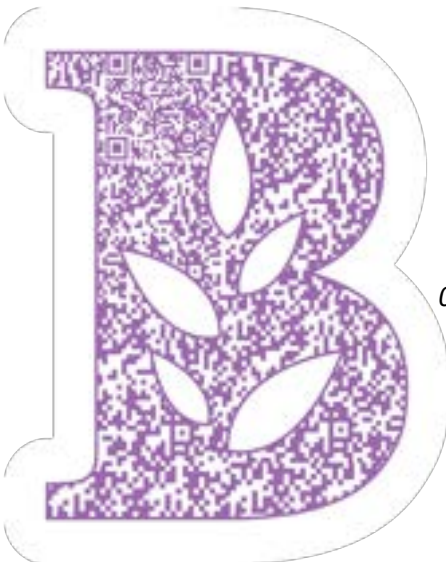

Foliage: Green

PAEONIA (Peony)

Prefer moist, rich, well-drained soil. Taller varieties may need support. Long-lived. Cut down in fall and remove all old foliage to protect against disease.

Photo courtesy of Growing Colors

Buckeye Belle

Paeonia x 'Buckeye Belle'

A unique peony with a compact mounded habit. Has small bulb shaped, velvety, dark red flowers on flexible stems. Compact habit keeps flowers from drooping.

H: 34" W: 30"

Shape: Mounded

Foliage: Green

Flower: Red

Bloom Time: May

#276460 #2 Container

Each	25+	50+
22.95	20.66	19.51

Zone 3

Photo courtesy of Klein's Song Sparrow

Coral Sunset

Paeonia 'Coral Sunset'

Rose and coral colored buds open to expose fluffing yellow stamens. Excellent cut flower.

H: 28" W: 24"

Shape: Clump

Foliage: Green

Flower: Peach

Bloom Time: May

#383516 #2 Container

Each	25+	50+
29.95	26.96	25.46

Zone 3

Cytherea

Paeonia lactiflora 'Cytherea'

Zone 3

Lower-growing peony with semi-double bright rose-colored flowers on sturdy stems.

H: 24" W: 30"

Shape: Mounded

Foliage: Green

Flower: Cherry-rose

Bloom Time: Late May

	Each	25+	50+
#206226 #2 Container	34.95	31.46	29.71

Felix Crousse

Paeonia x 'Felix Crousse'

Zone 3

Large, fully double carmine-red flowers are very fragrant. Good substitute for 'Felix Supreme'. Good for cut flowers.

H: 30" W: 24"

Shape: Mounded

Foliage: Green

Flower: Red

Bloom Time: Mid June

	Each	25+	50+
#571492 #2 Container	19.95	17.96	16.96

Itoh Bartzella

Paeonia x 'Bartzella'

Zone 4

Large, fragrant, bright yellow, double flowers on sturdy stems emerge above rich, dark green foliage. Deer-resistant.

H: 36" W: 36"

Shape: Mounded

Foliage: Green

Flower: Yellow

Bloom Time: April-June

	Each	25+	50+
#3539130 #5 Container	95.00	85.50	80.75

Photo courtesy of Growing Colors

Itoh Keiko™

Paeonia x 'Pink Double Dandy'

Zone 4

Large semi-double flowers emerge lavender-pink, then fade to a soft pink. Lightly fragrant. Formerly called 'Pink Double Dandy'.

H: 24-30" W: 24-36"

Shape: Mounded

Foliage: Green

Flower: Pink

Bloom Time: May

	Each	25+	50+
#3690534 #5 Container	95.00	85.50	80.75

Kansas

Paeonia x 'Kansas'

Zone 3

Double, bright, clear red flowers emerge above glossy, green foliage.

H: 34" W: 24-36"

Flower: Red

Shape: Mounded

Bloom Time: Mid to late May

Foliage: Green

	Each	25+	50+
#1013960 #2 Container	19.95	17.96	16.96

Photo courtesy of Growing Colours

Karl Rosenfield

Paeonia x 'Karl Rosenfield'

Zone 4

Massive, double red blooms emerge on sturdy stems above rich, dark green foliage. The glossy foliage will turn deep, ruby-red in fall. Excellent cut flower with a mild fragrance. Deer-resistant.

H: 24" W: 24"

Flower: Red

Shape: Clump

Bloom Time: May-June

Foliage: Green

	Each	25+	50+
#899565 #2 Container	19.95	17.96	16.96

Monsieur Jules Elie

Paeonia x lactiflora 'Monsieur Jules Elie'

Zone 3

Large, fragrant, double, light pink flowers with silver-pink center petals above light green foliage.

H: 24-36" W: 24-36"

Flower: Pink

Shape: Mounded

Bloom Time: May-June

Foliage: Green

	Each	25+	50+
#571454 #2 Container	32.95	29.66	28.01

Photo courtesy of Growing Colors

Mr. Ed

Paeonia x 'Mr. Ed'

Zone 3

Unusual peony with double flowers that can bloom either rose-pink, cream, or a combination of the two colors. Vigorous grower and good cut flower.

H: 36" W: 24-36"

Flower: Pink

Shape: Mounded

Bloom Time: June

Foliage: Green

	Each	25+	50+
#3855049 #2 Container	32.95	29.66	28.01

Nick Shaylor

Paeonia x 'Nick Shaylor'

Zone 4

Large, double, light-pink flowers turn to almost pure white as they age. Foliage emerges dark red and matures to dark green. Deer-resistant.

H: 32" W: 24"

Flower: Pink/white

Shape: Mounded

Bloom Time: May-June

Foliage: Green

	Each	25+	50+
#571461 #2 Container	32.95	29.66	28.01

Photo courtesy of Primrose Hill Peonies

Paula Fay

Paeonia x 'Paula Fay'

Zone 3

Semi-double, waxy, deep rose-pink flowers with glossy green foliage.

H: 36" W: 24-36"

Flower: Pink

Shape: Mounded

Bloom Time: Mid to late May

Foliage: Green

	Each	25+	50+
#571478 #2 Container	32.95	29.66	28.01

Photo courtesy of Growing Colors

Pink Parfait

Paeonia x 'Pink Parfait'

Zone 3

Large, fully double, soft-pink flowers emerge on sturdy erect stems above rich, dark green foliage. Deer and rabbit-resistant. Resembles 'Sarah Bernhard', but has stronger stems. Slightly fragrant.

H: 36" W: 36"

Flower: Pink

Shape: Upright

Bloom Time: May-June

Foliage: Green

	Each	25+	50+
#1014080 #2 Container	32.95	29.66	28.01

Photo courtesy of Gardenia

Raspberry Charm

Paeonia x 'Raspberry Charm'

Rich, raspberry-red, semi-double flowers with a distinct yellow center.

H: 36" W: 24-36"

Flower: Red

Shape: Mounded

Bloom Time: Mid to late May

Foliage: Green

	Each	25+	50+
#2879756 #2 Container	32.95	29.66	28.01

Zone 3

Raspberry Sundae

Paeonia x 'Raspberry Sundae'

Fragrant, double, pink flower with cream middle layer.

H: 30" W: 24-36"

Flower: Pink/cream

Shape: Mounded

Bloom Time: Early June

Foliage: Green

	Each	25+	50+
#1573563 #2 Container	32.95	29.66	28.01

Zone 3

Red Charm

Paeonia x 'Red Charm'

Double, deep red flowers on stiff stems emerge above glossy, green foliage.

H: 36" W: 24-36"

Flower: Red

Shape: Mounded

Bloom Time: Early June

Foliage: Green

	Each	25+	50+
#1573570 #2 Container	19.95	17.96	16.96

Zone 3

Sarah Bernhardt

Paeonia x 'Sarah Bernhardt'

Fragrant, double, large dark rose flower with silver-tipped petals.

H: 36" W: 24-30"

Flower: Pink

Shape: Mounded

Bloom Time: Mid-June

Foliage: Green

	Each	25+	50+
#351858 #2 Container	19.95	17.96	16.96

Zone 3

PENSTEMON (Beard Tongue)

Prefer infertile, well-drained soil. Deadhead to promote more blooms, but leave a few seed heads on the stalks toward the end of the season so the plant can reseed.

Dakota™ Burgundy

Zone 3

Penstemon digitalis 'TNPENDB' (PP30,569)

A shorter, more compact cultivar than 'Dark Towers', featuring an upright, well-branched habit of lavender flowers and glossy, dark purple leaves. Seed heads of deep purple.

H: 12" W: 18"

Flower: Lavender

Shape: Upright

Bloom Time: July-August

Foliage: Dark purple

	Each	25+	50+
#206898 #1 Container	9.45	8.51	8.03

PEROVSKIA (Russian Sage)

Prefer well-drained soil. Cut back to 12-18" after the first hard frost in fall. Leave some of the stem buds to provide next year's growing points.

Blue Jean Baby

Zone 4

Perovskia atriplicifolia 'Blue Jean Baby' (PP29,281)

Lavender-blue flowers emerge above fragrant, gray-green, finely textured foliage and bloom for a long period starting midsummer.

H: 32" W: 36"

Flower: Blue

Shape: Upright

Bloom Time: July-September

Foliage: Green

	Each	25+	50+
#136932 #1 Container	9.25	8.33	7.86

Little Spire

Zone 4

Perovskia atriplicifolia 'Little Spire' (PP11,643)

Tiny, tubular purple-blue flowers on upright 12-15" panicles are borne above deeply cut gray-green leaves. Stems and foliage are highly aromatic. Selected for its shorter, upright habit.

H: 26" W: 18"

Flower: Purple-blue

Shape: Upright

Bloom Time: July-September

Foliage: Gray-green

	Each	25+	50+
#590868 #1 Container	7.45	6.71	6.33

40 Years and Growing at the Nursery

*Original Bachman's sign for the
Farmington location*

Grasses

Providing instant impact to landscapes, ornamental grasses are a mainstay in most modern landscape designs. A wide assortment of both cool-season and warm-season grasses are grown at Bachman's – be mindful of which type you are planning on installing throughout the year, as their genetic growth habits greatly influence size and quality in a pot as the season progresses.

Both warm-season and cool-season grasses improve soil stability and reduce runoff water, keeping waterways healthy and recharge ground water. Additionally, warm-season grasses provide ecosystem services and support to wildlife. Once established, grasses require low nutrition, tolerate drought and are resistant to disease which make them an excellent choice for slopes, rain gardens, and dry locations such as street boulevards and parking lots. Group grasses together or as a specimen plant for maximum impact. Cut back in early spring before new growth emerges.

Need to fill a large space? Special order plugs and smaller pot sizes may be available for special ordering. Please contact your sales representative for more information.

Cool Season: Starts growing in early spring and looks best in spring and fall when daytime temperatures are in the 60° F to 75° F range and nighttime temperatures are in the mid-50s range.

Warm Season: Needs steady warming temperatures before growth rate increases. Looks best in warm summer months when daytime temperatures are above 75° F.

GRASSES FOR SPECIAL SITUATIONS

Please note: The following charts are meant to be used as general guides to help with plant selection. Planting success may vary with specific circumstances.

Brilliant Fall Color

Red Fall Color

Andropogon, Big Bluestem (bronze)
 Andropogon, Red October
 Miscanthus, Flame (red-orange)

Miscanthus, Graziella
 Panicum, Shenandoah (burgundy-wine)
 Schizachyrium (bronze-orange-purple)

Yellow Fall Color

Calamagrostis, brachytricha (golden-yellow)
 Calamagrostis, Karl Foerster (golden-yellow)

Miscanthus, Silver Feather (gold)
 Sporobolus, Prairie Dropseed (golden-orange)

Tolerate Dry Locations

Calamagrostis Hello Spring!™
(Hello Spring Feather Reed Grass)

Zone 4

Calamagrostis acutiflora 'Hello Spring!'

Distinct variegated variety with foliage that's center is green and margins are wide and cream-white. Refined arching habit.

H: 42" W: 36"

Flower: Golden-brown

Shape: Upright, arching

Bloom Time: June-July

Foliage: Green/white

		Each	25+	50+
#166504	#1 Container	8.25	7.43	7.01

Calamagrostis Karl Foerster
(Feather Reed Grass)

Zone 3

Calamagrostis x acutiflora 'Karl Foerster'

Medium green foliage in upright, arching clumps that turn golden-yellow in fall. Flowers emerge green and red, maturing to golden-brown spikes 18-24" above the foliage. Will not bloom well in partial shade.

H: 48" W: 30"

Flower: Golden-brown

Shape: Upright, arching

Bloom Time: June-July

Answering Yes for Delivery Success

- ✓ Did you place your delivery order 36-hours in advance of the desired ship date? We may or may not be able to accommodate same day deliveries, so please plan ahead.
- ✓ Will the delivery vehicle have access to the jobsite? For safety and liability reasons, the driver is not to pull into residential driveways.
- ✓ Is your company credit card or your Bachman's charge updated? Payment arrangements are required prior to deliveries.
- ✓ Did you double check the order acknowledgement for accuracy and make sure the delivery address is correct? Any modifications to a delivery en route are subject to additional fees.
- ✓ Do you have your cell phone handy? Customers will be contacted by the driver prior to the delivery with an estimated time of arrival.
- ✓ Will you have staff on-site early enough to receive the delivery? Having the proper equipment to unload is also very important.
- ✓ Did you make arrangements with your Sales Representative prior to sending cancelled product back or holding onto delivery carts? Additional delivery charges will incur for unplanned product returns and cart retrievals.
- ✓ Do you have any questions, concerns, or need to make any scheduling adjustments? If so, please contact your Sales Representative prior to delivery.

40 Years and Growing at the Nursery

Wholesale Nursery group photo - 1998

Vines

Looking for a way to blend a structure into the landscape? A vine will soften the hard edges of a pergola, pillar, post, fence, archway, or building. Vines will join nature and structure to create vertical interest in the landscape. When space is at a premium, vines are a perfect solution.

Climbers (Clematis and Bittersweet) need support to grow and will send out clingy tendrils. Other vines (Trumpet Vine, Boston Ivy and English Ivy) climb by attaching aerial rootlets to surfaces. Wisteria needs strong support, preferably an open-framework, sturdy metal frame allowing the fragrant flowers to hang below the aggressive-climbing vine and foliage.

Pruning vines will promote the next year's flowering for Clematis, slow down rapid growth for Boston Ivy and control the size of Wisteria, which can be pruned twice a year. Pay close attention to the pruning method recommended for each variety of Clematis to maximize growth and blooms.

Please contact your sales representative with any special order needs not represented in our catalog.

Sun

Light Shade

Shade

VINES

VINES FOR SPECIAL SITUATIONS

Please note: The following charts are meant to be used as general guides to help with plant selection. Planting success may vary with specific circumstances.

Brilliant Fall Color

Red Fall Color

Parthenocissus, Boston

Parthenocissus, Engelman

Resistant to Deer Damage (usually)

Celastrus

Clematis

Wisteria

Wild Birds

Almost all plants provide some cover and food for birds throughout the year. Some of the best for providing food and cover, and also add color to the landscape, are:

WINTER

Celastrus

Lonicera, Honeysuckle

Woody Groundcovers

Parthenocissus, Engelman

CELASTRUS (Bittersweet)

Prefer rich, well-drained soil that receives more sun than shade.

Autumn Revolution™

Celastrus scandens 'Bailumn' (PP19,811)

Bittersweet is a deciduous twining woody vine best known for its showy berries that brighten the fall and winter landscape. Two plants are not needed, as the flowers of 'Autumn Revolution' have both male and female parts.

Huldine	3	15-20'	July-October
Sweet Autumn	1	10-20'	August-September

Pruning Methods

1 – Flowers are produced directly from old stems. Prune by removing dead and weak stems immediately after all flowering has been completed.

2 – First flowering comes from last season's ripened stems. Leaf buds swell in early spring; cut all dead material off above these buds.

3 – Flowers are produced later and from new growth. Prune in early spring above new leaf buds showing low on the plant.

CLEMATIS (Clematis)

Prefer cool, rich, well-drained soil. Leaves are green, opposite and typically compound on climbing, curling stems. Some varieties will tolerate partial shade but full sun will produce more profuse blooms. Flowers are apetalous with sepals displaying the colors attributed to the species. To help keep soil in the root zone cool, apply mulch.

Acropolis™

Zone 4

Clematis 'Evipo078' (PP29,052)

Boulevard® Collection. A compact, free flowering clematis that produces an abundance of bright pink flowers that are 3-4 inches in size.

40 Years and Growing at the Nursery

*MNLA Summer Trade Show
St. Cloud, MN - mid 1990's*

Natives

Popular amongst eco-conscious homeowners and commercial architects alike, native plants have been growing rapidly in popularity and interest. Native plants are well-adapted to Midwestern soil and climate, providing reliable hardiness and supporting our ecosystem by reducing soil erosion, improving wildlife habitats, and combatting the spread of invasive plants.

Included in this section of our catalog are the native perennial and grass species we aim to have available for purchase all season long at our wholesale nursery. We have the ability to source many other species and sizes, so please do not hesitate to contact your sales representative to enquire about special order options and timing.

We also offer native shrubs, evergreens, and trees which are highlighted throughout our catalog in their respective sections.

Evergreens

Bachman's selection of container and balled and burlapped (B&B) evergreens is vast, ranging from low spreading varieties to 10' tall trees. The following pages contain a series of reference guides to help you find the perfect evergreen for your application. If what you need is something unique, make sure to inquire about our specialty options including weeping specimens, hindu pans, and other topiary masterpieces.

B&B evergreens are harvested each spring, following the deciduous harvest, and are often available starting in early May. A second opportunity to harvest comes in August, after new growth hardens off. If you do not see what you are looking for now, make sure to enquire with your sales representative about future availability.

ARBORVITAE (Thuja)

Prefer moist, well-drained soil. Very tolerant of stress conditions if properly watered. Use as a hedge to create a privacy screen or as a stand alone focal point in the landscape.

Anna's Magic Ball®

Thuja occidentalis 'Anna van Vloten' (PP25,868)

Tiny, hardy arborvitae with showy yellow foliage.

H: 12-18" W: 12-18"

Foliage: Yellow-green

Shape: Globe

#272818 #2 Container

Each	25+	50+
34.00	30.60	28.90

PW Zone 3

Cat's Eye

Thuja occidentalis 'Cat's Eye'

A compact, upright selection that provides a touch of golden contrast in the landscape. New growth emerges chartreuse then fades to vibrant green.

H: 7-8' W: 3-4'

Foliage: Green

Shape: Upright, pyramidal

#381852 6' BB

Each
225.00

Zone 4

Photo courtesy of Mckey Nursery

Dark Green

Thuja occidentalis 'Dark Green'

A vivid green arborvitae with dense, fan-shaped foliage and a conical shape. Limited pruning required.

H: 15-18' W: 8-10'

Foliage: Green

Shape: Upright, pyramidal

#345630 6' BB

#316236 7' BB

Each	10+	25+
280.00	252.00	238.00
335.00	301.50	284.75

Zone 3

Degroot's Spire

Thuja occidentalis 'Degroot's Spire'

Compact, neat, narrow arborvitae with elegant deep green twisted foliage.

Slow-growing evergreen that requires little trimming.

H: 10-12' W: 3-4'

Foliage: Green

Shape: Columnar, narrow

Zone 5

Full Speed A Hedge® American Pillar

Thuja occidentalis 'American Pillar' (PP20,209)

A dense, columnar selection that can withstand periods of harsh heat. Needles will retain their green color throughout winter and its speedy growth habit makes it an excellent choice for privacy hedges.

H: 25-30' W: 3-5'

Foliage: Green

Shape: Columnar

		Each	25+	50+
#392322	6' BB	265.00	238.50	225.25
#392454	8' BB	375.00	337.50	

Zone 3

Photo courtesy of Spring Meadow Nursery

Golden

Thuja occidentalis aurea

Striking bright golden-yellow foliage that forms a dense, globe-shaped shrub. Some shearing may be required to maintain its size and round form.

Sun-tolerant.

H: 30" W: 30"

Foliage: Golden-yellow

Shape: Globe

		Each	25+	50+

#764245	#5 Container	60.00	54.00	51.00

Zone 3

Hetz Mini

Thuja occidentalis 'Hetz Mini'

Dwarf, globe-shaped evergreen with dense, dark green foliage. Very slow growing, naturally globe-shaped.

H: 2-3' W: 2-3'

Foliage: Dark green

Shape: Globe

		Each	25+	50+
#1791	#2 Container	30.00	27.00	25.50
#1814	#5 Container	47.00	42.30	39.95

Zone 3

Holmstrup

Thuja occidentalis 'Holmstrup'

Zone 3

Dense, narrow, upright habit with rich green foliage. Will tolerate light shade and poor drainage.

H: 8-10' W: 3-4'

Foliage: Green

Shape: Columnar, narrow

		Each	25+	50+

#329646	#7 Container	80.00	72.00	68.00

Photo courtesy of Iseli Nursery

Lemon Burst™

Thuja occidentalis 'RutThu3' (PP35,206)

FIRST EDITIONS

Zone 4

Broadly conical form with bright yellow foliage that takes on orange tones in winter. Resistant to needle blight.

H: 4-6' W: 3-4'

Foliage: Yellow

Shape: Broadly, pyramidal

		Each	25+	50+
#362432	#2 Container	32.00	28.80	27.20

Little Giant

Thuja occidentalis 'Little Giant'

Zone 3

Compact, globe-shaped evergreen with rich green foliage.

H: 4-6' W: 4-6'

Foliage: Dark green

Shape: Globe

		Each	25+	50+
#382286	#3 Container	30.00	27.00	25.50
#88969	#5 Container	59.00	53.10	50.15

Mr. Bowling Ball®

Thuja occidentalis 'Bobazam'

Slow growing, very dense sage-green arborvitae that does not require pruning. Texture is unique in that it resembles a fine-textured juniper or chamaecyparis. Tolerant of most soils. Avoid poorly drained sites.

H: 2-3' W: 2-3'

Foliage: Green

Shape: Globe

		Each	25+	50+
#1638248	#2 Container	30.00	27.00	25.50
#3074204	#5 Container	45.00	40.50	38.25

Zone 4

North Pole™

Thuja occidentalis 'Art Boe' (PP22,174)

A columnar hardy selection of 'Wintergreen'. Resistant to winter burn. Selected by Art Boe of Faribault, Minnesota.

H: 15' W: 4-5'

Foliage: Green

Shape: Columnar

		Each	25+	50+
#4508012	#5 Container	59.00	53.10	50.15

CHAMAECYPARIS (False Cypress)

Prefer moist, well-drained, slightly-acidic soil. Extremely versatile. Use as a specimen plant, accent plant, or as a hedge.

Photo courtesy of Isell Nursery

Jade Waves™

Chamaecyparis obtusa 'MonYur' (PP29,503)

Zone 4

A compact, densely branched pyramidal chamaecyparis with green, feathery foliage that turns bronze in winter.

H: 6-8' W: 3-4'

Foliage: Green

Shape: Pyramidal

		Each
#392508	#5 Container	89.00

King's Gold

Chamaecyparis pisifera 'King's Gold'

Zone 4

A gold-tipped evergreen with thread-like foliage that does not burn.

H: 4-5' W: 4-5'

Foliage: Golden-yellow

Shape: Mounded

		Each	25+	50+
#2905028	#3 Container	42.00	37.80	35.70
#3725960	#7 Container	80.00	72.00	

Vintage Gold

Chamaecyparis pisifera 'Vintage Gold'

Zone 4

'Vintage Gold' is a dwarf, golden foliage form of Sawara Cypress. It has a mounded habit with fine-textured, fern-like foliage.

H: 3' W: 5'

Foliage: Yellow

Shape: Mounded

		Each	25+	50+
#382704	#2 Container	35.00	31.50	29.75
#337712	#3 Container	42.00		

FIR (Abies)

Prefer moist, well-drained acidic soil. Slightly tolerant to drought conditions once established.

Balsam

Abies balsamea

Native evergreen featuring shiny, dark green needles and a symmetrical, pyramidal form. Fragrant.

H: 50' W: 20-25'

Shape: Upright, pyramidal

Foliage: Green

Zone 2

Douglas

Pseudotsuga menziesii

A beautiful ornamental evergreen with an open, pyramidal shape and shiny, dark green needles. Winter protection recommended.

H: 40-50' W: 15-20'

Shape: Upright, pyramidal

Foliage: Dark green

Zone 5

		Each
#394812	5' BB	225.00

Fraser

Abies fraseri

Pyramidal evergreen with horizontal, stiff branches and dark green needles. Does not tolerate salt damage.

H: 30-40' W: 20-25'

Foliage: Dark green

Shape: Upright, pyramidal

		Each	10+
#2912033	6' BB	385.00	346.50
#3294688	8' BB	525.00	
#329664	10' BB	695.00	

Zone 4

Korean Cis

Abies koreana 'Cis'

Dark green needles that lay tight against stems and are accentuated by attractive, small brown buds at the branch tips. A tidy, slow growing, dwarf mounding habit provides a formal appearance.

H: 18" W: 24"

Foliage: Dark green

Shape: Mounded

		Each	25+
#215458	#3 Container	69.00	62.10

Zone 4

Korean Kohout's Ice Breaker

Abies koreana 'Kohout's Ice Breaker'

Slow-growing, compact evergreen with two-toned needles that curl up around the stems exposing a silvery-white underside of the green needle.

H: 12-24" W: 2-3'

Foliage: Silver-blue

Shape: Globe

		Each
#323652	#3 Container	120.00

Zone 4

Korean Silver Show

Abies koreana 'Silver Show'

Two-toned needles are tightly curled so that the shoots seem almost cylindrical and the silvery undersides of the needles are exposed, giving the tree an overall silver appearance. Contrasting purple cones stand out against the foliage.

H: 12' W: 8'

Foliage: Silver

Shape: Upright, broad

		Each
#146368	#7 Container	195.00

Zone 4

HEMLOCK (*Tsuga*)

Prefer cool, moist, well-drained, slightly-acidic soil where there are no strong, drying winds.

Canadian

Tsuga canadensis

Graceful, pyramidal evergreen with soft, glossy, dark green needles. Shears well. Does not tolerate wind, drought, or polluted conditions.

H: 70' W: 25-35'

Foliage: Dark green

Shape: Upright, pyramidal

		Each	25+	50+
#256628	#5 Container	80.00	72.00	68.00

		Each		
#2910015	4' BB	230.00		

Zone 3

Cole's Prostrate

Tsuga canadensis 'Cole's Prostrate'

Stiff, weeping main branches make a true prostrate-growing plant. Prefers partial shade.

H: 24" W: 5'

Foliage: Green

Shape: Spreading

		Each
#2905110	#3 Container	80.00

Zone 4

Golden Duchess™

Tsuga canadensis 'MonKinn' (PP25,503)

'Golden Duchess' has graceful, brilliant yellow, arching foliage. This dwarf, mounding, sun-tolerant hemlock makes a dramatic addition to the garden.

H: 3-4' W: 3-5'

Foliage: Yellow

Shape: Mounded

		Each	25+	50+
#171326	#2 Container	60.00	54.00	51.00

Zone 4

Golden Duke™

Tsuga canadensis 'MonJers' (PP27,468)

Golden-yellow foliage on graceful, upright, slightly arching branches. Sun-tolerant. Yellow-orange winter color.

H: 6-10' W: 2-3'

Foliage: Golden-yellow

Shape: Upright, pyramidal

		Each
#171328	#2 Container	60.00

Zone 4

Golden Splendor

Tsuga canadensis 'Golden Splendor'

Zone 4

Fast growing golden form of Canadian Hemlock. Tolerates full sun. Can be sheared into a hedge. Will grow 15' tall in 10-15 years, larger with age.

H: 15' W: 8-10'

Foliage: Golden

Shape: Upright, broad

Each

#2862031 #7 Container

129.00

Moon Frost

Tsuga canadensis 'Moon Frost'

Zone 4

Dwarf globe hemlock with striking white new growth in spring giving the appearance of frost on a moonlit night.

Answering Yes for Delivery Success

- ✓ Did you place your delivery order 36-hours in advance of the desired ship date? We may or may not be able to accommodate same day deliveries, so please plan ahead.
- ✓ Will the delivery vehicle have access to the jobsite? For safety and liability reasons, the driver is not to pull into residential driveways.
- ✓ Is your company credit card or your Bachman's charge updated? Payment arrangements are required prior to deliveries.
- ✓ Did you double check the order acknowledgement for accuracy and make sure the delivery address is correct? Any modifications to a delivery en route are subject to additional fees.
- ✓ Do you have your cell phone handy? Customers will be contacted by the driver prior to the delivery with an estimated time of arrival.
- ✓ Will you have staff on-site early enough to receive the delivery? Having the proper equipment to unload is also very important.
- ✓ Did you make arrangements with your Sales Representative prior to sending cancelled product back or holding onto delivery carts? Additional delivery charges will incur for unplanned product returns and cart retrievals.
- ✓ Do you have any questions, concerns, or need to make any scheduling adjustments? If so, please contact your Sales Representative prior to delivery.

Roses

Long sought after for their classic flowers and fragrance, roses are an excellent addition to any landscape project. Bachman's is well known for our greenhouse-grown roses, which are available budded and flowering in early spring – you won't find roses like this anywhere else in May! Our varieties are selected not only for their flowers, but also their disease resistance and ease of care. With almost 100 varieties of both hardy shrub roses and non-hardy hybrid roses to choose from, you will be sure to find the colorful pop you are looking for, whether adding it to your landscape project or making a patio statement.

ROSES, HYBRID

NEW FOR 2024

Rose, Neptune™

Rose, Miniature Be My Baby™

“Bachman’s-Grown” hybrid roses are only available during the spring season. Hybrid roses have been developed to provide blooms all season. These roses are known for bringing beauty to the garden and in cut flower arrangements. Hybrid roses are not hardy in Minnesota and will require extra winter protection in our landscape. Best bloom quality and disease avoidance when planted or potted in full sun.

Shrub Rose Bloom Cycles

Everblooming – Produces a continuous supply of flowers throughout the summer.

Recurrent – Flowers for 2-3 weeks, then takes a 2-3 week rest without flowering, then repeats the bloom cycle. Expect to see approximately 3 bloom cycles throughout the growing season.

At Last®

Zone 5

Rosa 'HORCOGJIL' (PP27,541)

Vibrant, soft orange blooms. Glossy green foliage that has great disease resistance. Winter protection recommended.

Shrubs

With 39 acres dedicated to production, Bachman's shrub program is expansive. From Barberry to Witchhazel, we specialize in growing hardy shrub material for the Midwest. Because our product is overwintered in Minnesota, we offer shrubs in spring that will bud and bloom in alignment with our environmental conditions.

If you are in need of instant impact, our #10 shrub program is a great opportunity. Many varieties reach 3-5' tall in the container and boast a nice, full appearance.

AZALEA (Rhododendron)

To improve transplanting success, azaleas and rhododendrons require a well-drained, acidic soil. A pH of 4.0 to 5.5 is optimum. To avoid root rot problems, it is important to have good drainage and to not plant too deep. When planting, dig a shallow hole and backfill around the plant with a mixture of acid peat and existing soil. Top dress with an organic mulch to preserve root zone moisture. Avoid planting in sites with a southern exposure or strong winter winds.

Electric Lights™ Double Pink

FIRST EDITIONS Zone 4

Rhododendron 'UMNAZ 493' (PP26,600)

A University of Minnesota introduction with double pink flowers and light green foliage that turns burgundy in the fall.

CEANOTHUS (New Jersey Tea)

Prefer moist, well-drained soil in a sheltered location. Light pruning in spring may be required to maintain shape.

New Jersey Tea

Zone 4

Ceanothus americanus

Compact, dense, rounded shrub. Fragrant white flowers in midsummer. Given its name from its leaves, which were used for tea during the Revolutionary War.

H: 3-4' W: 3-5'

Foliage: Green

Shape: Low, broad

Fall Color: Yellow

Flower: White

		Each	25+	50+
#287920	#3 Container	33.00	29.70	28.05

CHOKEBERRY (*Aronia*)

Prefer moist, well-drained soil. Not tolerant of drought conditions.

Black

Zone 3

Aronia melanocarpa elata

Ornamental shrub with glossy green foliage that turns a brilliant red in the fall. White flowers in May followed by persistent black fruit that is attractive to birds. Suckers freely and is tolerant of most soil types.

H: 4-6' W: 4-6'

Foliage: Green

Shape: Upright, rounded

Fall Color: Red

Flower: White

Ground Hug™

PW Zone 3

Aronia melanocarpa 'UCONNAM012' (PP31,821)

Glossy green foliage turns a brilliant orange-red in fall. The thick, dense matting habit eliminates need for weeding and mulching and is very versatile in the landscape. Use as a groundcover to fill in difficult spaces, to cover slopes, and where mowing is problematic.

H: 8-14" W: 3'

Foliage: Green

Shape: Spreading

Fall Color: Orange-red

Flower: White

		Each	25+	50+
#214750	#2 Container	25.00	22.50	21.25

Iroquois Beauty

Zone 3

Aronia melanocarpa 'Morton'

A selection of Black Chokeberry from the Morton Arboretum. Noted for its dwarf habit, profuse white flowers, and good fruit production. Beautiful red-gold fall color.

H: 3-4' W: 3-5'

Foliage: Dark green

Shape: Compact, rounded

Fall Color: Red-gold

Flower: White

		Each	25+	50+
#3215591	#5 Container	35.00	31.50	29.75

Low Scape® Mound

PW Zone 3

Aronia melanocarpa 'UCONNAM165' (PP28,789)

A versatile, tough, and tidy mound of glossy green foliage covered in white blooms by mid-spring. Low-growing habit is ideal for mass planting, groundcover, or edging.

H: 12-24" W: 18-24"

Foliage: Green

Shape: Mounded

Fall Color: Red

Flower: White

		Each	25+	50+
#137608	#2 Container	25.00	22.50	21.25

CLETHRA (Summersweet)

Prefer moist to wet, well-drained, slightly-acidic soil. Attracts hummingbirds, bees, and butterflies.

Ruby Spice

Clethra alnifolia 'Ruby Spice'

Zone 4

A sport of 'Pink Spires' selected for its deeper pink flowers that bloom in midsummer. Shade-tolerant, but will withstand full sun.

H: 3-6' W: 3-4'

Foliage: Green

Shape: Upright

Fall Color: Yellow

Flower: Pink

		Each	25+	50+
#1257326	#3 Container	32.00	28.80	27.20

Sixteen Candles

Clethra alnifolia 'Sixteen Candles'

Zone 4

Compact form of 'Hummingbird' selected by Michael Dirr featuring lustrous dark green leaves and upright flower spikes that are 4-6" long. Prefers moist, acidic soils that are rich in organic matter.

H: 3' W: 4'

Foliage: Green

Shape: Rounded

Fall Color: Yellow

Flower: White

		Each	25+	50+
#2494317	#3 Container	32.00	28.80	27.20

Sugartina™

Clethra alnifolia 'Crystalina' (PP21,561)

Zone 4

A dwarf clethra with fragrant pure white flowers. Dark green glossy foliage holds its tight dense shape.

H: 30" W: 30"

Foliage: Green

Shape: Rounded

Fall Color: Yellow

Flower: White

Morden Golden Glow

Zone 3

Sambucus racemosa 'Morden Golden Glow'

Fine textured golden foliage darkens with age and offsets red berries in fall on this compact variety. Plant bears creamy-white flowers in spring. Replaces 'Lemony Lace'.

H: 4-5' W: 4-5'
Shape: Mounding, compact
Flower: White

Foliage: Gold-green
Fall Color: Insignificant

	Each	25+	50+
#140044 #3 Container	33.00	29.70	28.05

EUONYMUS (Wintercreeper)

Very adaptable to a wide range of soils.

Canadale Gold

Zone 4

Euonymus fortunei 'Canadale Gold'

Semi-evergreen shrub with large, light green leaves that have a wide yellow margin.

H: 4' W: 3'
Shape: Mounded
Flower: Insignificant

Foliage: Green/yellow
Fall Color: Insignificant

	Each	25+	50+
#570655 #2 Container	34.00	30.60	28.90

Moonshadow

Zone 4

Euonymus fortunei 'Moonshadow' (PP6,127)

A dense, compact, semi-evergreen shrub that has wavy, bright yellow leaves with green margins.

H: 24" W: 24"
Shape: Mounded, spreading
Flower: Insignificant

Foliage: Yellow/green
Fall Color: Insignificant

	Each	25+	50+
#714288 #2 Container	28.00	25.20	23.80

FALSESPIREA (Sorbaria)

Prefer rich, moist, well-drained soil. Plant in erosion prone areas, or as windbreaks.

Matcha Ball®

Sorbaria sorbifolia 'Levgreen' (PP31,202)

A rounded ball of attractive green, fern-like foliage on red stems. This variety sparsely blooms, which helps to maintain a uniform mounded habit throughout the season.

H: 2-3' W: 3-4'

Shape: Mounded

Flower: Insignificant

Foliage: Green

Fall Color: Yellow

		Each	25+	50+
#257196	#2 Container	24.50	22.05	20.83

FIRST EDITIONS Zone 3

Mr. Mustard™

Sorbaria sorbifolia 'SMNSSC' (PP33,551)

A wonderfully colorful mix of yellow, orange, red, pink, and lime green foliage emerges in spring and matures to a strong yellow-green. Large, white flowers bloom in astilbe-like fashion. Tolerates tough conditions.

H: 2-3' W: 3-4'

Shape: Spreading

Flower: White

Foliage: Multi-colored

Fall Color: Light green

		Each	25+	50+
#289866	#2 Container	24.50	22.05	20.83

PW

Zone 2

Zone 3

FORSYTHIA (Golden Bell)

Prefer well-drained soil rich in organic matter. Use as a specimen plant or plant together to create a hedge.

Photo courtesy of Nature Hills Nursery

Gold Cluster™

Zone 4

Forsythia x 'Courtaneur'

Compact forsythia with an upright habit. Embellished with light yellow flowers in the spring. The light green foliage transitions to burgundy-purple in fall.

H: 3-4' W: 3-4'

Foliage: Green

Shape: Upright

Fall Color: Burgundy-purple

Flower: Yellow

#3506187 #2 Container

Each	25+	50+
24.50	22.05	20.83

Gold Tide™

Zone 4

Forsythia 'Courtasol'

Lemon-yellow flowers in early spring need adequate snow cover for consistent blooms. Prefers moist, well-drained soil. A compact, groundcover type of forsythia useful for mass plantings.

H: 30" W: 4-5'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Yellow

#1589434 #2 Container

Each	25+	50+
24.50	22.05	20.83

Lynwood Gold

Zone 4

Forsythia x *intermedia* 'Lynwood Gold'

Densely flowered shrub in spring. Recommended for urban landscapes as it tolerates salt and deer browsing.

H: 5-7' W: 7'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: Yellow

#394706 #2 Container

Each	25+	50+
24.50	22.05	20.83

Northern Gold

Zone 3

Forsythia 'Northern Gold'

Radiant, golden-yellow bell-shaped flowers cover the branches in early spring before dark green leaves take over.

H: 8' W: 6'

Foliage: Green

Shape: Upright, rounded

Fall Color: Dark green

Flower: Yellow

#362256 #2 Container

Each	25+	50+
24.50	22.05	20.83

FOTHERGILLA (Witch Alder)

Prefer rich, well-drained soil that is slightly-acidic. Can be used as an accent in foundation plantings or border gardens.

Blue Shadow

Fothergilla 'Blue Shadow' (PP15,490)

A blue leafed form of 'Mount Airy'. White bottlebrush flowers are honey scented and bloom in the spring.

H: 3-4' W: 3-4'

Shape: Upright

Flower: White

Foliage: Blue

Fall Color: Yellow to red

	Each	25+	50+
#3153275 #3 Container	34.00	30.60	28.90

Zone 4

Mount Airy

Fothergilla major 'Mount Airy'

Upright shrub with dark green foliage that turns a brilliant mix of yellow, orange, and red color in fall. Fragrant, white, spike-like flowers in spring.

H: 5-6' W: 3-4'

Shape: Upright

Flower: White

Foliage: Dark green

Fall Color: Yellow to red

	Each	25+	50+
#1213308 #3 Container	34.00	30.60	28.90

Zone 4

HAZELNUT (*Corylus*)

Prefer moist, loamy or sandy soil that is acidic to neutral. Multiple uses include attracting wildlife, screening, and erosion control.

American

Corylus americana

Large native shrub useful for border or natural plantings. Round 1/2" nuts are edible. Brilliant fall color.

H: 6-8' W: 6-8'

Shape: Rounded

Flower: Catkins

Foliage: Dark green

Fall Color: Yellow/orange

	Each	25+	50+
#1575352 #5 Container	34.50	31.05	29.33

Zone 4

HOLLY (Ilex)

Prefer well-drained soil that is slightly-acidic. Use in hedges, foundation plantings, border screens, or as a specimen plant. Showy red berries add color to the landscape in winter.

Shamrock

Ilex glabra 'Shamrock'

Slow-growing, semi-evergreen shrub with glossy dark green leaves. Tolerates moist conditions. Needs winter protection.

H: 3-4' W: 3-4'

Shape: Rounded, compact

Flower: Insignificant

Foliage: Dark green

Fall Color: Dark green

HYDRANGEA

Prefer moist, fertile, well-drained soil. Large, beautiful flower blooms add vivid color to the landscape.

Annabelle

Hydrangea arborescens 'Annabelle'

Large, symmetrical white flowers that bloom in June and July last for six to eight weeks. To promote new growth and maintain neat appearance, prune hard in spring. Performs well in shade.

H: 4-5' W: 3-5'

Shape: Rounded

Flower: White

Foliage: Dark green

Fall Color: Insignificant

		Each	25+	50+
#424729	#3 Container	28.00	25.20	23.80

Zone 3

Berry White®

Hydrangea paniculata 'Renba' (PP28,509)

Stunning blooms start white in early July and progress to dark pink as they mature on strong, upright stems. A good substitute for 'Vanilla Strawberry'.

H: 6-7' W: 4-5'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: White/pink

		Each	25+	50+
#214742	#2 Container	27.00	24.30	22.95
#214740	#5 Container	40.00	36.00	34.00

Bloomstruck™

Hydrangea macrophylla 'PIIHM-II' (PP25,566)

This reblooming hydrangea flowers on old and new wood. Intense rose-pink, violet, or blue flower heads are held upright on striking red-purple stems. Glossy dark green leaves with red petioles and red veins.

H: 3-4' W: 4-5'

Foliage: Dark green

Shape: Rounded, spreading

Fall Color: Burgundy-red

Flower: Pink/violet/blue

		Each	25+	50+
#71758	#3 Container	33.00	29.70	28.05
#4492588	#5 Container	42.00	37.80	35.70

Blue Enchantress®

Hydrangea macrophylla 'Monmar' (PP25,209)

Beautiful blue-purple flower heads contrast against deep green, serrated foliage and dark purple stems. A reblooming hydrangea with flowers that range from blue or pink-white, depending on soil acidity.

H: 3-5' W: 3-5'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: Blue

		Each	25+	50+
#394720	#2 Container	42.00	37.80	35.70

Photo courtesy of Monrovia Nursery

Bobo®

Hydrangea paniculata 'ILVOBO' (PP22,782)

This dwarf hydrangea will stand out in the garden. Large white flowers bloom midsummer. The flowers are held on strong upright stems and take on a pinkish blush in fall.

H: 2-3' W: 3-4'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: White

		Each	25+	50+
#4239527	#3 Container	33.00	29.70	28.05
#107284	#10 Container	60.00	54.00	51.00

Early Evolution

Zone 4

Hydrangea paniculata 'AJ14' (PP30,983)

Buds form in late spring covering the plant with lime-white flowers that turn pure white, then blush as they mature. Older flowers transform to dark pink in September.

H: 2' W: 2'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Green-white/pink

	Each	25+	50+
#362260 #2 Container	42.00	37.80	35.70

Photo courtesy of Monrovia Nursery

Fire Light™

PW Zone 3

Hydrangea paniculata 'SMHPFL' (PP25,135)

Strong upright stems support large flowers that transform from white to a rich pomegranate red in the fall. Great for containers and the garden.

H: 4-6' W: 4-6'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: White-pink/red

	Each	25+	50+
#115666 #3 Container	33.00	29.70	28.05

Fire Light Tidbit™

PW Zone 3

Hydrangea paniculata 'SMNHPK' (PP32,512)

Smaller and more compact than 'Fire Light'. Has strong, sturdy, upright stems supporting large flowers that transform from white to a light pink-red color in the fall. Great for containers and the garden.

H: 2-3' W: 2-3'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: White-pink/red

	Each	25+	50+
#289874 #3 Container	33.00	29.70	28.05

Photo courtesy of Proven Winners

Incrediball®

PW Zone 3

Hydrangea arborescens 'Abetwo' (PP20,571)

An improved 'Annabelle' with incredibly large white blooms and stronger, thicker stems that eliminate flopping.

H: 4-5' W: 4-5'

Foliage: Dark green

Shape: Rounded

Fall Color: Insignificant

Flower: White

	Each	25+	50+
#3689606 #3 Container	33.00	29.70	28.05

Incrediball® Blush

Hydrangea arborescens 'Incrediball Blush'

PW Zone 3

A pink color option in the Incrediball series. Big, bodacious, blush-pink ball shaped blooms that change to an attractive green as they age. Sturdy stems prevent flopping.

H: 4-5' W: 4-5'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Light pink

		Each	25+	50+
#108458	#3 Container	33.00	29.70	28.05

Invincibelle® Ruby

Hydrangea arborescens 'NCHA3' (PP28,317)

PW Zone 3

Dark, burgundy-red buds emerge on strong stems above dark green foliage and open into bi-color, bright ruby-red and silvery-pink flowers.

H: 3-4' W: 2-3'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Red/Silvery-pink

		Each	25+	50+
#115668	#3 Container	33.00	29.70	28.05

Photo courtesy of Proven Winners

Invincibelle Wee White®

Hydrangea arborescens 'NCHA5' (PP30,296)

PW Zone 3

The first dwarf 'Annabelle' type hydrangea. A compact, rounded mound with strong, supportive stems that prevent flopping even after a rainfall. White blooms from summer to fall.

H: 12-30" W: 12-30"

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: White

		Each	25+	50+
#145828	#3 Container	33.00	29.70	28.05

Limelight

Hydrangea paniculata 'Limelight' (PP12,874)

PW Zone 3

An extraordinary hydrangea with exquisite bright lime green to cream flowers that change to a rich deep pink in fall. Excellent vigor and floriferous blooming.

H: 6-8' W: 5-7'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: Lime green

		Each	25+	50+
#2232339	#3 Container	33.00	29.70	28.05
#2901846	#10 Container	60.00	54.00	51.00

Limelight Prime™

PW Zone 3

Hydrangea paniculata 'SMNHPPH' (PP32,511)

An improved cultivar of 'Limelight' with darker green foliage, stronger stems, and smaller flowers. Has more of a red fall flower color rather than a pink hue.

H: 4-6' W: 4-5'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: Green-pink/red

	Each	25+	50+
#289878 #3 Container	33.00	29.70	28.05

Photo courtesy of Proven Winners

Little Hottie™

FIRST EDITIONS Zone 3

Hydrangea paniculata 'Bailpanone' (PP32,549)

Compact, well-branched paniculata hydrangea with flowers that emerge green, turn bright white, then light pink in fall. Alternative to 'Little Lime'. Tolerant of heat stress.

H: 3-5' W: 3-5'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: Green-white/pink

	Each	25+	50+
#290512 #2 Container	29.00	26.10	24.65

Little Lime™

PW Zone 3

Hydrangea paniculata 'Jane' (PP22,330)

A dwarf form of 'Limelight'. 'Little Lime' has the same great flowers but is about one third the size of the original.

H: 3-5' W: 3-5'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: Lime green

	Each	25+	50+
#3907434 #3 Container	33.00	29.70	28.05
#107288 #10 Container	60.00	54.00	51.00

Little Lime Punch™

PW Zone 3

Hydrangea paniculata 'SMNHPPH' (PP33,207)

Lime-green blooms emerge on strong stems above compact green foliage and change progressively from bottom to top in an amazing array of white, light pink, and punch-red. As it reblooms in the summer, the colors will mix, eventually turning to red in fall.

H: 3-5' W: 3-5'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Green/pink/red/white

	Each	25+	50+
#295472 #3 Container	33.00	29.70	28.05

Photo courtesy of Proven Winners

Little Quick Fire®

DW Zone 3

Hydrangea paniculata 'SMHPLQF' (PP25,136)

A dwarf form of 'Quick Fire'. This early-blooming variety has white flowers that turn to deep pink with red highlights by fall.

H: 3-5' W: 3-5'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: White-pink/red

		Each	25+	50+
#85948	#3 Container	33.00	29.70	28.05
#140400	#10 Container	60.00	54.00	51.00

Pinky Winky™

DW Zone 3

Hydrangea paniculata 'DVP Pinky' (PP16,166)

An amazing hydrangea with two-toned flower heads. Large 12-16" flowers emerge white then turn pink. The dark green foliage provides a great contrast for the flowers.

H: 6-8' W: 6-8'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: White-pink

		Each	25+	50+
#4409777	#5 Container	40.00	36.00	34.00

Pop Star®

Zone 4

Hydrangea macrophylla 'Bailmacsix' (PP33,703)

Compact, strong reblooming hydrangea with beautiful blue blooms that emerge over thick green leaves. Cut back terminal buds to encourage reblooming.

H: 2-3' W: 2-3'

Foliage: Green

Shape: Mounded

Fall Color: Yellow

Flower: Blue/pink

		Each	25+	50+
#366156	#3 Container	33.00	29.70	28.05

Quick Fire®

DW Zone 3

Hydrangea paniculata 'Bulk' (PP16,812)

An early blooming paniculata hydrangea with conical flowers that emerge white, then quickly mature to a rich deep pink.

H: 6-8' W: 4-6'

Foliage: Green

Shape: Rounded

Fall Color: Insignificant

Flower: White-pink

		Each	25+	50+
#2730606	#3 Container	33.00	29.70	28.05
#3510863	#10 Container	60.00	54.00	51.00

Quick Fire® Fab™

PW Zone 3

Hydrangea paniculata 'SMNHPM' (PP32,513)

Similar to 'Quick Fire', but with big, full, showy mophead blooms. Flower color changes from white to pink to bright pink to deep red throughout the season.

H: 6-8' W: 5-6'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: White-pink/red

		Each	25+	50+
#289880	#3 Container	33.00	29.70	28.05

Photo courtesy of Proven Winners

Strawberry Sundae®

FIRST EDITIONS Zone 3

Hydrangea paniculata 'RENSUN' (PP25,438)

A compact hydrangea similar to 'Vanilla Strawberry' with the exception of being smaller in stature. Flowers emerge creamy-white, change to pink, and finally to strawberry red.

H: 4-5' W: 3-4'

Foliage: Green

Shape: Upright, compact

Fall Color: Insignificant

Flower: White-pink/red

		Each	25+	50+
#4492557	#2 Container	27.50	24.75	23.38
#71762	#5 Container	40.00	36.00	34.00

Summer Crush®

Endless Summer Zone 4

Hydrangea macrophylla 'Bailmacfive' (PP30,359)

Carries a profusion of big raspberry-red to neon purple blooms all season.

Blooms are offset by dark green glossy leaves. The compact habit makes this great for smaller spaces and works well in patio containers.

H: 2-3' W: 2-3'

Foliage: Green

Shape: Upright, rounded

Fall Color: Yellow

Flower: Red-pink

		Each	25+	50+
#214736	#3 Container	33.00	29.70	28.05
#214738	#5 Container	42.00	37.80	35.70

Torch™

bloomin' easy Zone 3

Hydrangea paniculata 'HPOPR018' (PP32,972)

Early blooming hydrangea with creamy white flowers that blush to pink, then turn a bright red in fall.

H: 4-5' W: 4-5'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: White-pink/red

		Each	25+	50+
#354416	#3 Container	33.00	29.70	28.05

HYPERICUM (St. John's Wort)

Prefer well-drained soil that is slightly-acidic. Use in mass plantings, gardens, or container plantings.

Cobalt-n-Gold™

Hypericum kalmianum 'PIIHYP-1' (PP25,318)

FIRST EDITIONS **Zone 4**

A mound of blue-silver foliage is blanketed with 3/4" sunny yellow flowers from early summer to fall. Attractive fall color in the leaves along with a bark that exfoliates as it matures creates a beautiful landscape plant.

H: 2-3' W: 4-5'

Foliage: Silver-blue

Shape: Mounded

Fall Color: Orange-yellow-red

Flower: Yellow

	Each	25+	50+

Syringa vulgaris 'Charles Joly'

Zone 3

French hybrid with fragrant, double magenta flowers that bloom in May.

H: 8-12' W: 8-10'

Foliage: Green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Magenta

		Each	25+	50+
#171958	#3 Container	30.00	27.00	25.50

Common Purple

Syringa vulgaris

Zone 2

Large, upright shrub with fragrant, single lilac-purple flowers in May. The suckering habit of this plant makes it a great choice for hedging or screening.

H: 10-15' W: 8-12'

Foliage: Blue-green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Purple

		Each	25+	50+
#171960	#3 Container	30.00	27.00	25.50
#1081204	#5 Container	35.00	31.50	29.75
#1994559	#10 Container	60.00	54.00	51.00

Common White

Syringa vulgaris 'Alba'

Zone 2

Large, upright shrub with fragrant, single white flowers in May. The suckering habit makes this a good choice for hedging or screening.

H: 10-15' W: 6-12'

Foliage: Blue-green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: White

		Each	25+	50+
#171962	#3 Container	30.00	27.00	25.50
#3359714	#10 Container	60.00	54.00	51.00

Declaration

Syringa x 'Declaration'

Zone 4

Large, dramatic cluster of deep reddish-purple, fragrant flowers. Blooms 7 to 10 days earlier than common lilacs. Useful as a flowering informal screen, background shrub, or specimen.

H: 6-8' W: 5-6'

Foliage: Green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Purple

		Each	25+	50+
#171976	#3 Container	30.00	27.00	25.50

Donald Wyman

Syringa x prestoniae 'Donald Wyman'

Zone 2

Preston hybrid with single red-purple flowers that bloom in late May and June.

H: 8-10' W: 6-10'

Foliage: Dark green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Red-purple

		Each	25+	50+
#2697886	#10 Container	60.00	54.00	51.00

Dwarf Korean

Syringa meyeri 'Palibin'

Zone 3

Compact shrub with small round leaves. Fragrant, purple-violet flowers in late May and early June.

H: 4-6' W: 5-7'

Foliage: Dark green

Shape: Compact, rounded

Fall Color: Insignificant

Flower: Purple-violet

		Each	25+	50+
#12483	#2 Container	25.00	22.50	21.25
#12506	#5 Container	35.00	31.50	29.75
#2901990	#10 Container	59.00	53.10	50.15

Little Lady™

Syringa x 'Jeflady' (PP30,331)

FIRST EDITIONS

Zone 2

Fragrant, lilac-pink flowers and upward-curling leaves similar to 'Miss Kim' on a more compact and restrained plant. Perfect for foundation plantings, hedges, or in mass plantings.

H: 4-5' W: 4-5'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: Purple

		Each	25+	50+
#257270	#2 Container	25.00	22.50	21.25

Miss Kim

Syringa patula 'Miss Kim'

Zone 3

Compact shrub with wavy, dark green leaves that turn burgundy in fall.

Fragrant, single, lilac-purple flowers bloom in May.

H: 6-8' W: 5-6'

Foliage: Dark green

Shape: Compact, rounded

Fall Color: Burgundy

Flower: Purple

		Each	25+	50+
#12650	#2 Container	25.00	22.50	21.25
#12674	#5 Container	35.00	31.50	29.75
#2691921	#10 Container	59.00	53.10	50.15

Pinktini™

Syringa x prestoniae 'Jeftini' (PP32,724)

FIRST EDITIONS

Zone 3

Naturally small shrub with an upright habit. Flashy pink flowers with contrasting bright green foliage. Cold and drought tolerant.

H: 4-5' W: 3-4'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: Pink

		Each	25+	50+
#362274	#3 Container	30.00	27.00	25.50

Pocahontas

Zone 2

Syringa x hyacinthiflora 'Pocahontas' 

Canadian hybrid with maroon-purple buds that open to fragrant, single violet flowers in early May. Large, dark blue-green leaves.

H: 10-12' W: 10-12'

Foliage: Blue-green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Violet

		Each	25+	50+
#171964	#3 Container	30.00	27.00	25.50
#2697909	#10 Container	59.00	53.10	50.15

President Grevy

Zone 3

Syringa vulgaris 'President Grevy' 

French hybrid with double blue flowers that bloom in May. Upright habit and large, glossy green foliage.

H: 10-12' W: 5-10'

Foliage: Green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Blue

		Each	25+	50+
#171966	#3 Container	35.00	31.50	29.75

Sensation

Zone 3

Syringa vulgaris 'Sensation' 

French hybrid with unique, single purple flowers with a white margin that bloom in May.

H: 8-10' W: 8-12'

Foliage: Blue-green

Shape: Rounded

Fall Color: Insignificant

Flower: Purple/white

		Each	25+	50+
#171968	#3 Container	30.00	27.00	25.50

Virtual Violet®

FIRST EDITIONS

Zone 3

Syringa 'Bailbridget' (PP30,286) 

Young leaves are tinted violet on deep purple stems with raspberry-purple buds that open to brilliant violet blooms. Strong upright form. Has good resistance to powdery mildew.

H: 6-8' W: 5-7'

Foliage: Dark green

Shape: Upright

Fall Color: Brownish-yellow

Flower: Violet

		Each	25+	50+
#171920	#3 Container	37.00	33.30	31.45

MAPLE (Acer)

Very adaptable to a wide range of soils. Extremely tolerant of urban pollution. Excellent fall color to brighten the landscape. Use as a specimen plant or for hedges and screens.

Compact Amur

Acer ginnala 'Compactum'

Zone 3

Dense, compact form of the hardy shrub maple. Glossy green leaves turn a brilliant scarlet in fall. Winged fruit turn red in late summer while leaves are still green.

H: 6-10' W: 8-10'

Foliage: Green

Shape: Rounded, compact

Fall Color: Scarlet

Flower: Insignificant

		Each	25+	50+
#90467	#5 Container	35.00	31.50	29.75
#1854693	#10 Container	57.00	51.30	48.45

MOCKORANGE (Philadelphus)

Prefer moist, well-drained soil. Use as a border plant, in groups for screening, or as a stand alone specimen plant. Adds a remarkable citrus fragrance to the landscape.

Snow White™ Fantasy

Philadelphus 'Snowwhite Fantasy' (PP13,774)

FIRST EDITIONS Zone 4

A repeat flowering hybrid with double flowers that blooms abundantly in spring and again in summer. Gracefully arching branches host beautiful, pure white, fragrant flowers.

H: 5-6' W: 4-5'

Foliage: Dark green

Shape: Upright, arching

Fall Color: Insignificant

Flower: White

		Each	25+	50+
#4507848	#2 Container	57.50	24.75	23.38

NINEBARK (*Physocarpus*)

Prefer well-drained soil that is slightly-acidic, but will adapt to a variety of soil conditions. Drought-tolerant once established. Use for specimen plantings, foundation plantings, edges, screens, and erosion control.

Amber Jubilee™

Physocarpus opulifolius 'Jefam' (PP23,177)

FIRST EDITIONS **Zone 2**

A medley of green, yellow, and orange foliage that transforms to shades of red and purple in fall. Delicate white spring blooms cover this dense, rounded shrub. Seedling selection of 'Diabolo' and 'Dart's Gold'.

H: 5-6' W: 4'

Foliage: Green-yellow-orange

Shape: Upright, rounded

Fall Color: Red-purple

Flower: White

		Each	25+	50+
#4263775	#2 Container	26.50	23.85	22.53
#4263782	#5 Container	38.00	34.20	32.30
#134094	#10 Container	58.00	52.20	49.30

Diabolo®

Physocarpus opulifolius 'Monlo'

Zone 3

An exciting ninebark with rich, dark burgundy foliage. White flowers bloom in May and June.

H: 8-10' W: 8-10'

Foliage: Purple

Shape: Upright

Fall Color: Dark burgundy

Flower: White

		Each	25+	50+
#1293461	#2 Container	20.00	18.00	17.00
#1499832	#5 Container	30.00	27.00	25.50
#3359738	#10 Container	58.00	52.20	49.30

Fireside®

Physocarpus opulifolius 'UMNHarpell' (PP30,792)

FIRST EDITIONS **Zone 3**

Stunning red new growth that matures to a deep red-purple and holds its color all season long. Leaf size is bigger than 'Little Devil', but smaller than 'Diabolo'.

H: 5-7' W: 4-6'

Foliage: Red-purple

Shape: Upright, rounded

Fall Color: Deep purple

Flower: Pink-white

		Each	25+	50+
#214744	#2 Container	25.00	22.50	21.25

Lemon Candy

Zone 3

Physocarpus opulifolius 'Podaras 3' (PP22,362)

Rich, chartreuse foliage from spring until fall with white blooms in spring. Compact habit is excellent for foundation and shrub border use.

H: 4-5' W: 4-5'

Foliage: Chartreuse

Shape: Mounded

Fall Color: Insignificant

Flower: White

		Each	25+	50+
#70896	#2 Container	27.00	24.30	22.95

Little Devil™

FIRST EDITIONS Zone 3

Physocarpus opulifolius 'Donna May' (PP22,634)

An improved ninebark selection with a compact growth habit. Compact growth habit makes it great for smaller gardens. Deep burgundy foliage is offset by white-pink flowers in June. Great for small gardens.

H: 3-4' W: 3-4'

Foliage: Red-purple

Shape: Upright, rounded

Fall Color: Insignificant

Flower: White-pink

		Each	25+	50+
#3868667	#2 Container	26.00	23.40	22.10
#4132194	#5 Container	37.00	33.30	31.45
#71766	#10 Container	58.00	52.20	49.30

Lucky Devil®

FIRST EDITIONS Zone 3

Physocarpus opulifolius 'ZLEMicheal' (PP34,243)

White flowers emerge above bright yellow-green foliage in spring on this upright, mounded ninebark. Foliage turns to shades of orange in the fall. Resistant to powdery mildew.

H: 3-4' W: 3-4'

Foliage: Yellow

Shape: Upright, rounded

Fall Color: Yellow-orange

Flower: White

		Each	25+	50+
#362264	#2 Container	25.50	22.95	21.68

Raspberry Lemonade™

Zone 3

Physocarpus opulifolius 'ZLEyel2' (PP31,198)

Compact, dense, mounding shrub perfect for smaller spaces. Bright chartreuse foliage with white flowers followed by coral-red berries in fall.

H: 4' W: 4'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: White

		Each	25+	50+
#290534	#2 Container	26.00	23.40	22.10

Photo courtesy of Van Belle Nursery

Spicy Devil®

Physocarpus opulifolius 'ZLENatalie' (PP34,244)

A glowing display of orange and yellow leaves emerge before maturing to a vivid reddish-purple with beautiful white pink flowers.

H: 3-4' W: 3-4'

Foliage: Dark purple

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Pink/white

		Each	25+	50+
#362262	#2 Container	26.00	23.40	22.10

Summer Wine®

Physocarpus opulifolius 'Seward' (PP14,821)

An improved ninebark hybrid that resulted from a cross between 'Dwarf' and 'Diabolo'. This attractive plant has a dense, compact habit and finely cut, wine-colored foliage. White button-like flowers bloom in May and June.

H: 5-6' W: 5-6'

Foliage: Purple

Shape: Upright, rounded

Fall Color: Dark burgundy

Flower: White

		Each	25+	50+
#2514688	#2 Container	25.00	22.50	21.25
#2514725	#5 Container	36.00	32.40	30.60

Photo courtesy of Froven Winners

Sweet Cherry Tea™

Physocarpus opulifolius 'ZLEBic5' (PP31,235)

Leaves emerge reddish orange and quickly deepen to dark purple. Flowering in June with a display of tiny, delicate pink clusters followed by red fruit. As fall arrives, the leaves turn beautiful shades of burgundy and red. Older plants have exfoliating bark which adds winter interest to the landscape.

H: 3-4' W: 3-4'

Foliage: Red

Shape: Mounded

Fall Color: Red-burgundy

Flower: Pink

		Each	25+	50+
#394780	#2 Container*	25.00	22.50	21.25

*Available Late Summer

Photo courtesy of Spring Hill Nursery

Tiny Wine®

Physocarpus opulifolius 'SMPOTW' (PP26,749)

A dwarf ninebark that is extra bushy, with small, refined leaves. The dark bronze-maroon foliage is colorful all season and contrasts beautifully with the white flowers in late spring.

H: 3-4' W: 3-4'

Foliage: Maroon

Shape: Upright

Fall Color: Burgundy

Flower: White

		Each	25+	50+
#4426385	#2 Container	25.00	22.50	21.25

POTENTILLA (Cinquefoil)

Prefer moist, fertile, well-drained soil. Use as hedging, mass plantings, specimen in the garden, or erosion control.

Bella Bellissima™

Zone 2

Potentilla fruticosa 'Hachliss' (PP27,715)

Deep pink blooms cover this cold-hardy, compact shrub from spring through summer. Replaces 'Pink Beauty'.

H: 2-3' W: 2-3'

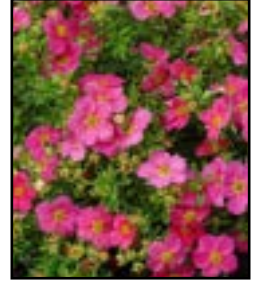

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Pink

		Each	25+	50+
#145810	#2 Container	22.00	19.80	18.70

Bella Sol™

Zone 2

Potentilla fruticosa 'Hachdon' (PP27,685)

Vibrant orange flowers saturate this compact, cold-hardy shrub from top to bottom. Replaces 'Mango Tango'.

H: 2-3' W: 2-3'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Orange

		Each	25+	50+
#145802	#2 Container	22.00	19.80	18.70

Goldfinger

Zone 2

Potentilla fruticosa 'Goldfinger'

Rounded shrub with upright, arching branches. Large, bright yellow flowers bloom all summer.

H: 3-4' W: 3-4'

Foliage: Dark green

Shape: Rounded

Fall Color: Insignificant

Flower: Yellow

		Each	25+	50+
#14906	#2 Container	18.00	16.20	15.30

Lemon Meringue™

Zone 2

Potentilla fruticosa 'Bailmeringue'

Light yellow double flowers with dark centers, emerge above tidy, deer-resistant green foliage that requires little pruning.

H: 2-3' W: 2-3'

Foliage: Green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Yellow

		Each	25+	50+
#362266	#2 Container	22.00	19.80	18.70

Marmalade™

Potentilla fruticosa 'Jefmarm' (PP31,663)

A very tight habit with dark green foliage and brilliant orange double blooms. Very hardy and deer-resistant.

H: 2-3' W: 2-3'

Shape: Upright, rounded

Flower: Orange

Foliage: Green

Fall Color: Insignificant

		Each	25+	50+
#257284	#2 Container	22.00	19.80	18.70

FIRST EDITIONS **Zone 2**

McKay's White

Potentilla fruticosa 'McKay's White'

A prolific bloomer, one of the best white-flowering potentillas.

H: 2-3' W: 2-3'

Shape: Rounded

Flower: White

Foliage: Green

Fall Color: Insignificant

		Each	25+	50+
#15118	#2 Container	18.00	16.20	15.30

Zone 2

PRIVET (*Ligustrum*)

Very adaptable to a wide range of soils as long as they are well-drained. Privet grows fast and full, which make them easily shapable to use as an ornamental hedge.

Straight Talk™

Ligustrum vulgare 'Swift'

A tightly-upright specimen that is cold and drought tolerant. Easy to grow in a wide range of conditions.

H: 12' W: 24"

Shape: Columnar

Flower: White

Foliage: Green

Fall Color: Insignificant

		Each	25+	50+
#257286	#5 Container	36.00	32.40	30.60

FIRST EDITIONS **Zone 4**

RHODODENDRON

To improve transplanting success, azaleas and rhododendrons require a well-drained, acidic soil. A pH of 4.0 to 5.5 is optimum. To avoid root rot problems, it is important to have good drainage and to not plant too deep. When planting, dig a shallow hole and backfill around the plant with a mixture of acid peat and existing soil. Top dress with an organic mulch to preserve root zone moisture. Avoid planting in sites with a southern exposure or strong winter winds.

Hellikki

Rhododendron 'Hellikki'

A large-leaf type with a dense, mounded habit. Dark violet-red funnel-shaped flowers in mid-May are offset by deep green foliage. A 'Marjatta' hybrid.

H: 6' W: 6'

Shape: Spreading

Flower: Violet-red

Foliage: Dark green

Fall Color: Dark green

P.J.M. Compact

Rhododendron 'P.J.M. Compact'

Zone 4

Dwarf selection of 'P.J.M.' An evergreen shrub with brilliant lavender-pink flowers that bloom in early May.

H: 3-5' W: 4-6'

Foliage: Dark green

Shape: Rounded

Fall Color: Mahogany

Flower: Lavender-pink

		Each	25+	50+
#66880	#3 Container	38.00	34.20	32.30

Purple Gem

Rhododendron 'Purple Gem'

Slow-growing, compact shrub with small green leaves that turn bronze in winter. Masses of tiny blue-purple flowers emerge in mid-May.

H: 18-24" W: 18-24"

Foliage: Green

Shape: Mounded

Fall Color: Bronze

Flower: Purple

		Each	25+	50+
#88587	#2 Container	35.00	31.50	29.75

Zone 4

Roseum Pink

Rhododendron catawbiense 'Roseum Pink'

A dense, rounded evergreen with an upright habit and smooth green foliage. Masses of small pink flowers cover this large-leaf type.

H: 5-6' W: 5-6'

Foliage: Green

Shape: Upright, round

Fall Color: Insignificant

Flower: Pink

		Each	25+	50+
#394794	#3 Container	36.00	32.40	30.60

SERVICEBERRY (Amelanchier)

Prefer moist, well-drained soil. Use as a specimen plant, privacy screen, border, or backdrop.

Regent

Amelanchier alnifolia 'Regent'

Large, white flowers in May followed by edible, sweet, purple-black fruit. Tolerates dry sites.

H: 4-6' W: 4-8'

Foliage: Green

Shape: Rounded, upright

Fall Color: Yellow to red

Flower: White

		Each	25+	50+
#579641	#5 Container	34.50	31.05	29.33
#1934364	#10 Container	60.00	54.00	51.00

Zone 2

SMOKEBUSH (Cotinus)

Prefer fertile, well-drained soil. Use as a specimen plant or as an informal hedge. Drought-tolerant, so it can be used in xeriscaping.

Golden Spirit

Cotinus coggygria 'Ancot' (PP13,082)

Bright lime-green spring foliage matures to golden for the summer, then brilliant red-orange in the fall. Smoke-like pinkish flower panicles bloom in early summer. Prefers moist, well-drained soil.

H: 6-8' W: 5-6'

Foliage: Golden

Shape: Upright, rounded

Fall Color: Orange-red

Flower: Pink

		Each	25+	50+
#2902027	#3 Container	33.00	29.70	28.05

Zone 4

Grace

Cotinus x 'Grace'

Zone 4

Beautiful purple-red foliage fades to blue-green with age. Large pink flower panicles bloom in summer. Hybrid of 'Common' and 'American'.

H: 15' W: 12'

Foliage: Purple

Shape: Upright

Fall Color: Red-orange

Flower: Pink

	Each	25+	50+
#2902034 #3 Container	33.00	29.70	28.05

Lilla

Cotinus cogggyria 'Lilla'

Zone 4

Smoke-like plumes of pink flowers emerge above rich, wine-red foliage in summer, before changing to shades of radiant orange and red in fall.

H: 4' W: 4'

Foliage: Purple

Shape: Upright, mounded

Fall Color: Orange-red

Flower: Pink

	Each	25+	50+
#362268 #2 Container	40.00	36.00	34.00

Winecraft Black®

Cotinus cogggyria 'NCC01' (PP30,216)

Zone 4

Soft, misty panicle blooms rise above remarkable dark foliage that turns red and orange in fall. Its dwarf growth habit makes it a unique addition to any size landscape.

H: 4-6' W: 4-6'

Foliage: Purple-black

Shape: Upright, rounded

Fall Color: Red/orange

Flower: Pink-red

	Each	25+	50+
#226382 #3 Container	35.00	31.50	29.75

Winecraft Gold®

Cotinus cogggyria 'MNCOJAU3' (PP30,327)

Zone 5

Cloud-like, green flower clusters emerge in spring above round, waxy, bright orange foliage. Flowers turn into smoke-like plumes that mature pink and foliage takes on a golden hue before becoming chartreuse at maturity. Deer-resistant. Winter protection recommended.

H: 4-6' W: 4-6'

Foliage: Green/orange/yellow

Shape: Upright

Fall Color: Chartreuse

Flower: Green/pink

	Each	25+	50+

#16573 #2 Container	21.00	18.90	17.85

Anthony Waterer

Spiraea x bumalda 'Anthony Waterer'

Zone 4

A dense, broad shrub with red-tinged blue-green leaves that turn bronze-red in fall. Rose-pink flowers. Will flower all season with regular shearing.

H: 3-4' W: 3-5'

Foliage: Blue-green

Shape: Rounded, broad

Fall Color: Bronze-red

Flower: Rose-pink

	Each	25+	50+
#16658 #2 Container	17.00	15.30	14.45

Double Play® Big Bang®

Spiraea japonica 'Tracy' (PP21,588)

PW Zone 4

Massive pink flowers bloom against bright yellow foliage. Glowing orange spring foliage.

H: 2-3' W: 2-3'

Foliage: Yellow

Shape: Mounded

Fall Color: Yellow

Flower: Pink

		Each	25+	50+
#4239503	#2 Container	32.00	28.80	27.20

Double Play® Blue Kazoo®

Spiraea media 'SMSMBK' (PP26,655)

PW Zone 3

A compact, mounding spirea with a freely branching, vigorous growth habit. Blue-green foliage contrasts with the white flower blooms. New growth has hints of burgundy and develops a rich red color in the fall. This neat, mounded plant is an excellent addition to the landscaper's palette.

H: 2-3' W: 2-3'

Foliage: Blue-green

Little Spark™

FIRST EDITIONS Zone 3

Spiraea japonica 'Minspil04' (PP30,819)

Compact spirea with pink flowers and orange new growth. Yellow foliage in summer is retained all season long. Deadhead to encourage reblooming. Pink shades for fall foliage create a beautiful multi-toned effect. Improved 'Goldflame'.

H: 18-24" W: 18-30"

Foliage: Orange/yellow

Shape: Rounded, spreading

Fall Color: Reddish-pink

Flower: Pink

		Each	25+	50+
#290542	#2 Container	24.00	21.60	20.40

Magic Carpet

Zone 3

Spiraea japonica 'Walbuma' (PP9,363)

A dwarf spirea with striking, red-tipped golden foliage. Deep pink flowers emerge in early summer.

H: 18-24" W: 18-24"

Foliage: Golden

Shape: Compact

Fall Color: Reddish-brown

Flower: Deep pink

Neon Flash

Zone 4

Spiraea japonica 'Neon Flash'

Vigorous, dense shrub with purple-red foliage that turns green as it matures. Vivid red flowers bloom throughout the growing season. Great alternative to 'Anthony Waterer'.

H: 2-3' W: 3-5'

Foliage: Green

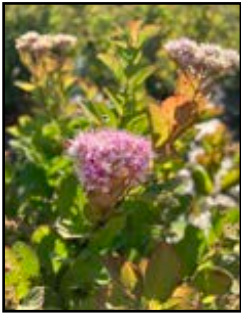

Shape: Rounded, broad

Fall Color: Insignificant

Flower: Red

		Each	25+	50+
#94809	#2 Container	18.00	16.20	15.30
#94816	#5 Container	26.00	23.40	22.10

Pink Sparkler™

FIRST EDITIONS **Zone 3**

Spiraea betulifolia 'COURISPI01' (PP27,933)

This Birchleaf Spirea has a rounded shape that requires very little pruning. Beautiful pink flowers emerge in early summer and then rebloom in fall. The leaves turn brilliant burgundy-red in fall.

H: 3-4' W: 3-4'

Foliage: Yellow-green to green

Shape: Rounded

Fall Color: Red

Flower: Pink

		Each	25+	50+
#107244	#2 Container	22.00	19.80	18.70

Snowmound

Zone 4

Spiraea nipponica 'Snowmound'

Rounded, upright shrub with blue-green foliage. Masses of pure white flowers bloom in May and June. Excellent hedge plant.

H: 3-5' W: 3-5'

Foliage: Blue-green

Shape: Rounded

Fall Color: Insignificant

Flower: White

		Each	25+	50+
#186300	#3 Container	24.00	21.60	20.40

Spot On™

FIRST EDITIONS **Zone 3**

Spiraea x fritschiana 'JN Select J' (PP31,995)

Like 'Tor' but with pink flowers. Fall foliage consists of blazing shades of red, orange, and yellow. Replaces 'Fritschiana'.

H: 3-4' W: 3-5'

Foliage: Green

Shape: Rounded, spreading

Fall Color: Red/orange/yellow

Flower: Pink

		Each	25+	50+
#290544	#2 Container	22.00	19.80	18.70

Superstar™

FIRST EDITIONS **Zone 3**

Spiraea x bumalda 'Denistar' (PP22,432)

'Superstar' is a sport of 'Froebelli' that is more compact. Deep green foliage with scarlet-red new growth. Pink blossoms cover the plant all season long.

H: 2-3' W: 3-4'

Foliage: Green

Shape: Rounded

Fall Color: Bronze

Flower: Pink

		Each	25+	50+
#3907557	#2 Container	26.00	23.40	22.10
#4492441	#5 Container	35.00	31.50	29.75

Tor

Zone 3

Spiraea betulifolia 'Tor'

A Birchleaf Spirea with a compact, rounded habit. Clusters of white flowers bloom in mid to late spring, then sporadically throughout the season. Rich green leaves turn a brilliant purple-red in the fall.

H: 3-4' W: 3-4'

Foliage: Green

Shape: Rounded

Fall Color: Purple-red

Flower: White

		Each	25+	50+
#1583418	#2 Container	18.00	16.20	15.30
#1859445	#5 Container	29.00	26.10	24.65

Vanhoutte Renaissance

Zone 3

Spiraea x vanhouttei 'Renaissance'

An improved 'Vanhoutte' selected for its disease-resistant foliage. Profusions of cascading white flowers in May. Excellent hedge plant. Also known as 'Bridalwreath'.

H: 5-7' W: 6-8'

Foliage: Blue-green

Shape: Vase-shaped

Fall Color: Orange-red

Flower: White

		Each	25+	50+
#498379	#2 Container	18.00	16.20	15.30
#579795	#5 Container	30.00	27.00	25.30

STEPHANANDRA

Prefer moist, well-drained soil. Use for erosion control, mass planting, accent in the garden, or a groundcover. Prune suckers every winter to control growth.

Crispa Cutleaf

Zone 4

Stephanandra incisa 'Crispa'

A graceful, low-spreading plant. New foliage is tinged red-bronze turning bright green as it matures. Excellent for covering banks or cascading over rock walls.

H: 2-3' W: 4-5'

Foliage: Red-bronze/green

Shape: Mounded

Fall Color: Red-orange

Flower: White

		Each	25+	50+
#17884	#2 Container	20.00	18.00	17.00

SUMAC (*Rhus*)

Very adaptable to a wide range of soils as long as they are well-drained. Use as backdrops in the garden or plant on the edge of backyards, woods, and fields to add a pop of color.

Cutleaf Tiger Eyes®

Rhus typhina 'Bailtiger' (PP16,185)

A striking golden-leaved form of 'Cutleaf Staghorn'. New growth emerges chartreuse-green changing to bright yellow for the summer. In the fall the leaves are a brilliant combination of yellow, orange, and scarlet. Drought tolerant.

H: 6' W: 6'

Shape: Spreading, open

Flower: Crimson

Foliage: Yellow

Fall Color: Yellow-orange-scarlet

		Each	25+	50+
#2459507	#2 Container	26.00	23.40	22.10
#2208266	#5 Container	35.00	31.50	29.75
#3124282	#10 Container	58.00	52.20	49.30

FIRST EDITIONS **Zone 4**

Gro-Low Fragrant

Rhus aromatica 'Gro-Low'

A low, spreading form of 'Fragrant'. Yellow flowers followed by small, hairy, red fruit clusters on female plants. Good for mass plantings.

H: 24" W: 6-8'

Shape: Spreading, low

Flower: Yellow

Foliage: Green

Fall Color: Scarlet

		Each	25+	50+
#17761	#2 Container	20.00	18.00	17.00
#1282403	#5 Container	29.00	26.10	24.65

Zone 3

Staghorn

Rhus typhina

The branches on this native shrub are covered with dense, velvety hairs.

Brilliant red fall color. Green flowers in July and August are followed by scarlet fruit clusters in September. Suckering tendency makes it suitable for banks and naturalistic plantings. Tolerates poor, dry sites.

H: 10' W: 12-15'

Shape: Spreading, open

Flower: Green

Foliage: Green

Fall Color: Orange-red

		Each	25+	50+
#17914	#2 Container	22.00	19.80	18.70

Zone 3

VIBURNUM

Prefer moist, rich, well-drained slightly-acidic soil. Use as a specimen plant, accent in the garden, or plant as a hedge.

Arrowwood

Viburnum dentatum

This native shrub has creamy white flowers that emerge above glossy, dark green foliage in late spring to early summer. Multi-stemmed, rounded shrub that changes color in the fall to a colorful mix of yellow, shiny-red, and reddish-purple. Clusters of blue-black berries ripen in early fall.

H: 6-10' W: 6-10'

Foliage: Green

Shape: Upright, rounded

Fall Color: Orange/red/yellow

Flower: White

		Each	25+	50+
#329634	#5 Container	35.00	31.50	29.75

Zone 3

DW Zone 4

Weigela florida 'Verweig 8' (PP30,064)

A slightly larger cultivar of 'My Monet' that has a vigorous, compact, free-branching habit. Foliage is variegated with dark purple-green centers and white margins. Young foliage is tinged with pink.

H: 18-30" W: 18-30"

Foliage: Green/purple/white

Shape: Mounded

Fall Color: Insignificant

Flower: Pink

		Each	25+	50+
#257290	#2 Container	26.00	23.40	22.10
#261126	#5 Container	38.00	34.20	32.30

Rainbow Sensation™

FIRST EDITIONS Zone 4

Weigela florida 'Kolmagira' (PP20,384)

Dense clusters of soft-pink flowers bloom profusely in May. Attractive green-yellow variegated foliage.

H: 3-4' W: 3-4'

Foliage: Green/yellow

Shape: Compact, rounded

Fall Color: Insignificant

Flower: Pink

		Each	25+	50+
#4125141	#2 Container	27.50	24.75	23.38

Red Prince

Zone 4

Weigela florida 'Red Prince'

Upright growth habit with bright red flowers that hold their color. Flowers heavily in June and July and sporadically until fall. Developed at Iowa State University.

H: 5-6' W: 5-6'

Foliage: Green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Red

		Each	25+	50+
#19604	#2 Container	18.50	16.65	15.73
#352862	#5 Container	33.00	29.70	28.05

Shining Sensation™

FIRST EDITIONS Zone 4

Weigela florida 'Bokrashine'

Pink flowers bloom profusely in May and June then sporadically through summer. Shiny burgundy foliage stands out in the landscape.

H: 5-6' W: 3-4'

Foliage: Burgundy

Shape: Upright, arching

Fall Color: Insignificant

Flower: Pink

		Each	25+	50+
#3907670	#2 Container	28.00	25.20	23.80

Sonic Bloom™ Pink

PW Zone 4

Weigela florida 'Bokrasopin' (PP24,572)

Hot pink buds open to pink flowers in May. Reblooms until frost without deadheading. 'Sonic Bloom' has the strongest rebloom of any weigela.

H: 4-5' W: 4-5'

Foliage: Green

Shape: Mounded

Fall Color: Insignificant

Flower: Pink

	Each	25+	50+
#4426347 #2 Container	28.00	25.20	23.80

Sonic Bloom™ Red

PW Zone 4

Weigela florida 'Verweig6' (PP25,132)

Lipstick-red flowers bloom in May. Reblooms until frost without deadheading. 'Sonic Bloom' has the strongest rebloom of any weigela.

H: 4-5' W: 4-5'

Foliage: Green

Shape: Upright

Fall Color: Insignificant

Flower: Red

	Each	25+	50+
#4426378 #2 Container	27.50	24.75	23.38

Spilled Wine™

PW Zone 4

Weigela florida 'Bokraspiwi' (PP23,781)

'Spilled Wine' has striking, dark purple foliage and a spreading habit. Its hot pink-magenta flowers are similar to those of 'Wine & Roses', but this is a smaller plant that is generally wider than it is tall.

H: 12-24" W: 2-3'

Foliage: Black-purple

Shape: Spreading, compact

Fall Color: Insignificant

Flower: Pink

	Each	25+	50+

#1283042 #2 Container	20.00	18.00	17.00

WILLOW (*Salix*)

Prefer moist, well-drained soil that is slightly-acidic. Use to control erosion, to create living fences, or as a specimen plant.

Arctic Blue Leaf

Salix purpurea 'Nana'

Zone 4

An attractive hedge plant with blue-green, finely-textured foliage and deep purple twigs. Tolerates heavy pruning.

H: 4-6' W: 3-6'

Foliage: Blue-green

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Insignificant

	Each	25+	50+
#3978335 #3 Container	24.50	22.05	20.83

Flame

Salix 'Flame'

Zone 3

Named for its intense orange-red winter bark color. Dense branching habit makes this plant an excellent choice for windbreaks or screening.

H: 20' W: 15-20'

Foliage: Green

Shape: Oval, rounded

Fall Color: Yellow

Flower: Silver catkins

	Each	25+	50+
#3124343 #5 Container	24.50	22.05	20.83

Flamingo

Salix integra 'Flamingo' (PP17,490)

Zone 4

An improved sport of 'Hakuro Nishiki' with deep pink new growth that is retained well into the summer. Stunning red winter branches give this plant year round interest.

H: 4-5' W: 4-5'

Foliage: Pink/white/green

Shape: Rounded

Fall Color: Insignificant

Flower: Insignificant

Iceberg Alley™ Sageleaf

Salix candida 'Jefberg'

FIRST EDITIONS Zone 2

Powdery silver foliage on a compact form add texture and contrast. Spring catkins with bright red stamens can be used for early spring arrangements. Tolerates wet conditions and hard pruning.

H: 3-6' W: 3-6'

Foliage: Silver-blue

Shape: Upright, rounded

Fall Color: Insignificant

Flower: Silver-red catkins

		Each	25+	50+
#257292	#2 Container	25.00	22.50	21.25

WINTERBERRY (Ilex)

Prefer moist, slightly-acidic soil. Use as an accent plant in the landscape. Prune suckers to maintain shape.

Jim Dandy

Ilex verticillata 'Jim Dandy'

Zone 4

Rounded growth habit with deep green foliage and yellow to bronze fall color. Pollinator for 'Red Sprite'. Formerly known as 'Early Male'.

H: 3-6' W: 4-5'

Foliage: Green

Shape: Rounded

Fall Color: Yellow

Flower: Insignificant

		Each	25+	50+
#43135	#2 Container	25.00	22.50	21.25

Red Sprite

Ilex verticillata 'Red Sprite'

Zone 4

'Red Sprite' has inconspicuous white flowers in June and July followed by red berries that persist into winter. Use 'Jim Dandy' for pollination.

H: 2-3' W: 3-4'

Foliage: Green

Shape: Rounded, compact

Fall Color: Yellow

Flower: Insignificant

		Each	25+	50+
#180403	#2 Container	25.00	22.50	21.25

WITCHHAZEL (*Hamamelis*)

Prefer moist, well-amended soil that is acidic. Use as a large border shrub or specimen plant.

Common

Hamamelis virginiana

Large native shrub with coarse-textured leaves that are bright green and turn yellow in fall. Bright yellow spider-like flowers bloom in fall.

H: 15-20' W: 12-15'

Foliage: Green

Shape: Rounded

Fall Color: Yellow

Flower: Yellow

FRUITS, SMALL

NEW FOR 2024

Honeyberry, Berry Blue™
Honeyberry, Borealis

Bachman's offers a wide selection of small fruits. When selecting and planting small fruits, pollination requirements are an important factor to consider. There are two types of pollination; self-pollination and cross-pollination.

Small Fruit Reference Guide

Type	Height	Width	Pollination	Ripen Time
BLUEBERRY				
Chippewa	3-4'	2-3'	Self-pollination	August
Northblue	2-3'	2-3'	Self-pollination	August
Northcountry	2'	3'	Self-pollination	Early-mid August
Polaris	3-4'	3-4'	Cross-pollination	Early-mid August
CURRENT				
Redlake	3-6'	3-4'	Self-pollination	Mid-July
GRAPE				
Marquette	10'	N/A	Self-pollination	Late August
HONEYBERRY				
Berry Blue™	4-5'	4-5'	Cross-pollination	June
Borealis	4-5'	4-5'	Cross-pollination	June
RASPBERRY				
Heritage	3-4'	3-4'	Self-pollination	July-September
RHUBARB				
Canada Red	3'	3'	N/A	April-June
STRAWBERRY				
Summer Breeze Rose	12-16"	12-16"	Self-pollination	June-September

Self-pollination – When the pollen is transferred from the anther to the stigma on the same flower, from another flower on the same plant, or from a flower on another plant of the same variety. Self-pollinated plants are said to be self-fruitful; they do not require cross-pollination by a different variety and bear fruit when one variety is planted alone.

Cross-pollination – Many plants cannot produce fruit from their own pollen and are considered self-unfruitful. These plants require cross-pollination for fruit set. Cross-pollination is the transfer of pollen from one plant to the flower of a genetically different plant or variety.

SMALL FRUITS FOR SPECIAL SITUATIONS

Please note: The following charts are meant to be used as general guides to help with plant selection. Planting success may vary with specific circumstances.

Wild Birds

Almost all plants provide some cover and food for birds throughout the year. Some of the best for providing food and cover, and also add color to the landscape, are:

SUMMER

Grape

FALL

Blueberry
Raspberry

BLUEBERRY (*Vaccinium*)

Blueberries provide excellent interest to the landscape design, both in their flowering and fruiting stages and especially when in the full flush of fall color. Plant in soils that have a pH of less than 6 or conditioned soil with an acidic peat. The plants like consistent moisture, but grow well only in well-drained sites.

Chippewa

Vaccinium 'Chippewa'

A 1996 University of Minnesota introduction. A self-fruitful selection related to 'St. Cloud' with high yields of sweet and juicy berries.

H: 3-4' W: 2-3'

Shape: Upright

Ripen Time: August

#812717 #1 Container

Each	25+	50+
18.95	17.06	16.11

Zone 3

Northblue

Vaccinium 'Northblue'

A 1983 University of Minnesota introduction. Self-fruitful with dark blue berries. Wonderful fall color.

H: 2-3' W: 2-3'

Shape: Mounded

Ripen Time: August

#42459 #1 Container

Each	25+	50+
23.35	21.02	19.85

Zone 4

Northcountry

Vaccinium 'Northcountry'

A 1988 University of Minnesota introduction. Partially self-fruitful with larger berries than 'Northblue' however, fruit production will be better quality and quantity when paired with a cross-pollinator. Wonderful fall color. Flavor is sweet and mild.

H: 2' W: 3'

Shape: Rounded

Ripen Time: Early-mid August

#42466 #1 Container

Each	25+	50+
18.95	17.06	16.11

Zone 3

Polaris

Vaccinium 'Polaris'

A 1996 University of Minnesota introduction. Must be cross-pollinated. Firm, medium-sized, long storing fruit.

H: 3-4' W: 3-4'

Shape: Upright

Ripen Time: Early-mid August

#812724 #1 Container

Each	25+	50+
18.95	17.06	16.11

Zone 3

CURRANT (Ribes)

Prefer fertile, well-drained soil that is slightly-acidic to neutral. Pruning required when dormant to encourage development of vigorous new canes.

Redlake

Ribes 'Redlake'

A 1933 University of Minnesota introduction. Self-fruitful with large, deep red fruits in long clusters. A vigorous and reliable producer.

H: 3-6' W: 3-4'

Shape: Upright

Ripen Time: Mid-July

Zone 3

	Each	25+	50+
#364672 #2 Container	22.95	20.66	19.51

GRAPE (Vitis)

Prefer fertile, well-drained soil that is slightly-acidic. Requires support training for upward growth. Pruning required when dormant to encourage development of vigorous new canes.

Marquette

Vitis 'Marquette' (PP19,579)

A 2006 University of Minnesota introduction. A red wine grape that has been selected for superior hardiness and disease resistance. Tasters have noted an attractive deep red color with desirable aromas of cherry. Does contain seeds.

H: 10'

Shape: Vine

Ripen Time: Late August

Zone 4

	Each	25+	50+
#361972 #2 Container	30.95	27.86	26.31

HONEYBERRY (Lonicera)

Prefer moist, well-drained soil that is slightly-acidic. Plant two varieties for cross-pollination. Prune in late winter removing older limbs to encourage new growth in spring.

Berry Blue™

Lonicera caerulea 'Berry Blue'

Large, sweet, tangy fruit that is packed full of antioxidants. Pollinate with 'Borealis'.

H: 4-5' W: 4-5'

Shape: Upright, mounded

Ripen Time: June

Zone 3

	Each	25+	50+
#364678 #2 Container	30.95	27.86	26.31

Photo courtesy of Nature Hills Nursery

Borealis

Zone 2

Lonicera caerulea 'Borealis'

Fast growing shrub that produces large blueberry-like fruit. Great for fresh eating, baking, jams, and jellies. Pollinate with 'Berry Blue'.

H: 4-5' W: 4-5'

Shape: Upright

Ripen Time: June

	Each	25+	50+
#364676 #2 Container	30.95	27.86	26.31

RASPBERRY (*Rubus*)

Prefer fertile, well-drained soil that is slightly-acidic. Prune in early spring or after harvest to uncrowd canes to allow sunlight and air to penetrate.

Heritage

Rubus 'Heritage'

Zone 4

A 1969 Cornell University introduction. An everbearing red raspberry with vigorous, sturdy canes and firm, medium-sized berries.

H: 3-4' W: 3-4'

Shape: Upright

Ripen Time: July-September

	Each	25+	50+
#42831 #1 Container	16.95	15.26	14.41

RHUBARB (*Rheum*)

Prefer fertile, well-drained soil that is slightly-acidic or neutral. Prune stalks to the ground after they begin to die from frost in late fall or early winter.

Canada Red

Rheum 'Chipman's Canada Red'

Zone 3

Small, dark red stems are very tender and sweet. A heavy producer that is good for sauces and pies.

H: 3' W: 3'

Shape: Spreading

Ripen Time: April-June

	Each	25+	50+
#42916 #2 Container	12.95	11.66	11.01

STRAWBERRY (*Fragaria*)

Prefer fertile, well-drained soil that is slightly-acidic. Cut runners to prevent spread.

Summer Breeze Rose

Fragaria x ananassa

Zone 4

Ornamental, everbearing cultivar with long-lasting pink flowers that produce medium-sized, sweet berries.

H: 12-16" W: 12-16"

Shape: Mounded/spreading

Ripen Time: June-September

	Each	25+	50+

Apple, Fruit Snacks™ Tasty Red™
Apple, Haralson Semi-Dwarf
Apple, Honeygold Semi-Dwarf
Apple, SnowSweet® Semi-Dwarf
Apple, Triumph™ Semi-Dwarf

Bachman's offers a wide selection of fruit trees. When selecting and planting fruit trees, pollination requirements are an important factor to consider. There are two types of pollination; self-pollination and cross-pollination.

All fruit trees require proper pollination in order to produce fruit. For ideal pollination, plant at least two pollen-compatible varieties within 50 feet of one another. It is always best to pollinate fruit trees of the same genus with each other (apples with apples, pears with pears, etc.) but pears can cross-pollinate with apples as long as both trees bloom at the same time. Some, but not all, crabapple trees work for cross-pollination.

FRUIT TREES FOR SPECIAL SITUATIONS

Please note: The following charts are meant to be used as general guides to help with plant selection. Planting success may vary with specific circumstances.

Wild Birds

Almost all plants provide some cover and food for birds throughout the year. Some of the best at providing food and cover and also adding color to the landscape, are:

SUMMER

Cherry

FALL

Plum

Apple Tree Reference Guide

Variety	Height	Width	Pollination	Ripen Time

Frostbite™ Semi-Dwarf	15-18'	10-12'	Cross-pollination	Late September
Fruit Snacks™ Blushing Delight™	8-12'	3-5'	Cross-pollination	September
Fruit Snacks™ Golden Treat™	8-10'	2-3'	Cross-pollination	September
Fruit Snacks™ Tangy Green™	10-14'	3-5'	Cross-pollination	September
Fruit Snacks™ Tasty Red™	8-10'	2-3'	Cross-pollination	September
Haralred® Semi-Dwarf	12-15'	14'	Cross-pollination	Late September
Haralson Semi-Dwarf	12-15'	12-15'	Cross-pollination	September
Honeycrisp Semi-Dwarf	12-15'	14'	Cross-pollination	Early October
Honeygold Semi-Dwarf	12-15'	12-15'	Cross-pollination	September
KinderKrisp Semi-Dwarf	12-15'	14'	Cross-pollination	Mid-late August
SnowSweet® Semi-Dwarf	12-15'	12-15'	Cross-pollination	Mid-September
Triumph™ Semi-Dwarf	12-16'	10-15'	Cross-pollination	Late September
Zestar!® Semi-Dwarf	12-15'	14'	Cross-pollination	Mid-August

Self-pollination - When the pollen is transferred from the anther to the stigma on the same flower, from another flower on the same plant, or from a flower on another plant of the same variety. Self-pollinated plants are said to be self-fruitful; they do not require cross-pollination by a different variety and bear fruit when one variety is planted alone.

Cross-pollination - Many plants cannot produce fruit from their own pollen and are considered self-unfruitful. These plants require cross-pollination for fruit set. Cross-pollination is the transfer of pollen from one plant to the flower of a genetically different plant or variety.

APPLE (*Malus*)

Apple trees are generally not self-fruitful. Use two varieties in each planting for cross-pollination. Varieties with an early bloom period should be planted with other early or mid-season bloomers. Varieties with late bloom periods should be planted with other late or mid-season bloomers.

Chestnut Crabapple

Malus 'Chestnut'

Zone 3

A 1949 University of Minnesota introduction. Large, 2" diameter crabapples ripen in early September. Good flavor and texture for fresh eating and jelly.

H: 20-25' **W:** 25'

Blooms: Mid-season

Fruit: Yellow-red

Fruit Tree Reference Guide

Type	Height	Width	Pollination	Ripen Time
CHERRY				
Bali	15-20'	8-10'	Self-pollination	August
Mesabi	10-14'	8-10'	Self-pollination	Mid-July
North Star	8-10'	8-10'	Self-pollination	Late June
Sweet Cherry Pie™	15'	12'	Self-pollination	Mid-July
PEACH				
Contender	15-20'	10-12'	Self-pollination	Mid-late August
PEAR				
Parker	15'	10-12'	Cross-pollination	Mid-August
Summercrisp	15'	10-12'	Cross-pollination	Mid-August
PLUM				
Black Ice®	8-12'	8-10'	Cross-pollination	Early August
Mount Royal	8-12'	8-10'	Self-pollination	Late August
Superior	15-20'	15-20'	Cross-pollination	Late August
Toka	15-20'	10-12'	Cross-pollination	Mid-August

Self-pollination - When the pollen is transferred from the anther to the stigma on the same flower, from another flower on the same plant, or from a flower on another plant of the same variety. Self-pollinated plants are said to be self-fruitful; they do not require cross-pollination by a different variety and bear fruit when one variety is planted alone.

Cross-pollination - Many plants cannot produce fruit from their own pollen and are considered self-unfruitful. These plants require cross-pollination for fruit set. Cross-pollination is the transfer of pollen from one plant to the flower of a genetically different plant or variety.

CHERRY (*Prunus*)

Prefer fertile, well-drained soil. Lightly prune in late summer or heavily in winter.

Bali

Prunus cerasus 'Evans Bali'

Very hardy with dark red, 1" fruit. Excellent for eating, pies, sauce, and jam. Also known as 'Evans Cherry'. Self-fruitful.

H: 15-20' W: 8-10'

Fruit: Red

Blooms: May

Ripen Time: August

#2695356 #5 Container

Each	10+	25+
80.00	72.00	68.00

Zone 3

Mesabi

Prunus 'Mesabi'

Small-pitted red cherries are less tart than pie cherries but not as sweet as bing cherries. Mature tree has a pyramidal form. Self-fruitful.

H: 10-14' W: 8-10'

Fruit: Red

Blooms: May

Ripen Time: Mid-July

#2219293 #5 Container

Each	10+	25+
80.00	72.00	68.00

Zone 4

North Star

Prunus 'North Star'

Zone 4

A 1950 University of Minnesota introduction. White flowers followed by bright red fruit with a small stone. Very productive. Great for pies, cooking, and freezing. Resists leaf spot and brown rot. Self-fruitful.

H: 8-10' W: 8-10'

Blooms: May

Fruit: Red

Ripen Time: Late June

Each	10+	25+
------	-----	-----

#40646 #5 Container

80.00	72.00	68.00
-------	-------	-------

Sweet Cherry Pie™

Prunus 'Eubank'

FIRST EDITIONS

Zone 4

The large fruit of this sour pie cherry is delightfully sweet and great for making pies, jams, and jellies. A great tree for home orchards, 'Sweet Cherry Pie' is self-fruitful.

H: 15' W: 12'

Blooms: Early May

Fruit: Dark red

Ripen Time: Mid-July

Each	10+	25+
------	-----	-----

#4446895 #5 Container

80.00	72.00	68.00
-------	-------	-------

PEACH (Prunus)

Prefer fertile, well-drained soil. Prune in early spring as pruning in winter can reduce winter hardiness.

Contender

Prunus x 'Contender'

Zone 4

Cold hardiness and tolerance to late spring frosts makes this a good choice for northern climates. Sweet, yellow flesh is excellent for fresh eating, canning, baking, and freezing. Freestone, pit is not attached to the flesh. Self-fruitful.

H: 15-20' W: 10-12'

Blooms: Early May

Fruit: Red-orange

Ripen Time: Mid to late August

Each	10+	25+
------	-----	-----

#103388 #7 Container

#397854 #25 Container

175.00	157.50	
--------	--------	--

PEAR (*Pyrus*)

Prefer fertile, well-drained soil. At least two varieties must be planted to cross-pollinate.

Parker

Pyrus 'Parker'

Zone 3

A 1934 University of Minnesota introduction. Large, 2½ to 3" yellow-bronze fruit is tender and juicy. Vigorous growth habit. Best if picked before fully ripe. Pollinate with 'Summercrisp'.

H: 15' W: 10-12'

Blooms: May

Fruit: Yellow

Ripen Time: Mid-August

#88488 #5 Container

Each	10+	25+
80.00	72.00	68.00

Summercrisp

Pyrus 'Summercrisp'

Zone 3

A 1985 University of Minnesota introduction. Recognized for many years as the hardiest pear for Minnesota. Annual bearer of 2½ to 3" yellow fruit. Harvest in mid-August when crisp and still green. Pollinate with 'Parker'.

H: 15' W: 10-12'

Blooms: May

Fruit: Yellow

Ripen Time: Mid-August

#40806 #5 Container

Each	10+	25+
80.00	72.00	68.00

PLUM (*Prunus*)

Prefer fertile, well-drained soil that is slightly-acidic. Prune mid-summer to prevent fungal infections.

Black Ice®

Prunus 'Lydecker' (PP16,621)

Zone 4

'Black Ice' is a cross between Cherry Plum and Japanese Dessert Plum resulting in large fruit that ripens early. Semi-clingstone, pit is somewhat difficult to remove. Pollinate with 'Toka'.

H: 8-12' W: 8-10'

Blooms: Late April

Fruit: Purple-black

Ripen Time: Early August

#3854882 #5 Container

Each	10+	25+
80.00	72.00	68.00

Mount Royal

Prunus 'Mount Royal'

Zone 4

Blue skin with tender, juicy flesh. Good for eating, jams, and preserves. Freestone, pit is not attached to the flesh. Self-fruitful.

H: 8-12' W: 8-10'

Blooms: May

Fruit: Blue

Ripen Time: Late August

#40905 #5 Container

Each	10+	25+
80.00	72.00	68.00

Superior

Prunus 'Superior'

A 1933 University of Minnesota introduction. Large, red, cone-shaped fruits are sweet and juicy. Flesh is yellow, firm, and meaty. Clingstone, pit clings to the flesh of the fruit. Often sets fruit the first year. Heavy producer. Good pollinator, especially with 'Toka'.

H: 15-20' W: 15-20'

Fruit: Red

Blooms: May

Ripen Time: Late August

Each	10+	25+
80.00	72.00	68.00

#40950 #5 Container

Zone 4

40 Years and Growing at the Nursery

Working at the loading dock - 1999

Trees

Growing trees has always been a mainstay for Bachman's Wholesale with 340 acres of in-ground tree production, accompanied by additional container production. Bachman's offers sizes ranging from #5 containers to balled and burlapped (B&B) and all the way up to 5" caliper tree spade specimens.

Bachman's Field Direct programs for both spring and fall offer opportunities for huge savings and product security. Key dates for each program are listed below – contact your sales representative for more information:

Spring Field Direct:

Place your order October-March to secure product for April/May harvest.

Fall Field Direct:

Place your order July-October for October/November harvest.

ALDER (*Alnus*)

Very adaptable to a wide range of soils as long as they are moist. Plant on east or north side of home to protect from hot afternoon sun. Plant along river beds to help with soil erosion. Growth rate is moderate to fast.

Prairie Horizon®

Alnus hirsuta 'Harbin'

A specimen tree with strong upright growth, dark green foliage, and smooth gray beech-like bark. Decorative purple catkins in spring are followed by clusters of brown cone-like strobiles. Rapid growing tree tolerates both wet and dry sites.

H: 30-40' W: 20-30'

Shape: Upright

Flower: Catkins

#386428 #15 Container

Fruit: Strobile

Foliage: Green

Fall Color: Yellow

Each

175.00

285.00

Zone 4

Spaeth's

Alnus x spaethii

A hybrid cross between a Japanese Alder and a Caucasian Alder with large, serrated, coppery-purple leaves that emerge in spring and mature to glossy, dark green. Pollution-tolerant.

H: 40-50' W: 25-30'

Shape: Broad, pyramidal

Flower: Catkins

#364256 2" BB

Fruit: Strobile

Foliage: Green

Fall Color: Yellow-orange

Each

335.00

Zone 4

ASPEN (*Populus*)

Prefer moist soil with full sun. Shade-intolerant. Use to create a screen, for erosion control, or as a stand alone specimen. Rapid growth allows for fast establishment.

Mountain Sentinel®

Populus tremuloides 'JFS-Column'

Extremely narrow, upright form with ascending branches. It has the same silvery-gray bark, trembling leaves, and golden-yellow fall color as Minnesota's native aspen.

H: 35' W: 8'

Shape: Columnar

Flower: Catkins

#71310 #15 Container

Fruit: Capsule

Foliage: Green

Fall Color: Yellow

Each

220.00

Zone 3

Quaking

Populus tremuloides

Zone 2

A native tree with a narrow, pyramidal growth habit when young, becoming more rounded as it matures. Leaves are light green above and silvery-green beneath. Tolerates a wide range of soil types. Good in naturalistic groupings.

H: 40-60' W: 20-30'

Shape: Pyramidal, rounded

Flower: Catkins

Fruit: Capsule

Foliage: Light green

Summer Shimmer®

Populus tremuloides 'Klaus Select'

Zone 3

A selection of Quaking Aspen with a narrow, pyramidal form when young that becomes more rounded with maturity. Leaves are light green on top with silvery-green undersides that flash in the sunlight making them "shimmer".

This selection is found to be resistant to black spot.

H: 30-40' W: 15-20'

Fruit: Capsule

Shape: Upright, rounded

BEECH (*Carpinus*, *Fagus*)

Prefer moist, fertile, well-drained acidic soil. Use as a shade tree or a focal point in the landscape. Avoid planting near hardscape surfaces as the shallow, powerful roots will destroy the pavement. Growth rate is slow to medium.

Blue

Carpinus caroliniana

Zone 3

Native tree commonly called 'Musclewood' due to its branch and trunk form. Fluted muscle-like bark is smooth and bluish-gray providing multiple seasons of interest. Fruits are three-lobed bracts. Shade-tolerant.

H: 20-30' W: 30'

Fruit: Nutlet

Shape: Rounded

Foliage: Dark green

Flower: Catkins

Fall Color: Orange to red

Zone 4

FRINGETREE (*Chionanthus*)

Prefer moist, fertile, well-drained soil. Use in groupings, shrub borders, or as specimens as they are very adaptable to difficult sites and air pollution. Growth rate is very slow.

White Clump

Chionanthus virginicus var. *maritimus*

Beautiful specimen tree with a rounded, spreading habit. Showy, fragrant white flower panicles in late spring followed by blue fruit. Prefers rich, moist, acidic soil, but is adaptable to most soil types.

H: 12-20' W: 12-20'

Shape: Rounded, spreading

Flower: White

Fruit: Blue, ½"

Foliage: Green

Fall Color: Yellow

		Each	10+
#72374	#15 Container	195.00	175.50

Zone 4

GINKGO (Maidenhair Tree)

Prefer moist, fertile, well-drained soil. Use as a shade tree, specimen tree, or street tree. Excellent tolerance to air pollution, drought, pests, and road salt. Growth rate is medium.

Autumn Gold

Ginkgo biloba 'Autumn Gold'

Zone 4

A broadly pyramidal tree with furrowed gray-brown bark. Unique, fan-shaped, bright green leaves change to yellow in fall. Pest-resistant and tolerant of urban conditions. Non-fruiting male selection.

H: 50' W: 30'

Fruit: Seedless

Shape: Pyramidal, broad

Foliage: Green

Flower: Insignificant

Fall Color: Yellow

		Each	10+	25+

Goldspire

Ginkgo biloba 'Blagon'

Zone 4

Densley branched, narrow ginkgo with fan-shaped foliage that emerges a rich green then turns shades of golden yellow in fall. Tolerates urban smog and drought. Disease and pest-resistant.

H: 45' W: 12'

Fruit: Seedless

Shape: Narrow, columnar

Foliage: Green

Flower: Insignificant

Fall Color: Yellow

		Each	10+	25+
#394930	#10 Container	239.00	215.10	203.15

Jade Butterfly Tree

Ginkgo biloba 'Jade Butterfly'

Zone 4

A dwarf, vase-shaped ginkgo with bright green leaves and lovely golden fall colors. Bright yellow flowers appear in mid-spring. Its slow-growing, dense habit makes it a striking specimen.

H: 15' W: 10'

Shape: Upright, vase-shaped

Flower: Yellow

Fruit: Seedless

Foliage: Green

Fall Color: Golden

		Each	10+	25+

#291600	48" BB	295.00		

Presidential Gold®

Ginkgo biloba 'The President'

Zone 4

An outstanding seedless cultivar selected by Dr. Durr for its strong central leader and full branching structure at a young age. With maturity it develops a dense upright crown. Great fall color.

H: 50' W: 40'

Shape: Pyramidal, broad

Flower: Insignificant

Fruit: Seedless

Foliage: Green

Fall Color: Yellow

		Each	10+	25+
#284610	#10 Container	239.00	215.10	203.15

#330750	2½" BB	675.00		

Princeton Sentry®

Ginkgo biloba 'Princeton Sentry'

Zone 4

One of the best upright ginkgo cultivars with a slender, pyramidal form. Non-fruiting male selection.

H: 40-60' W: 20-30'

Shape: Pyramidal, upright

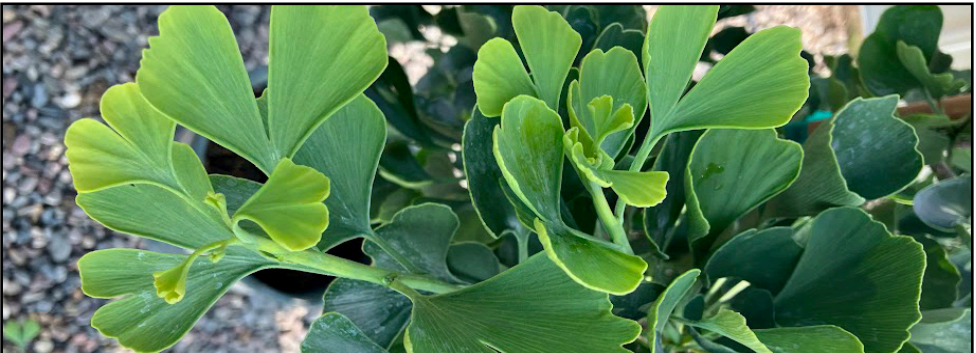

Flower: Insignificant

Fruit: Seedless

Foliage: Green

Fall Color: Yellow

		Each	10+	25+
#2571032	#25 Container	420.00	378.00	357.00
#522289	2" BB	600.00	540.00	
#3189281	2½" BB	675.00	607.50	

HACKBERRY (*Celtis*)

Very adaptable to a wide range of soils. Use for boulevards, parks, windbreaks, or ornamental landscapes. Growth rate is medium to fast.

Hackberry

Celtis occidentalis

Zone 2

Fast-growing native tree with unique gray, corky bark. Tolerant of harsh urban conditions.

H: 50-75' W: 50'

Shape: Rounded, broad

Flower: Insignificant

Fruit: Purple, 1/3", persistent

Foliage: Green

Fall Color: Yellow

		Each	10+	25+
#41735	#10 Container	130.00	117.00	110.50
#1280027	#25 Container	279.00	251.10	237.15

#24516	3½" BB	325.00		

Prairie Sentinel®

Celtis occidentalis 'JFS-KSU1'

Zone 4

Columnar growth habit makes it ideal for tight places. Tough tree that is drought tolerant and great for urban sites.

H: 45' W: 12'

Shape: Columnar

Flower: Insignificant

Fruit: Purple, 1/3"

Foliage: Green

Fall Color: Yellow

		Each	10+
#4045234	#10 Container	160.00	144.00
#291190	#15 Container	190.00	
#132842	2" BB	230.00	

HAWTHORN (*Crataegus*)

Very adaptable to a wide range of soils and conditions as long as it is well-drained. Extremely versatile. Use for privacy screens, accents, next to the house, or in the middle of the yard. Growth rate is slow.

Russian

Crataegus ambigua

Zone 4

White flowers emerge in spring on twisting branches with short, thin thorns. Soft green leaves turn shades of yellow, orange, and red in fall. Produces red berries that persist into winter. Drought tolerant. Deer resistant.

H: 15-18' W: 15-20'

Shape: Rounded

Flower: White

Fruit: Red, 3/8"

Foliage: Green

Fall Color: Orange/red/yellow

		Each
#824529	1¾" BB	315.00
#2065333	6" BB	235.00

Thornless

Zone 4

Crataegus crus-galli var. inermis ☀️

A small, thornless tree with densely set, horizontal branches. Glossy green leaves turn bronze-red to purple-red in fall. White flower clusters bloom in spring followed by showy red fruit in fall. Pollution and drought tolerant.

H: 15-20' W: 15-20'

Fruit: Red, 3/8"

Shape: Rounded, spreading

Foliage: Dark green

Flower: White

Fall Color: Bronze-red

		Each	10+	25+

*Available Late Summer

HEPTACODIUM (Seven-Son flower)

Prefer moist, fertile, well-drained soil. Use to create a border, accent, or as a specimen plant. Growth rate is fast.

Seven-Son Flower Clump

Zone 5

Heptacodium miconioides ☀️/☔️

Unusual plant noted for its fragrant white flower panicles that bloom in September. Upright, arching habit with gray-brown exfoliating bark. Winter protection recommended.

H: 15-20' W: 10-15'

Fruit: Capsule

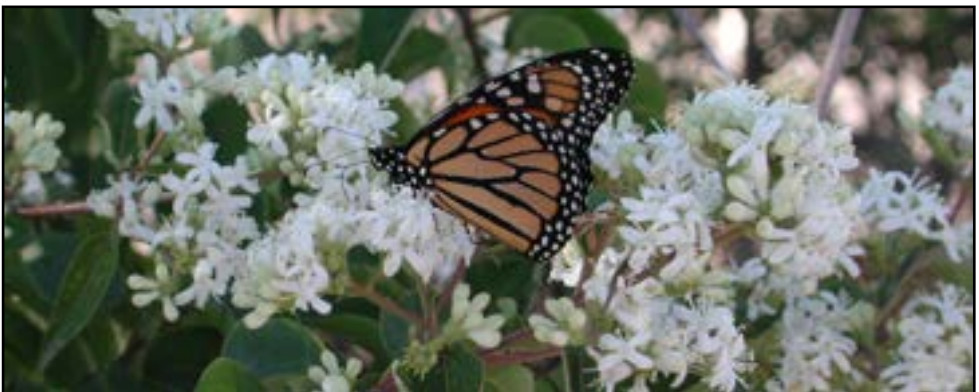

Shape: Upright, arching

Foliage: Green

Flower: White

Fall Color: Yellow

		Each
#4394578	6' BB	245.00

HICKORY (*Carya*)

Very adaptable to a wide range of soils as long as they are well-drained. Use as a shade tree or specimen. Growth rate is slow and takes 10 to 15 years to produce nuts.

Shagbark

Carya ovata

Zone 4

High-branching, native, with a straight, slender trunk and a narrow crown. Bark hangs in long strips on older trees, which provides additional interest in the landscape.

H: 60-80' W: 50-70'
 Shape: Irregular, oval
 Flower: Insignificant

Fruit: Nut
 Foliage: Green
 Fall Color: Yellow

		Each	10+
#394932	1½" BB	245.00	220.00
#310266	1¾" BB	315.00	

HONEYLOCUST (*Gleditsia*)

Prefer moist, fertile, well-drained soil. Use as street trees or shade trees. Growth rate is fast.

Imperial®

Gleditsia triacanthos var. inermis 'Impcole'

Zone 4

Fast-growing tree with horizontal branching. Delicate, compound, bright green leaves turn yellow in fall. Salt and drought tolerant.

H: 30-35' W: 30-35'
 Shape: Rounded, spreading
 Flower: Insignificant

Fruit: Seedless
 Foliage: Green
 Fall Color: Yellow

		Each	10+	25+
#24738	2" BB	255.00	229.50	216.75

#3901159	3" BB	375.00		

HYDRANGEA

Prefer moist, fertile, well-drained soil. Large, beautiful flower blooms add vivid color to the landscape. Growth rate is fast.

Berry White Tree

FIRST EDITIONS Zone 3

Hydrangea paniculata 'Renba' (PP28,509) ☀️/☔️

A small tree with stunning blooms that start white in early July and progress to dark pink as they mature.

H: 8-10' W: 4-5'

Fruit: Capsule

Shape: Upright

Foliage: Green

Flower: White-pink

Fall Color: Insignificant

		Each	10+	25+
#290984	#7 Container	110.00	99.00	93.50
#394934	#10 Container	145.00	140.50	123.25

Limelight Tree

PW Zone 3

Hydrangea paniculata 'Limelight' (PP12,874)

A small tree with large, dense, bright lime-green flowers that change to a rich deep pink in fall. Very vigorous and floriferous.

H: 8-10' W: 5-7'

Fruit: Capsule

Shape: Rounded

Foliage: Green

Flower: Lime green

Fall Color: Insignificant

		Each	10+	25+
#332912	#5 Container	105.00	94.50	89.25
#2738596	#7 Container	110.00	99.00	93.50

#335122	48" Head BB	315.00		

Little Lime Tree

Zone 3

Hydrangea paniculata 'Jane' (PP22,330)

A small tree with flowers similar to 'Limelight' but staying about one third of the size of the original.

H: 6-8' W: 3-5'

Fruit: Insignificant

Shape: Upright

Foliage: Green

Flower: Lime green

Fall Color: Insignificant

		Each	10+	25+
#243316	#7 Container	110.00	99.00	93.50

Pinky Winky™ Tree

PW Zone 4

Hydrangea paniculata 'DVP Pinky' (PP16,166)

A small tree with two-toned flower heads. Large 12-16" flowers emerge white then turn pink. The dark green foliage provides a great contrast for the flowers.

H: 8-10' W: 6-8'

Fruit: Capsule

Shape: Rounded

Foliage: Green

Flower: White-pink

Fall Color: Insignificant

		Each	10+	25+
#332914	#5 Container	105.00	94.50	89.25

#394936	30" Head BB	275.00	247.50	

Vanilla Strawberry™ Tree

FIRST EDITIONS Zone 4

Hydrangea paniculata 'Renhy' (PP20,670)

A small tree with flowers that emerge white in midsummer, then change to pink and finish strawberry red. New blooms give the plant a multi-colored effect in late summer and early fall.

H: 8-10' W: 4-5'

Fruit: Capsule

Shape: Upright

Foliage: Green

Flower: White-pink

Fall Color: Insignificant

		Each	10+	25+
#72318	#7 Container	110.00	99.00	93.50
#173226	#10 Container	130.00	117.00	110.50

IRONWOOD (*Ostrya*)

Prefer moist, well-drained, slightly-acidic soil. Use as a specimen tree or shade tree. Growth rate is slow.

Ironwood

Zone 3

Ostrya virginiana

A native tree with gray bark and a slender branching habit. Catkins in spring are followed by small fruit resembling hops. Prefers rich, moist, well-drained, slightly-acidic soil, but will tolerate dry sites. Also known as Hophornbeam.

H: 30-50' W: 25'

Fruit: Nutlet

Shape: Broad, oval

Foliage: Green

Flower: Catkins

Fall Color: Yellow

		Each	10+	25+
#570150	#10 Container	175.00	157.50	148.75

#818771	10' BB	325.00		

Autumn Treasure®

Ostrya virginiana 'JFS-KW5'

Upright, narrow pyramidal tree with dark green leaves that turn yellow in fall then drop cleanly and completely.

H: 40' W: 20'

Shape: Upright, pyramidal

Flower: Catkins

Fruit: Nutlet

Foliage: Dark green

Fall Color: Golden-yellow

Each

#363628 #10 Container

165.00

Zone 4

KATSURA (*Cercidiphyllum*)

Prefer moist, fertile, well-drained soil that is slightly-acidic to neutral. Use as a specimen tree or screen. Growth rate is medium to fast.

Katsura Clump

Cercidiphyllum japonicum

Delicate heart-shaped foliage emerges bronze then matures blue-green.

Foliage stays clean and has a great apricot-orange to yellow fall color. Winter protection recommended.

H: 15' W: 10-15'

Shape: Rounded

Flower: Insignificant

Fruit: Insignificant

Foliage: Blue-green

Fall Color: Yellow-orange

Each

Greenspire®

Tilia cordata 'Greenspire'

Zone 4

A cultivar of Littleleaf Linden selected for its symmetrical, pyramidal growth habit. Fragrant, creamy-yellow flowers are followed by a small nutlet. Tolerant of urban conditions.

H: 40-50' W: 30-35'

Shape: Pyramidal

Flower: Yellow

Fruit: Nutlet

Foliage: Dark green

Fall Color: Yellow

		Each	10+	25+

Harvest Gold

Tilia mongolica 'Harvest Gold' (PP12,232)

Zone 2

A hardy hybrid of Littleleaf and Mongolian Linden developed in Manitoba, Canada. Deeply-cut green leaves that turn yellow in fall and exfoliating bark makes this a unique selection.

H: 30-40' W: 25-30'

Shape: Upright, oval

Flower: Yellow

Fruit: Nutlet

Foliage: Green

Fall Color: Golden-yellow

		Each	10+	25+

MAACKIA

Prefer medium-moist, well-drained soil but is adaptable to a wide range of soil conditions. Use as a small shade or street tree. Growth rate is slow to medium.

Amur

Maackia amurensis

Zone 4

An interesting ornamental tree with dark green, compound leaves and dark brown to grayish-brown bark. White flowers bloom in midsummer followed by small seed pods.

H: 20-30' W: 20-30'

Shape: Rounded

Flower: Green-white

Fruit: Pod

Foliage: Green

Fall Color: Insignificant

		Each
#1377949	1¾" BB	345.00
#2924241	2" BB	395.00

MAPLE (Acer)

Very adaptable to a variety of soil conditions. Extremely tolerant to urban pollution. Excellent fall color brightens up the landscape. Use as a specimen plant, street, or shade tree. Growth rate is dependent on species, but generally medium to fast.

Amur Flame

Acer ginnala 'Flame'

An Amur Maple selected for its brilliant red fall color. Fragrant, yellow-white flowers bloom in small clusters in May, followed by persistent, showy red fruit. Prefers moist, well-drained soil.

H: 15-20' W: 15-20'

Autumn Radiance®

Zone 4

Acer rubrum 'Autumn Radiance'

A cross between 'October Glory®' and 'Red Sunset®' that has a uniform growth habit with an open, rounded form. Consistent, stunning orange-red fall color that is about two weeks earlier than most Red Maples. Showy, red flowers along the branches in early spring are offset by its furrowed, silver bark.

Zone 4

Scarlet Letter™

Quercus robur x alba 'Scarlet Letter'

Zone 4

Upright, columnar English and White Oak hybrid with bright green leaves that turn scarlet in the fall. Very similar to 'Crimson Spire'.

H: 40' W: 15'

Fruit: Acorn

Shape: Upright

Foliage: Green

Flower: Insignificant

Fall Color: Scarlet

		Each	10+	25+

Skinny Genes

Quercus x bimendorum 'JFS-KW2QX' (PP24,442)

Zone 4

Columnar and fastigate in form, it is the narrowest of the English and White Oak hybrids. Glossy, green leaves turn yellow in autumn.

H: 45' W: 5-10'

Fruit: Acorn

Shape: Columnar

Foliage: Dark green

Flower: Insignificant

Fall Color: Yellow

Streetspire

Quercus x bimendorum 'JFS-KW1QX'

Zone 4

Stiff, upright branches hold dark green leaves that turn a rusty-red in fall. The narrow columnar form and short uplifting branches provide a storm-resistant structure. Mildew resistant. Similar to 'Crimson Spire', but will lose its foliage in winter.

H: 45' W: 14'

Fruit: Acorn

Shape: Narrow, columnar

Foliage: Dark Green

Flower: Insignificant

Fall Color: Rust-red

Swamp White

Quercus bicolor

Zone 4

A fast-growing native oak with flaky, gray-brown bark. Will tolerate drought and heavy, poorly-drained soil. Requires acidic soil. Resistant to oak wilt.

H: 50-60' W: 40-50'

Fruit: Acorn

Shape: Rounded

Foliage: Dark green

Flower: Insignificant

Urban Pinnacle®

Quercus macrocarpa 'JFS-KW3' (PP22,815)

Zone 3

Narrow and upright with a strong leader, this cultivar has glossy foliage and is disease resistant. The acorns are much smaller than other Bur Oaks making this cultivar more suitable for landscape and street use.

H: 55' W: 25'

Fruit: Acorn

Shape: Pyramidal, oval

Foliage: Dark green

Flower: Insignificant

Fall Color: Yellow

		Each	10+

White

Quercus alba

Zone 3

A large, slow-growing native oak that is pyramidal when young, becoming more wide-spreading with age. Dark green, round-lobed leaves turn purple-red to bronze-red in fall. Prefers moist, well-drained, acidic soils. Resistant to oak wilt.

H: 60-80' W: 60-80'

Fruit: Acorn

Shape: Rounded, broad

Foliage: Dark green

Flower: Insignificant

Fall Color: Purple-red

POPLAR (*Populus*)

Prefer moist, well-drained soil. Use in open areas for shade, shelterbelts, or windbreaks. Growth rate is extremely fast, so is their root system, which can be damaging if planted too close to buildings, foundations, or other structures.

Siouxland

Populus deltoides 'Siouxland'

Zone 3

A fast-growing tree with a rounded habit suitable for large, open spaces. Tolerant of moist conditions. Also known as 'Cottonless Cottonwood'.

H: 70-90' W: 40'

Fruit: Seedless

Shape: Rounded

Foliage: Dark green

Flower: Insignificant

Fall Color: Insignificant

REDBUD (*Cercis*)

Prefer moist, well-drained soil. Use as a specimen tree, along driveways, streets, lawns or patios to add striking spring color. Growth rate is medium.

Northern

Cercis canadensis

Zone 4

Rose-pink flowers emerge before the leaves appear followed by fruit pods in May. Plant in a protected area.

H: 20-30' W: 20-25'

Fruit: Pod

Shape: Rounded

Foliage: Green

Flower: Rose-pink

SERVICEBERRY (Amelanchier)

Prefer moist, well-drained soil. Use as a specimen tree, street tree, a privacy screen, border, or backdrop. Growth rate is medium.

Autumn Brilliance™

Amelanchier x grandiflora 'Autumn Brilliance'

Zone 3

An ornamental tree that becomes rounded with age. White flowers bloom in abundance in spring, followed by edible, sweet, purple-black fruit. Clean summer foliage turns a brilliant red in fall. Prefers acidic soil.

H: 20-25' W: 15'

Fruit: Purple-black, ¼"

Shape: Upright, rounded

Foliage: Blue-green

Flower: White

Fall Color: Red

		Each	10+	25+

Spring Flurry®

Amelanchier laevis 'JFS-Arb' (PP15,304)

Zone 4

A serviceberry with exceptional form, dominant central leader and an upward scaffold-like branching pattern on a single stem. An amelanchier street tree.

H: 28' W: 20'

Fruit: Purple-blue

Shape: Upright, oval

Foliage: Green

Flower: White

Fall Color: Orange

		Each	10+	25+
#394992	#7 Container	145.00	130.50

#257052	2" BB	375.00	337.50	

SYCAMORE (Platanus)

Prefer moist, fertile, well-drained soil. Use as shade trees in parks or in any large open areas. Plant away from sidewalks and buildings, as roots can be destructive. Growth rate is fast.

Exclamation!™

Platanus x acerifolia 'Morton Circle'

Zone 4

Dense branching, vigorous growth, and disease resistance makes this planetree a superior choice. Exquisite, exfoliating bark provides interest all year long. 'Exclamation!' exhibits less fruiting than other varieties of sycamore.

H: 60' W: 45'

Fruit: Achene

Shape: Upright, pyramidal

Foliage: Green

Flower: Insignificant

Fall Color: Yellow

		Each	10+	25+

TULIP TREE (Liriodendron)

Prefer moist, fertile, well-drained soil. Use in large open areas. Growth rate is fast.

Tulip Tree

Liriodendron tulipifera

Zone 5

Large, fast-growing tree that is pyramidal when young, becoming more oval to rounded with age. Showy, tulip-shaped, green-yellow flowers bloom in spring, followed by cone-shaped samara clusters. Winter protection recommended.

H: 60-80' W: 30-50'

Fruit: Samara

Shape: Oval

Foliage: Green-yellow

Flower: Green-yellow

Fall Color: Yellow

TUPELO (*Nyssa*)

Prefer moist, fertile, well-drained soil that is acidic. Use as shade or street trees. Will not tolerate soil or air pollution. Growth rate is slow to medium.

Wildfire

Nyssa sylvatica 'Wildfire'

This Tupelo is prized for its brilliant foliage. The new growth emerges red in spring and finishes the season with yellow-orange to purplish red. Broad pyramidal to oval shape. Winter protection recommended.

H: 30-50' W: 20-30'

Shape: Pyramidal

Flower: Insignificant

Fruit: Blue-black, 1/2"

Foliage: Green

Fall Color: Yellow-orange

VIBURNUM

Prefer moist, fertile, well-drained soil that is acidic. Use as shade or street trees. Will not tolerate soil or air pollution. Growth rate is slow to medium.

Forest Rouge™ Clump

Viburnum prunifolium 'McKRouge'

An improved selection of 'Blackhaw' that has dense upright branching. Fall color starts transitioning in August, when the foliage turns from dark green to burgundy and purple. Branches sport blue-black fruit throughout winter.

H: 10-12' W: 6-8'

Shape: Upright, oval

Flower: White

Fruit: Blue-black, persistent

Foliage: Green

Fall Color: Purple

WALNUT (*Juglans*)

Prefer moist, fertile, well-drained soil. Use as a shade tree. Growth rate is fast.

Black

Juglans nigra

Zone 4

A large, native shade tree that develops a rounded, open crown with age. Care should be given when choosing a planting site due to the ultimate size of the tree and the toxic chemical juglone produced by the roots. This chemical can be toxic to certain plants.

H: 50-75' W: 30-50'

Fruit: Nut

Shape: Rounded

Foliage: Green

Flower: Green or pink

Fall Color: Yellow

1 yard	= 0.9 meters	1 kilometer	= 0.6 mile

Plant Spacing Guide

Quantity of Plants Needed

Spacing	100 Square Feet	200 Square Feet	500 Square Feet	1,000 Square Feet
6" On Center	400	800	2,000	4,000
8" On Center	225	450	1,125	2,250
10" On Center	144	288	720	1,440
12" On Center	100	200	500	1,000
15" On Center	64	128	320	640
18" On Center	44	89	222	444
21" On Center	33	65	163	327
24" On Center	25	50	125	250
36" On Center	11	22	56	111

Quantity of Plants Needed = (Planting Area Square Feet) x (144/Spacing Inches²)

To Calculate Number of Cubic Yards of Material Needed

Depth Of Material When Installed	Divide Square Feet Of Installation By	
1"	324	= Cubic Yards Needed
2"	162	= Cubic Yards Needed
3"	108	= Cubic Yards Needed
4"	81	= Cubic Yards Needed
5"	67	= Cubic Yards Needed
6"	54	= Cubic Yards Needed
8"	40	= Cubic Yards Needed
12"	27	= Cubic Yards Needed

Example: For an installation of mulch in a 20' x 30' area (600 square feet) with a 3" coverage of mulch, divide 600 by 108 for a result of 5.55 (or approximately 5½) yards of mulch needed.

Mulch Coverage Guide

Quantity in Cubic Yards	2 Cubic Foot Bags	3 Cubic Foot Bags	Coverage in Square Feet		
			1" Depth	2" Depth	4" Depth
½	6¾	4½	160	80	40
1	13½	9	320	160	80
2	27	18	640	320	160
3	40½	27	970	480	240
4	54	36	1,290	640	320
5	67½	45	1,620	810	400
6	81	54	1,940	970	480
7	94½	63	2,260	1,130	560
8	108	72	2,590	1,290	640
9	121½	81	2,910	1,450	720
10	135	90	3,240	1,620	810

Bachman's Fundraising

Grower-Direct Program

Trying to raise money for your school, church, or nonprofit organization? Bachman's is happy to support local organizations like yours through our grower-direct fundraising programs.

We offer Bachman's product at a discounted, grower-direct rate so that you can sell it at a higher price point in fundraising drives. You keep all the profit!

WATCH 'EM GROW® BULB GARDENS

Created by Bachman's, our Watch 'em Grow® bulb gardens are filled with a colorful combination of spring bulbs like tulips, hyacinths, daffodils, and more that burst into bloom with water and sunshine.

SPRING AND EASTER

Our Spring and Easter program offers a beautiful array of blooming plants and Bachman's-grown Easter lilies.

GARDEN ANNUALS AND PERENNIALS

Our Garden Annuals and Perennials program offers a delightful mix of annual and perennial blooming plants.

FALL

Our Fall program offers our most popular selection of garden mums, ornamental kale, and combination baskets.

HOLIDAY

Our Holiday program offers the best-selling assortment of Bachman's-grown poinsettias. As one of the top producers of poinsettias in the country, the Bachman family has been growing and selling these beautiful plants since the 1940's.
